Important Information for Correspondents and Customers

WE RESPECTFULLY CALL ATTENTION TO THE SUGGESTIONS ON THESE PAGES, WHICH, IF FOLLOWED, WILL AID IN THE PROMPT AND SATISFACTORY EXECUTION OF YOUR ORDERS

The Glory of the Garden

It is a common saying that the love of flowers is universal, and considering that the tendency of the age seems to be to subdivide occupations and interests, it is not surprising that many of us should find practically all of our leisure time given to the study and cultivation of flowers. The stress of common life finds much relaxation in the flower garden which affords varied interest, exercise and pleasure the year round, and then we find there is much encouragement in the work of one's own hands. Not only does personal work make one's garden seem better and more attractive but out of it develops a keen interest in comparison and competition. It is a happy thought for us all that out of the smallest plot of ground one can raise the finest flowers that can be grown.

Comparative Value of Roses

Don't think any Rose too small to do well. The roots of one-year plants being carefully protected in pots, permits of the shipping and successful planting anywhere. Roses of this size are to be recommended for all Rose-growing sections. If you wish the largest and best Roses for quick effect, then Roses of the two-year size from four to five-inch pots are to be recommended.

Advantage of Pot Grown Roses

There is another advantage in planting pot-grown Roses; namely, that they can be planted at any time of the year. The ball of earth contains all of the fine fibrous roots, and when the plants are shipped transplanting can be done with no more injury to the plant than if the Rose had simply been removed to a larger sized pot. The growth continues just the same and the roots do not have to establish themselves, as is the case with the dormant plants. The pot-grown Rose, therefore, has many advantages over other Roses.

Springfield, Ohio, U. S. A.

is headquarters in the United States for the growing and shipping of plants, and is the greatest Rose producing center in the world. It is centrally located, geographically, with three express companies—American, Adams, and Wells Fargo—which connect with all others, and has unequalled facilities for receiving and shipping orders.

Why We Can Save You Money

Our goods are grown in large quantities for wholesale purposes. Our retail prices are based on our large production, giving our retail customers an easily appreciated advantage. By adopting the plan, special offers and collections, and as our sales to you are by mail, we reduce our selling expense to a minimum.

Our Prices

will compare favorably, we believe, with those of any responsible firm in the United States. Every order carries our guarantee of satisfaction and safe delivery.

If You Wish Orders Held

Be sure to say so, then we can book your order until proper time to ship; otherwise we assume order is wanted at once.

Postage Stamps

These can be sent for fractional parts of \$1.00, or when Postoffice orders cannot be had, provided two cents in stamps extra are sent with every remittance. Send perfect stamps only.

Remittance with Order

Please send sufficient money to cover your entire order. The safest way is by means of postoffice order. If these are lost a duplicate can easily be obtained, and there is no danger of their being stolen, for no one can obtain money on them except the person to whom they are addressed. They can be obtained at all postoffices. The fee is but five cents for \$5.00 and under.

Shipment of Plants

Mailable plants, bulbs, and seeds are sent by parcels post mail. All such plants delivered postpaid. Express size plants travel at special express rates from Springfield at from 25 to 33 1-3 per cent less than regular rates.

Garden by McGregor's Guide

Valuable new book. It contains a great deal of practical information, told in a clear, simple way, on the growing, care and management, in the house or garden, of many beautiful flowers. It tells all about Soil and Its Preparation, Treatment of Plants When Received, Potting of Plants, Watering of Plants, Indoors and Out, Plants in the House in Winter, Propagating, Temperature, How, When and Where to Plant, Window Boxes, Hotbeds, Cold Frames, Pits, Sowing Seeds, etc., Fertilizers and Manures, Diseases of Plants, Insects, Protection During Winter. Price, 25c postpaid, or free on request with an order amounting to \$2.00.

Our Nursery Department

is separate and distinct from our greenhouse, and it is necessary, therefore, that all items from this department (pages 117-119) be shipped direct from our nursery under separate transportation charges.

Errors and Complaints

We exercise the utmost care in filling orders, striving to do a little more than we offer, yet in the press of business, errors sometimes occur, and when orders are received that are in any way damaged or unsatisfactory, we wish to be promptly notified and will make satisfactory adjustment.

Fall Catalog

of imported bulbs, plants, and seeds for fall planting and winter bloom will be ready about Sept. 1, and will be sent to all our patrons this year without request; to others, free on application.

Premiums

Our terms being cash with the order enables us to give additional plants, bulbs, and seeds on orders amounting to \$1.00 or more, as follows: On \$1.00 worth of goods bought at single Plant, Bulb, or packet prices, select plants, bulbs or seeds to the value of 20 cents extra. On a \$2.00 order select 40 cts. extra. On a \$3.00 order select 60 cents extra. On a \$4.00 order select 80 cents extra. Larger orders, premiums in proportion. Premiums cannot be allowed on Special Offers, Collections, or goods bought at dozen rate, or Seeds in bulk, or on Nursery Department. The above additional premiums will be allowed on mail and express orders in proportion.

Suggestions for Growing Roses

A GARDEN OF ROSES, GRAND IN FORM, COLOR AND SIZE

Rose Culture

Roses are grown more largely perhaps, than any other class of plants, and for this reason the best methods of culture should be widely disseminated. They are grown in vast numbers under glass in winter, but the greater part by far are planted out for summer blooming; hence more space will be devoted to detailing methods of garden culture.

When Shipment is Received When plants are received it is well to give careful attention to the protection of the roots until they are planted. Drying of the roots by winds is fatal. Dipping the roots in a thin slushy mud is an advantage and which thoroughly protects the roots from the air. When setting the plants in the ground see that the soil is firmed about them well and protect the plants from the direct rays of the sun for a couple of days. When own root pot plants are purchased, with full ball of earth, protection from the sun is not wholly necessary. Water thoroughly after you have made the planting, then cultivate regularly. (See Guide.)

Planting and the Soil Roses must be planted in the right place and in the right manner to secure any degree of success. They should never be planted where they will be shaded too much. Under trees is no place for them, nor among shrubbery. The best place is in a well-drained part of the garden where they get the sun during the whole morning and partly in the afternoon. The Rose, as well as all other plants, must have plenty of sun in order to produce flowers, and this fact should never be lost sight of in planting. Naturally damp, soggy ground should never be selected for planting, a well-drained soil being necessary. If the soil is inclined to be poor, the addition of some well-rotted cow or horse manure will be of great benefit. The plants should be set from one to two feet apart. Plants set out with cramped roots never do as well as those having plenty of root room. (See Guide.)

Watering Should spring and summer prove dry, syringing of the foliage of the plants and watering of the soil regularly is necessary. The ground around all newly planted Roses should be well saturated once a week. Diluted liquid manure can be used when the plants have become well established. (See Guide.)

Fertilizing The Rose is a very gross feeder, and will consequently require a liberal supply of manure. The best manure is unquestionably farmyard manure. In light soils cow or pig manure will do. In heavy soil, stable manure, with the addition of cow or pig manure—and, if procurable, some leaf soil—is the best, as this helps to lighten the soil and keep it open. In all cases the manure should be well decomposed, as fresh manure will burn the roots. Bone meal is an excellent fertilizer (see page 36.) (See Guide.)

Insects Insects are divided into two classes. First, the chewing, gnawing and biting insects; and second, sucking insects. Those of the first class eat the foliage or fruits, or gnaw off the stems and flowers of the plant. Whether they are bugs, worms, caterpillars, or slugs, they are best destroyed by some poison applied on the surface of their food plants, as Paris Green or Hellebore. If for any reason it is not deemed safe to use these poisons, Pyrethrum (Persian Insect Powder), which you can purchase at your drug store, or tobacco, in some form should be used. Those insects classed under the sucking insects, such as Scale, Green and Red Spider and Mealy Bugs, must be killed by insecticides, which are

either irritants and which produce death by coming in bodily contact with the pest, or substances that close up the breathing pores and produce suffocation. The best one universal insecticide we know of for all kinds of insects is Nicotifide. (See page 36.) The Fungoid Diseases that bother Rose Plants are mildew, which shows itself in a white powdery accumulation on the leaves caused by sudden changes of temperature, by watering just before night, by too little water, by extreme dryness, by poor drainage, or a deficiency in plant food. Sulphur Powder or prepared fungicides, the remedy. Black Spot or Leaf Blight, showing itself in black spots is caused by reasons similar to those bringing about mildew. Picking off all affected leaves and spraying with prepared fungicides the remedy. (See Guide.)

Pruning The object of pruning Roses is to increase their productive power, and also to help the shapely appearance of the plant. Generally speaking, the work is done in the early spring just before the growing season. All weak and old scraggly growth of years previous should be cut out, and old growth that has bloomed a year or more before. With old-fashioned Roses, such as Harrison's Yellow, etc., which flower on the old wood of previous seasons' growth (similar to the hardy shrubs), the pruning should be done right after the flowering season. (See Guide.)

Winter Protection We have indicated the hardness and blooming season of our Roses in each description as follows: "SUMMER BLOOMING—HARDY WITH PROTECTION" which refers to the Teas and Hybrid Teas, or Monthly Blooming Roses, which will require protection throughout the country excepting in the far Southern states. "HARDY JUNE BLOOMING ROSES," which refers to the Hybrid Perpetual Roses or those which are perfectly hardy and which have the natural June flowering season. "HARDY SUMMER BLOOMING," which covers the class of hardy bedding Roses such as the dwarf bush Ramblers. "HARDY CLIMBING JUNE ROSES," which covers the class of Roses such as the Ramblers, which are perfectly hardy and have the natural June flowering season. It is well, however, to protect all Roses from severe winters. The important point is to keep the ground around the base of the plants dry. The plants should be first covered with rough material of some kind to allow of a circulation of air over the surface of the ground, and this rough covering can be topped with leaves, manure or other coarse material such as will shed the winter storms of rain, sleet and snow. Plants in winter should be kept dry for the same reason that we keep ourselves dry. Remember, there is much more in common, or should be, between animal and plant life than is practically acknowledged by most of those who strive for success in the growing of Roses. One must always remember that both demand for their perfect development a sufficiency of nourishing food and drink, a pure atmosphere, a temperature as equable as possible, careful protection and thorough cleanliness. (See Guide.)

The World Renowned GARDEN ROSE La France

Wonderfully famous in Name, Exquisite in Coloring, Unequalled in Fragrance.

Whatever the opinions of rosarians may be relative to the hundreds of Roses now in cultivation, all must give way in distinctiveness to the world famous Rose La France. It is a wonderful variety from any point of view, either for exhibition, for border and bed planting, or for cut-flower work with florists. The freedom with which it blooms is remarkable, being in flower practically the summer through, and on well cultivated plants, the blooms are models of perfection. The type of the flower is distinctive, buds large and solid, but with an exquisite reflex of petals, giving it an elegant finish not found in other varieties. In coloring La France is unsurpassed, being an exquisite soft pink shaded silvery-rose. The flowers are large, and of that graceful, decided rose formation that is so much desired. La France is one of the most sweet scented of Roses, having a fragrance all its own. Wonderful as it is in coloring and fragrance of its flowers, the marvelous freedom with which it grows and blooms the entire season and until late in the autumn, will make it known as everybody's Rose. Price, nice 1-yr. plants, 20c each; 3 for 50c; \$1.75 per doz.; stronger plants, 40c each; 3 for \$1.00; \$3.25 per dozen; extra large, 60c each; 3 for \$1.50; \$5.00 per dozen.

Three Wonderful Roses The National Trio

A trio that has earned its title. In size, color, form and fragrance, they are unexcelled. All hardy, vigorous growers. A most wonderful combination.

The National Trio offered here constitutes a very imposing and important Trio of Roses. In shapeliness and color, fragrance and form the three varieties offered here have no rivals among Roses. They are varieties for the amateur and professional. They thrive anywhere and bloom under more varying conditions than many other varieties. There are other Roses that are a real delight, and others that one should grow, but there are none that excel in all points the National Trio, red, white and pink American Beauty.

The National Rose of America The American Beauty

The Prize RED Rose. Greatest of Them All

(Hardy June blooming, should be protected).

A hardy Rose of the largest size, having the everblooming qualities of the Tea Rose with the delicious odor of the Damask or Moss Rose, and equally valuable for winter or summer flowering. The flowers are so eagerly sought that they sell in the larger cities during the holiday season at the extravagant price of from \$1.50 to \$2.00 for a single bud or flower. In color it is a deep, brilliant rosy-carmine, shaded toward the center with rich carmine-crimson. The back of the outer petal takes the color of lighter dull carmine. The American Beauty is one of the most vigorous Roses we have. It makes the heaviest stems and the largest bush, it not being unusual to see a rampant bush with a dozen canes as thick as one's finger and several feet in height. The American Beauty is unquestionably the most popular Rose now before the public, a popularity due principally to its value as a winter forcing variety. It should be protected out doors in the winter. Sold under positive guarantee as to being true to name **Strong plants, one-year**

WHITE American Beauty Frau Karl Druschki

This magnificent variety has taken first prize at all the great flower shows of Europe. Makes splendid buds and immense flowers four to five inches across; perfectly double and delightfully fragrant; large, thick petals, very durable and handsome. Bright, shining green leaves, elegantly veined; a healthy, vigorous grower, entirely hardy and a constant and abundant bloomer. Recommended as the most beautiful and satisfactory snow-white hardy perpetual Rose. 1-year plants, 20c each; 3 for 50c, postpaid; 2-year size, 40c; 3 for \$1.10.

20c

PINK American Beauty Radiance

(Summer blooming, hardy with protection). This grand, giant-flowering Rose stands head and shoulders above all other Roses of its class. The flowers, which are all splendid form, are large and full, and somewhat of the June Rose type. A lovely rose-pink color. A fine variety, especially on account of its value as a summer cut-flower variety. Very free in growth and production of bloom, has good habit, and the lasting qualities of the flowers are wonderful. ROSES

OF LATE INTRODUCTION

The best bloomers for the yard and garden are included in these newer Roses of all kinds. Those offered are of unusual value. Just as Rose growers in America have come to recognize the essentials that must be present in a novelty so in Europe these same characteristics are being bred into the seedling, and it is with confidence that we recommend the following magnificent varieties.

The Wonderful Cut-Flower Rose National Emblem

Flowers with wonderful freedom; unusually sweet-scented.

(Summer blooming, hardy with protection). A new Rose of darkest crimson, overlaid with velvety crimson, and shading to vermillion. A variety that flowers with wonderful freedom; foliage mildew proof; growth strong, vigorous; delicately sweet-scented. Price, 25c each. See illustration on page 13.

Admiral Ward

Flowers Crimson-red, Large and exquisitely formed.

(Summer blooming, hardy with protection). One of the best of recent introductions. The growth is strong and vigorous, with a free branching habit, handsome dark olive-green foliage; flowers large and exquisitely formed. Produces flower stems which are long and rigid. Blooms are globular form, crimson red in color with scarlet shading, delicately fragrant. First-class in every way. Price, nice one-year plants, 35c each; 3 for \$1.00; 2-year plants, 60c; 3 for \$1.50.

Columbia, a new and wonderful Rose; blooms large and full, perfect shape and form, and enormous petals. Color peach-blow pink, deepening as the flower opens.

Columbia

Wonderful peach-blow pink, the Queen of the Rose Creation.

In this new Rose we have something new and wonderful. A perfect peach-blow pink which deepens as it opens. The stems are long and stiff and nearly thornless. The color effect of this great novelty is really marvelous, representing a shaded electric light, even the older and expanded blooms retain their fascinating color to the last. The blooms are very large and full, of perfect shape and form, with enormous petals and grand general character. Its glossy foliage is mildew-proof. It opens its blooms in all weathers, flowering freely and continuously throughout the whole season. The grandest novelty among modern Roses. Very sweetly scented, superb. Price, well established plants, 65c; 3 for \$1.65; per dozen, \$6.00.

Primerose

The New Cut-Flower Rose; Flowers pinkish-yellow in color; Beautifully formed and delightfully fragrant.

(Summer Blooming, Hardy with Protection). This meritorious Rose has been exhibited several times in competition with other Roses and has always won awards of merit. It is considered by experts that it will be a cut-flower Rose of considerable prominence. In color it is melon-yellow, during the spring and summer, deeper in autumn, with apricot shadings, a most distinct coloring; large perfect form, long pointed buds, deliciously perfumed; most floriferous. Magnificent bedding Rose. Price, nice one-year plants, 35c each; 3 for \$1.00; 2-year plants, 60c each.

EXTRA LARGE THREE-YEAR-OLD ROSES

HARDY WITH PROTECTION—WILL BLOOM ALL SUMMER

Illustration shows that vigor of bushes and size of flowers that may be secured the first year from these extra large 3-year-old Roses.

IN THIS COLLECTION we have grouped together 12 of the finest Garden Roses for summer blooming. They make up a collection of Hybrid Tea Roses, which class is rapidly taking the foremost rank, having been produced by crossing the free flowering Tea Roses with the Hardy June Flowering or Hybrid Perpetual class. This collection not only combines the free flowering habit of the Tea Rose with the rich and varied colors of the other classes, but also inherits unusual hardiness.

3 Yr. Betty 60c
"Considered a Most Unusual Rose."
 (Summer blooming, hardy with protection.) A charming Rose of golden coppery-rose, suffused with a golden sheen. On account of its coloring a bed of this Rose would make a most attractive sight. The variety is extremely free flowering and has a very nice habit of growth. It is considered a most unusual Rose and one of unusual value among those recently raised. It is sweetly perfumed, attractive and decorative, and is bound to become a great favorite.

3 Yr. Mrs. Aaron Ward 60c
"Delicious in fragrance, delightful in color, noble in growth and habit, really ideal; Everybody's Rose."

(Summer blooming, hardy with protection.) The Rose Mrs. Aaron Ward is a most pleasing and attractive color, Indian-yellow washed with salmon-gold. This Rose is of gigantic size, and one that will instantly appeal to all growers of the queen of flowers. In the bud stage the flower is of the deepest yellow, which becomes lighter as the flower expands. The growth is handsome, uniform and perfect, holding its sweet and delicious blooms rigidly upright. Its foliage is also remarkable and distinct, showing its flowers up with wonderful effect.

3 Yr. White Killarney 60c
Distinctive in Form of Flower—Clear White in Color.

(Summer flowering, hardy with protection.) A variety which is an offspring of the famous Irish Rose, Killarney. The fragrance is exceedingly pleasant. It blooms freely large buds and full open flowers. The Rose occupies a place among the half dozen best summer blooming garden Roses, and each season its admirers increase in number. The special charm of the Killarney Rose is the distinctive shape of the buds.

3 Yr. Richmond 60c
Gorgeous Crimson—In Form and Fragrance Simply Superb.
 (Summer blooming, hardy with protection.) The most gorgeous Rose we have ever seen—no other variety can compare with it. In form the fragrance of flower is simply superb. Wonderfully free blooming, its immense, fragrant, scarlet-crimson flowers are borne on long, stiff stems. Richmond is a Rose which attained wonderful popularity in a marvelously short time, and is considered the standard deep crimson Rose in the florists' shops, selling at all times for high prices. In the garden its flowers are as fine as those found in the greenhouses.

3 Yr. Lady Ashtown 60c
A Marvelous and Delightful Scheme of Coloring.
 (Summer blooming, hardy with protection.) The color of this wonderful Rose is light rose, shading to yellow at base of petals, with a silvery reflex. The petals are large, smooth and of great substance, the buds unusually long and pointed. It is the ideal cut flower and garden rose. It is of strong vigorous growth and very free flowering. It should be in everyone's collection.

3 Yr. Etoile de France 60c
A Rose of Sweetest Fragrance—Clear Velvety Crimson.
 (Summer blooming, hardy with protection.) A Rose of sweetest fragrance, and of a clear red to velvety-crimson color which is a constant bloomer. The flowers are large, full and deeply cupped. It is a compact grower and vigorous. The blooms are produced on long stems which make it an excellent cut flower Rose. The foliage is bronzy, and of a strong, sturdy appearance. It is mildew proof. It at once becomes a favorite of the amateur, because of its easy growth. No garden is complete without it.

We will send by express to any address in the United States any variety of Rose on this or the opposite page for 60c; any 3 for \$1.75; any 6 for \$3.25; or the 12 for \$5.00. Please remember that this collection of Roses is not a collection of common varieties and should not be compared in any way to common varieties. THAT WILL GIVE ABUNDANCE OF BLOOM

A GARDEN OF ROSES, GRAND IN FORM, COLOR AND SIZE

Illustration shows the vigor of bushes and size of flowers that may be secured the first year from large 3-year Roses.

THESE ROSES show the wonderful results achieved by the most noted Rose specialists of this country and Europe. Not only does the collection represent the best colors known in Roses, but shows many beautiful shades and color combinations not found in the ordinary varieties. We believe the collection especially in size to be one of superior merit and especially adapted to our climatic conditions. Each and every variety is a perfect gem in its particular color and form.

3 Yr. **Madison** 60c

Far Surpasses All White Roses—Combines All Good Qualities.

(Summer blooming, hardy with protection.) We have white Roses that have elegant buds, but when full blown are not all that is desired. Then again, we have Roses that are elegant when full blown, but have poor buds. This Rose combines both these good qualities. It is a continuous bloomer, producing successive crops of buds, and formed with large petals of best substance; shows no center when fully open; color pure snowy-white. It far surpasses any other White Rose in all particulars, and has a much richer perfume.

3 Yr. **Gruss an Teplitz** 60c

"A Glorious Rose, Always in Bloom."

(Summer blooming, hardy with protection.) It is a Rose for everybody, succeeding under the most ordinary conditions, and will take rank with such old-time favorites as Hermosa, Souv. de la Malmaison, Clotilde Soupert, etc. It is a rich scarlet, shading to velvety crimson; of larger size than Hermosa; very fragrant; a free, strong grower, and the most profuse bloomer known to us, the mass of color produced being truly phenomenal, and the foliage is extremely beautiful, all the younger growth being of a bronzy-plum color.

3 Yr. **Madame Ravary** 60c

A Rose of Most Attractive Coloring.

(Summer blooming, hardy with protection.) This is a Rose producing beautiful golden yellow flowers. The buds are long and pointed, opening to large, full orange yellow flowers. It is very free blooming, and for a bedding Rose is unequalled. It blooms continuously through the summer. The foliage is superb and lasting. The cones are heavy and stand erect, bearing conspicuous blossoms high into the air. It is a favorite in every garden, and one that can be used advantageously.

We will send by express to any address in the United States any variety of Rose on this or the opposite page for 60c; any 3 for \$1.75; any 6 for \$3.25; or the 12 for \$5.00. Please remember that this collection of Roses is not a collection of common varieties and should not be compared in any way to common varieties. They have been awarded the highest honors, prizes and medals on their all-round points of merit, attractive colors and delicious fragrance of their blooms. Remember these large 3-year-old Roses can be sent by express only.

3 Yr. **Radiance** 60c

Giant Flowering, Handsome in Form and a Wonderful Garden Rose.

(Summer blooming, hardy with protection.) This grand, giant-flowering Rose stands head and shoulders above all other Roses of its class. The flowers, which are all splendid form, are large and full, and somewhat of the June Rose type. The buds are particularly handsome in form, the full blooms large and double, the petals of immense size and the blossoms are highly perfumed. The growth of the plant is vigorous, making strong canes which are thick and heavy. Radiance is rightly considered a leading Rose of the garden for cutting and successfully competes with many of the finest greenhouse productions as a cut-flower variety.

3 Yr. **Wellesley** 60c

Blooms Continuously—As Fine as a Rose Can Be.

(Summer blooming, hardy with protection.) Although introduced only five years ago, this beautiful Rose has quickly found its place among our best bedding varieties. The flowers, which are produced with the greatest freedom on long, stiff stems, are of large size and of perfect form, of a deep imperial-pink, the outside of the petals silvery rose-white, highly perfumed. The bloom is round and massive.

3 Yr. **Sunburst** 60c

"A Model Flower of Exquisite Beauty."

(Summer blooming, hardy with protection.) In this grand Rose we have what we consider one of the first types of the garden Rose. The color is a beautiful deep chrome yellow. The flowers are perfect in both shape and form, with a high pointed center. Petals are of great substance and beautifully arranged, forming a model flower of exquisite beauty. The habit of growth is upright and uniform and the flower is sweetly fragrant.

The Flowers of Radiance are somewhat of the June Rose type, immense in size and highly perfumed. 20c, 35c, 50c.

Mr. D. B., New York City: "The Roses purchased from you this spring have already bloomed four times. I was never so delighted as when the plants came, as they were much finer than I expected to receive."

Helen Good

(Summer blooming, hardy with protection). Helen Good is a genuine Cochet, being a sport from Maman Cochet. It is identical in foliage, growth, size and shape of flower, differing only in color. It is a delicate pink, resembles Golden Gate color, and is fully distinct from Maman Cochet.

Strong one-year plants, 20c ea., postpaid; 2-year plants, 40c each.

Hadley

The New Cut-Flower Rose. ("Fragrance excelled only by American Beauty.")

(Summer blooming, hardy with protection). Hadley is a development from a line of seedlings raised by Alex. Montgomery, Jr., the varieties being used in this development being Liberty, General McArthur and Richmond. In color it is a deep velvety crimson, retaining its brilliancy at all seasons of the year. The variety is double and buds well formed. The fragrance is excelled only by American Beauty. Strong, 1-year-old plants, 20c each; 3 for 50c; 2-year plants, 40c; 3 for \$1.75.

Cut-Flower Rose Hadley, deep velvety crimson, wonderfully fragrant. 1-year, 20c; 2-year, 40c.

MAGNIFICENT CUT-FLOWER ROSE, -

Radiance

(Giant Flowering, Handsome in Form and a Wonderful Garden Rose).

(Summer blooming, hardy with protection). This grand giant-flowering Rose stands head and shoulders above all other Roses of its class. The flowers, which are all splendid form, are large and full, and somewhat of the June Rose type. The buds are particularly handsome in form, the full blooms large and double, the petals of immense size and the blossoms are highly perfumed. The growth of the plant is vigorous making strong canes which are thick and heavy. Radiance produces a wealth of heavy clean, dark green foliage and has the qualities that make it the ideal garden Rose. Price strong plants on own roots, 20c each (will bloom the first season); 3 for 50c; 6 for 90c, post paid. Stronger plants, 35c each; 3 for \$1.00. 2-year plants, 50c each; 3 for \$1.25; 6 for \$2.25, by mail, but express shipment is advised.

Lady Pirrie

"Apricot-Yellow, Flushed Fawn and Copper."

(Summer blooming, hardy with protection). Deep coppery reddish-salmon, inside of petals apricot-yellow, flushed fawn and copper; an ideal variety. Full flowers, opening freely in all weathers, flowering in immense profusion. In this Rose we have the finest of all garden Roses for massing, cutting or ordinary garden decoration, of perfect habit and charming foliage. 20c each; 3 for 50c; 2-year plants, 40c each; 3 for \$1.00.

White Killarney

Distinctive in Form of Flower, Clear in Color.

(Summer flowering, hardy with protection). A variety which is an offspring of the famous Irish Rose, Killarney. The fragrance is exceedingly pleasant. It blooms freely, large buds and full open flowers. The Rose occupies a place among the half-dozen best blooming garden Roses, and each season its admirers increase in number. The special charm of the Killarney Rose is the distinctive shape of the buds. Nice 1-year plants, 20c each; 3 for 50c; 2-year-old plants, 40c each; 3 for \$1.10.

White Killarney is a clear white Rose of wonderful size. 1-year, 20c; 2-year, 40c.

Madison, the Grand White Rose

"Marvelously free-blooming and very sweet scented."

(Summer blooming, hardy with protection). One of the most beautiful Roses we know of. The petals are of enormous size and of ivory-like substance. The flower is unusually long and pointed, and retaining its shape and form practically to the last. A strong characteristic is the way it unfolds its guard petals, the inner petals retaining that beautiful spiral form, making it perhaps the most model shaped flower grown. The color is a pearly cream. It is also marvelously free blooming and very sweet scented. Price, 20c each; 3 for 50c postpaid; 2-year size, 40c; 3 for \$1.10.

Wellesley

"As Fine as a Rose Can Be."

(Summer blooming, hardy with protection). Wellesley is a Hybrid Tea Rose, as fine as a Rose can be; has good-sized flowers and blooms continuously. The bud, when first opening, is a beautiful shade of bright pink and the flower retains this perfect coloring until it drops its petals. Blooms continuously the whole season through, and gives fine stems for cutting. Young plants, 20c each; 3 for 50c; 2-year plants, 40c each; 3 for \$1.00.

Jonkheer J. L. Mock

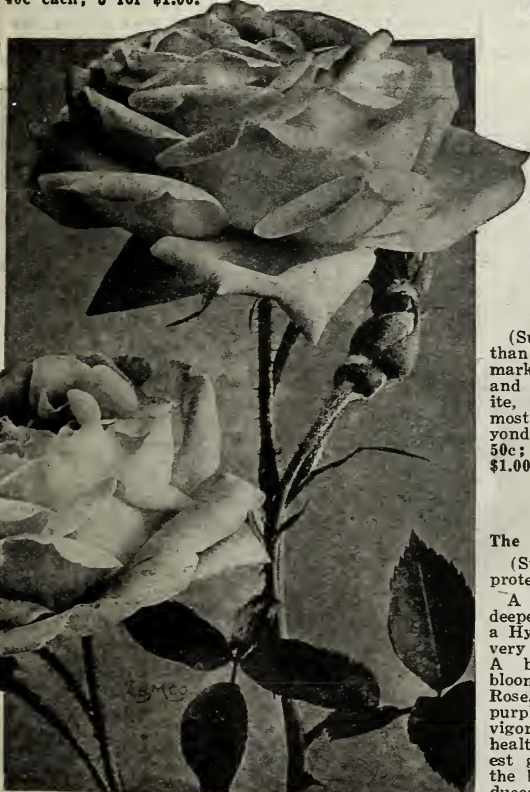

"Highest Award at the International Show."

(Summer blooming, hardy with protection). The flowers, which are produced with the greatest freedom on long stiff stems, are of large size and perfect form, of a deep imperial-pink, the outside of the petals rose-white, highly perfumed. The bloom is round and massive. 20c each; 3 for 50c; 2-year plants, 40c each; 3 for \$1.00.

Alexander Hill Gray

"Best and Largest Pure Yellow Tea Rose."

(Summer blooming, hardy with protection). The respect of all Rose-lovers warrants the issuing of a champion Rose, and a Tea at that, to pay due homage to one of the world's greatest Tea Rose growers. It is wonderfully floriferous, every shoot being crowned with a flower bud, which develops into a bloom of very large size, great substance and perfect formation with high pointed center from which the petals gracefully reflex. Its color is a solid, deep throughout, Marechal Niel-like lemon-yellow; strongly scented. Gold medal, N. R. S. 20c each; 3 for 50c, postpaid; 2-year size, 40c each; 3 for \$1.00.

Pure Yellow Rose, Alexander Hill Gray. A Champion Rose. 1-year, 20c; 2-year, 40c.

White Garden Rose, Madison. Marvelously free blooming, and very sweet scented. A faultless exhibition bloom. A superb pot Rose. 1-year, 20c; 2-year 40c.

Madame Leon Pain

"A Popular Rose in Many Localities."

(Summer blooming, hardy with protection). Pinkish salmon, center yellow and orange; back of petals salmon-pink, a very beautiful combination of colors. The plant grows vigorously and maintains good health under trying conditions. A popular Rose in many localities, and a variety that should be far better known than it is. It is a valuable decorative plant. Nice, 1-year plants, 20c; 3 for 50c; 2-year, 40c; 3 for \$1.00.

Pink Killarney

"Color is Exquisite, Brilliant Imperial Pink."

(Summer blooming, hardy with protection). No Rose blooms more freely than Killarney. Size of flowers remarkable. The buds are large, long and pointed. The color is exquisite, a brilliant imperial-pink, almost sparkling, and beautiful beyond description. 25c each; 3 for 50c; 2-year size, 40c each; 3 for \$1.00.

Meteor

The Grandest of all Crimson Roses.

(Summer blooming, hardy with protection.)

A velvety-red ever-bloomer of the deepest glowing crimson; as fine as a Hybrid. Flowers of medium size, very double and slightly recurving. A beautiful open Rose, a free bloomer and a very excellent pot Rose. It has no tinge of violet or purple to mar its beauty. It is a vigorous, bushy grower, with healthy bright foliage of the deepest green. This is unquestionably the best dark velvety-rose yet produced. Grand both in bud and flower. Price, 15c each; 3 for 40c; 2-year, 35c each; 3 for \$1.00.

Meteor—Grand both in bud and flower. 1-year, 15c; 2-year, 35c.

THE NEW AMERICAN ROSE

Francis Scott Key

"Named in honor of the writer of the 'Star Spangled Banner.'"

(Summer blooming, hardy with protection). The new American Rose, Francis Scott Key, dazzling crimson, globular Rose of gigantic size. In this new Rose we find the embodiment of a perfect bloom, combining size, form and color, the attributes of all exhibition flowers. This new American Rose produces intensely black-grained crimson-scarlet blooms on strong shoots of sturdy, erect growth, embellished with a foliage of the deepest green. The Rose is deliciously perfumed. In growth it is strong, vigorous and free branching, with large and handsome foliage. Beautiful as are the hundreds at present in cultivation—as ideal varieties—for every purpose, the new American Rose, Francis Scott Key, is the most outstanding and represents the greatest effort in American hybridizing, possessing as it does in the superlative degree all the good qualities an American everblooming garden Rose should have. Francis Scott Key is the Rose for every American home and should be planted in every garden. Nice 1-year plants, 20c each; 3 for 50c; \$1.75 per dozen. Stronger plants, 40c each; 3 for \$1.00; \$3.25 per doz.

My Maryland

"A Great Outdoor Rose."

(Summer blooming, hardy with protection). Handsome in bud and flower. A rare combination of a fine name and exquisite beauty has made this Hybrid Tea Rose a dangerous rival of Killarney. Its brilliant, live shade of pink and beauty of form is without a superior, and all summer through large, perfectly double, magnificent flowers, rich in fragrance, are borne on long, stiff stems, growing from a sturdy, fine-shaped bush, which, in itself, is a distinct ornament to the garden. A great outdoor Rose. Extremely hardy. Strong one-year-old plants, 20c each; 3 for 50c; two-year plants, 40c each; 3 for \$1.10.

The Crimson Garden Rose Francis Scott Key—a Rose in which we find the embodiment of a perfect bloom, size, form and color; 20c.

Clothilde Soupert

A Pinkish-White Rose of Peculiar Charm.

The bushy and symmetrical habit of growth of the old favorite Rose Clothilde Soupert makes it a variety particularly adapted to hedge planting. The growth is vigorous and sturdy, plant attaining good size. There is no more valuable Rose in its class, and the most careless observer cannot fail to note the delicate color and the profusion of bloom that the variety possesses. The plants carry flowers well into the frosty weather, the blooms being shell-pink in color, shaded to silvery-rose; the outer petals pearly-white, the flowers carrying a touch of rosy-pink near the center of the bloom. The unusually full and double blossoms of delicate and pleasing fragrance together with all the other points of merit the variety possesses, makes it one of unusual value. Price, nice 1-year plants, 15c each; 3 for 40c; 6 for 75c; dozen, \$1.25; twenty-five for \$2.25; fifty for \$4.25; hundred, \$7.00. Strong 2-year plants, 30c each; 3 for \$1.00; six for \$1.75; twelve for \$3.25; twenty-five for \$6.00; fifty for \$10.00; hundred for \$17.50.

Other Good Hedge Roses

THE MAGNIFICENT ROSE

National Emblem

"Wonderful in Color, Fragrance and Size."

A dazzling globular Rose of gigantic size, really an exhibition variety. Its intensely black grained scarlet-crimson blooms are produced on rigid stems of sturdy, erect growth. The flowers are full, each and every one coming perfect and produced with a marvelous freedom. The foliage is ideal, heavy and glossy, mildew proof. It is a truly magnificent Rose and besides being unusually attractive in color is delightfully sweet scented. It will be a Rose with many admirers and will occupy prominent places in many flower gardens. Price, 25c each; strong 2-year plants, 50c.

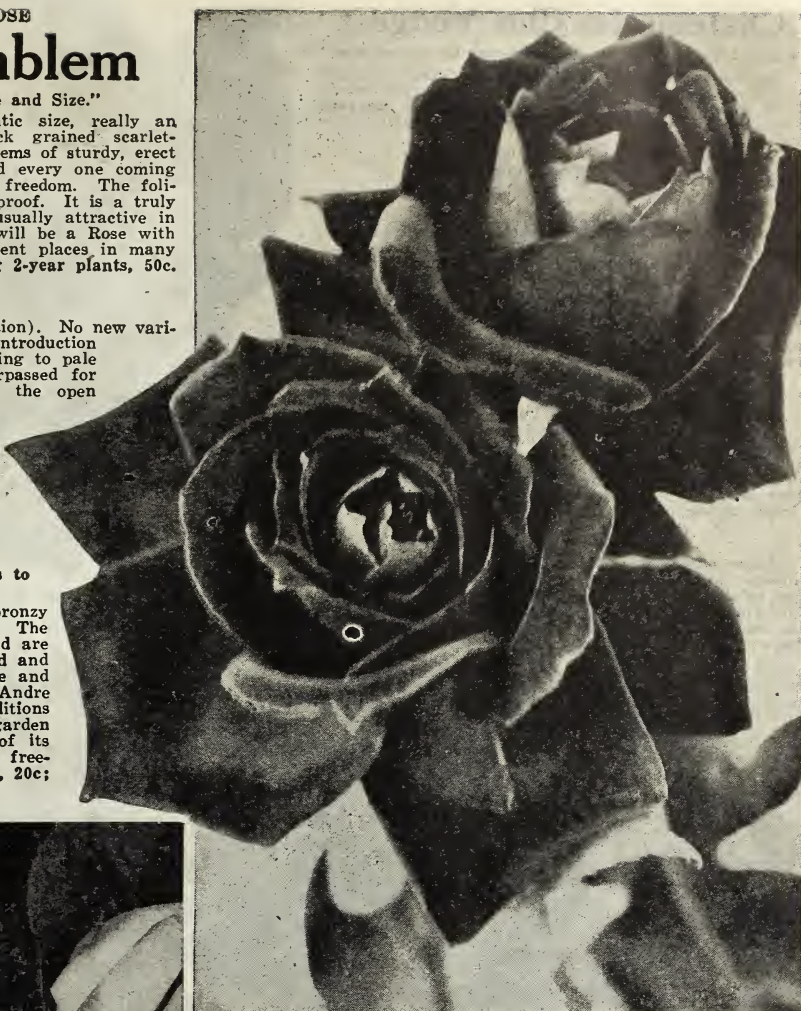

Bon Silene

(Summer blooming, hardy with protection). No new variety has superseded this Rose since its introduction in 1839. The color is deep rose, changing to pale light rose. This variety cannot be surpassed for bouquets and decorative purposes. In the open ground it grows to perfection, producing large crops of beautiful flowers from early spring until late autumn. One of the favorites of the old-time garden. 1-year, 15c; 3 for 40c; 2-year, 30c; 3 for 75c.

Andre Gamon

"One of the Most Important Additions to Garden Roses."

A sweetly fragrant Rose, having fine bronzy foliage, with long, finely shaped buds. The flowers are large, full, and globular, and are carried well above the foliage upon rigid and strong stems. The color is a deep rose and carmine, edges of petals carmine-lake. Andre Gamon is one of the most important additions to the class of Garden Roses, and as a garden Rose will become popular on account of its distinct, soft color, and its remarkably free-flowering qualities and hardiness. Price, 20c; 3 for 50c; 2-year, 40c; 3 for \$1.10.

New Rose National Emblem. Beautiful dark velvety overlaid crimson, of richest coloring; delightfully sweet scented. A most perfect Garden Rose. 1-year, 25c; 2-year, 50c.

C. R. B., McKeesport, Pa.: "Although the plants were only one year old, I had Roses from the middle of June until the middle of October."

Senator Mascurant

"The Yellowest of all Roses."

(Summer blooming, hardy with protection). William Notting

"A Grand Bold Flower; Coral-red; Center Bright Salmon."

In all the range of colors among Hybrid Teas it stands unique and quite distinct. Its color is coral-red, center bright salmon; flowers large, full and of splendid form, a grand bold, well-built flower, perfect in shape and form, of the most modern type, extra perpetual flowering. A grand exhibition and garden Rose, with a perfect habit of growth, the most attractive color; a really superb variety; very fragrant. 20c; 3 for 50c; 2-year, 40c; 3 for \$1.10.

Malmaison

Has Long Been a Highly Prized Variety.

(Souv. de la Malmaison). (Summer blooming, hardy with protection.) This grand old variety, when used as a bedding Rose in summer, has no equal, as it produces the most perfect flowers in the hottest weather. Its rich, flesh-colored flowers are of immense size, double to the center, and are produced in abundance, and have the requisite form and substance to withstand our hot, dry summers. Exquisitely fragrant. A noble Rose. 20c each; 3 for 50c; large 2-year-old plants, 40c each; 3 for \$1.00.

The soft, even shade of yellow of the Rose Senator Mascurant makes it a distinct ornament in the garden. A first-class variety in every way. 1-year, 20c; 2-year, 40c.

Chateau des Clos Vougeot

"Deepest Velvety or Blackest Crimson; Enormous Size."

The marvelous coloring of this Rose makes it quite the most remarkable variety in its class yet raised. Is of fine shape and richly fragrant. Strong one-year plants, 25c each; 3 for 60c; strong 2-year plants, 50c each; 3 for \$1.25.

Gruss an Teplitz

"A Glorious Rose, Always in Bloom."

(Summer blooming, hardy with protection). A Rose for everybody, succeeding under the most ordinary conditions, and will take rank with such old-time favorites as Hermosa, Souv. de la Malmaison, Clotilde Soupert, etc. Rich scarlet, shading to velvety crimson; of larger size than Hermosa; very fragrant; a free, strong grower, and the most profuse bloomer known to us. The foliage is extremely beautiful, all the younger growth being a bronzy-plum color. 15c each; 3 for 40c; 2-year-old plants, 30c; 3 for 80c.

Lady Hillingdon

"Everybody Can Grow It."

(Summer blooming, hardy with protection). A deep shade of yellow which does not easily fade. Everybody can grow it, and have it in quantity. Pretty, narrow foliage. Buds very slender and graceful. It grows vigorously, blooms profusely, and is most deliciously scented. 15c each; 3 for 40c; large plants, 25c each; 3 for 60c.

Mrs. B. R. Cant THE PINK BEDDING ROSE

(Summer blooming, hardy with protection). The plants are literally one mass of most beautiful bloom, every flower coming large enough for exhibition purposes; this, together with a model habit of uniform growth, holding every bloom perfectly upright, and with a delightful sweet perfume, will, we believe, place it in the first rank and the most popular of all bedding and garden Roses. Round, full form and solid, even color; clear, bright rosy-pink; large size, double and quite fragrant. Particularly fine in the fall; an excellent bedding Rose, blooms all the time; beautiful buds. 15c each; 3 for 40c; 2-year size, 30c each; 3 for 80c.

RED RADIANCE Beautiful Cut Flower Rose

(Summer blooming). In this grand variety we have probably the finest of the cut-flower type. Flowers brilliant carmine-red, a color of wonderful brightness and charm, and a color that never fades until the flowers drop. Flowers quite full with enormous petals and high pointed center, forming a noble and remarkable flower among the Hybrid Teas. A perfect exhibition and cut-flower Rose. On account of its strong habit of growth and freedom of blooming, it is placed among the best of bedding Roses, distinct and sweet scented. 1-year 20c; 3 for 50c; 2-year, 40c; 3 for \$1.10.

Mrs. George Shawyer

(Summer blooming, hardy with protection). This great English Rose is as free in growth as Radiance, with stiff, erect stems; we believe it to be the greatest producer of bloom in the family. Buds very large and of a very high brilliant shade of pink. Fine for bedding or for forcing. 1-year, 15c each; 3 for 40c; 2-year, 40c each; 3 for \$1.10.

Madame Schwaller

(Summer blooming, hardy with protection). One of the old popular Roses that has grown in the garden for a number of years. It blooms in large clusters. Produces large globular flowers. Color transparent salmon-rose; very delicate and tender; petals are finely edged with violet-carmine; the buds are of excellent quality. On account of endurance, earnestness and extreme beauty it finds a place in the affections of the Rose-lover. It is a variety that will outlast many later introductions. With only a little protection it will stand the cold winter. Price, 15c; 3 for 40c; 2-year, 30c; 3 for 80c.

Striped Killarney

Exceptionally Striking in its Variegation.

(Summer blooming, hardy with protection). Striped Killarney is a sport of the now famous cut-flower Rose Killarney. The flowers are large, ground color soft carmine striped and dashed with creamy-white. The Rose is extremely beautiful in its bud form, being quite long and pointed. Habit of growth is vigorous and branching, and this Rose will always be one of great interest. Really a distinct novelty. Nice one-year plants, 25c; 3 for 60c; strong two-year plants, 50c; 3 for \$1.25.

Mrs. B. R. Cant. Many Blooms develop all over the plants of this charming Rose, and this together with its fragrance make it one of the best garden Roses ever produced.

Mrs. Aaron Ward

"Delicious in fragrance, delightful in color, noble in growth and habit, really ideal; Everybody's Rose."

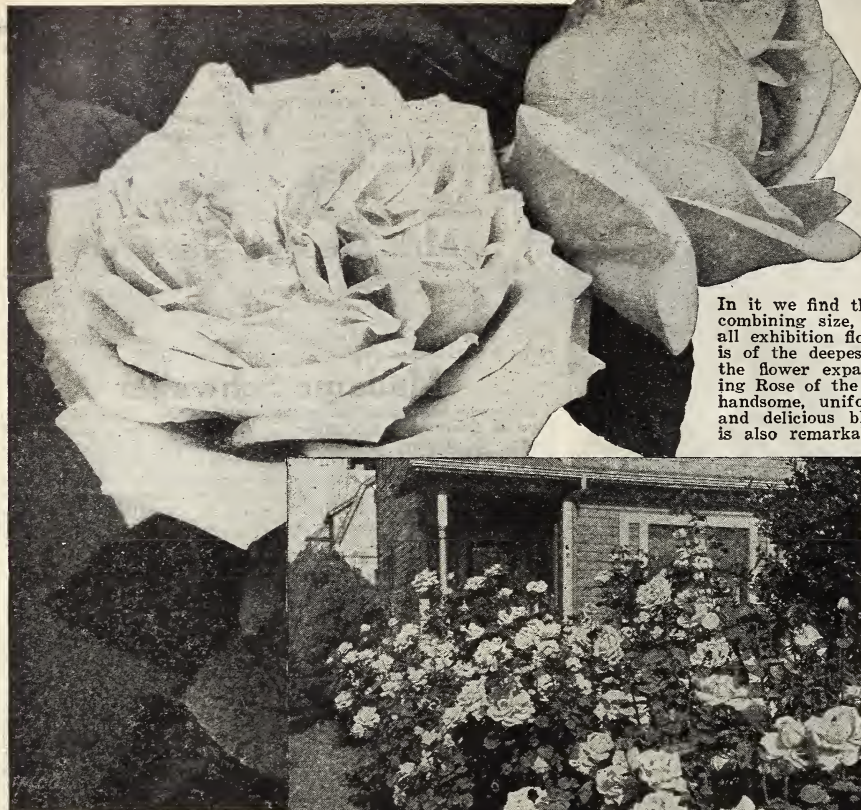

(Summer blooming, hardy with protection). The ideal garden Rose. A pleasing and attractive color, Indian-yellow washed with salmon-gold. This Rose, which we illustrate on the front cover of our catalog for this season, is a Rose of gigantic size, and one that will instantly appeal to all growers of the queen of flowers.

In it we find the embodiment of a perfect bloom, combining size, form and color, the attributes of all exhibition flowers. In the bud stage the flower is of the deepest yellow, which becomes lighter as the flower expands. It is decidedly an outstanding Rose of the grandest character. The growth is handsome, uniform and perfect, holding its sweet and delicious blooms rigidly upright. Its foliage is also remarkable and distinct, showing its flowers up with wonderful effect. An exhibition Rose of the highest standard. It possesses in a superlative degree all the good qualities that an everblooming garden Rose should have. Nice, 1-year plants, 20c each; 3 for 50c; 1.75 per dozen; stronger plants, 40c each; 3 for \$1.00; \$3.25 per dozen; extra large, 60c each; 3 for \$1.50; \$5.00 per doz.

Caroline Testout

A Rose of Great Beauty.

(Summer blooming, hardy with protection). The petals are large and of the La France form; edged and bordered with silvery-rose. Flowers and buds are extra large and of elegant form; the color is brilliant, satiny rose, deepening at center to clear red. We recommend it is one of the best of the many new Roses recently introduced for outdoor culture. 15c; 2-year-old plants, 30c.

The combination of colors of Indian-yellow and salmon-gold of the Rose Mrs. Aaron Ward make it a highly decorative variety. 20c each.

F. R. Patzer

(Summer blooming, hardy with protection). A most beautiful and distinct Rose of very free flowering character.

The blooms are produced with great freedom on stiff stems, and are of large size and substance. The color is creamy-buff, back of petals delicate warm pink. THE ROSE OF MANY COLORS

Helen Cambier

"Flowers of Unusual Beauty."

This lovely yellow Tea, ever-blooming Rose is of vigorous hardiness, having a rich color and free-blooming qualities. The growth is free and vigorous, flowers of splendid substance and a delightful shade of deep, rich golden-yellow. In extreme heat comes a deep amber color. The buds are full and firm, lasting a long time when cut. As the flowers expand, the center of the Rose discloses depths of golden-yellow, with light orange tints, while the older petals lessen to lemon-yellow, giving a combination of tints and tones unequalled in their beauty. Without question this is a charming Rose for the garden. Price, 1-year, 15c; 2-year, 30c.

Helen Cambier. Flowers delightful shade of deep, rich golden-yellow, tinted with orange and amber, saffron and salmon-rose.

Marie Delesalle

Acme Collection, the 3 Roses illustrated, Climbing Guillot, white; Climbing Bridesmaid, pink; Climbing Meteor, red; in good strong plants at 39c. The three in 2-year plants, 75 cents.

There is a distinctive charm in the Climbing Tea Rose. The grace and airiness of the branches and foliage which is not as heavy as the Rambler Roses, will particularly appeal. Blooms are produced on long stems; fine for cut flowers.

Climbing Rose Marechal Niel, golden yellow flowers, distinctively fragrant.

THE FAMOUS YELLOW ROSE Marechal Niel

(Summer blooming, hardy with protection). Almost universally held to be the finest Rose for indoors or outdoors, where the climate admits of its cultivation. In the North the plant should have careful protection in open ground during the winter. Its magnificent golden-yellow flowers are almost massive in dimensions. It is of strong growth and beautiful foliage. It is grand in petal, shape, color, fragrance, lasting quality and size, an extremely free bloomer and flowers throughout the season. Contrary to many Roses, which lose their color after opening, Marechal Niel decidedly improves and takes a deeper yellow after being kept for a day or two. The Tea fragrance is strongly present in this Rose. Price, strong 1-year plants, own roots, 15c each; 3 for 40c; 6 for 85c; 12 for \$1.50, postpaid. Nice 2-year plants, 25c each; 3 for 60c; 6 for \$1.10; 12 for \$2.00; extra large pot-grown plants on own roots, at 50c each; 3 for \$1.25.

CLIMBING GRUSS AN TEPLITZ. (Summer blooming, hardy with protection). It is a Rose for everybody. In color it is a rich scarlet, shading to velvety-crimson; of larger size than Hermosa; very fragrant. 15c each; 3 for 40c; 2-year, 35c; 3 for \$1.00.

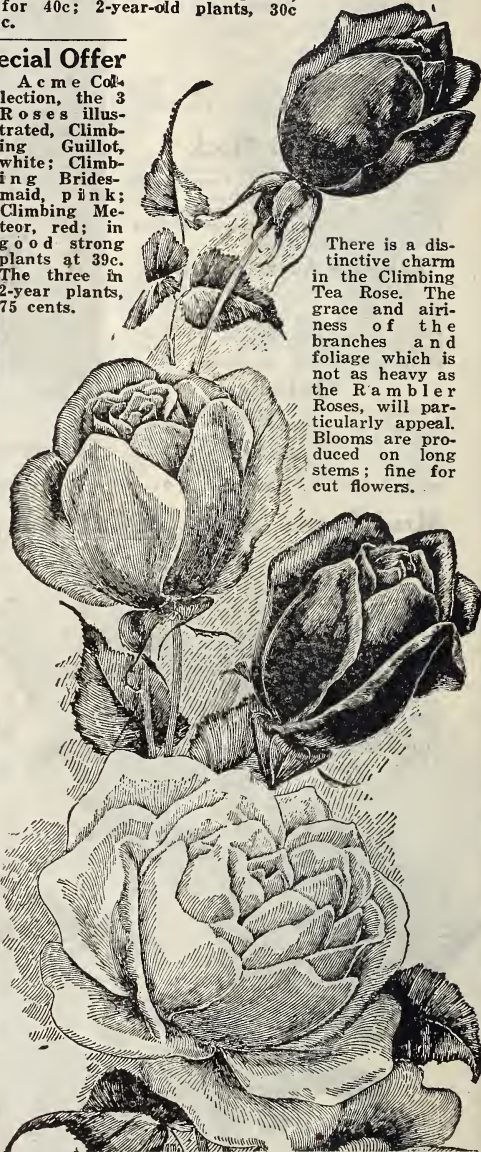

CLIMBING CLOTHILDE SOUPERT. (Summer blooming, hardy with protection). Unequalled for quick and abundant bloom and healthy, vigorous growth. Flowers double; rich creamy-white, sometimes tinted with blush, and borne in immense profusion the whole growing season. 15c each; 2-year-old plants, 35c each.

Ever-Blooming "Baby Rambler" Bush Roses

The Wonderful Cluster-Flowering Bedding Rose, Jean de Arc

"Blossoms pure white, richly fragrant. A Rose of wonderful merit."

The advent of the cluster flowering bedding Rose Jean de Arc is a notable one, and is still holding its own. Flowering trusses produce as many as one hundred blooms and buds and forms a striking mass of flowers. The variety is of vigorous growth, making large branches that produce flowers freely. There is no Rose more pure in its color and none more striking when in bloom. The long season of blooming is one of its valuable qualities. Its beautiful foliage, hardiness and free blooming qualities entitles it to a place in bedding Roses second to none. The Rose belongs to the class of Rambler Bush Roses, of which there are several varieties similar in habit of growth, and ranging in color from white to deepest red. The variety Jean de Arc is purest white in color. Price, 20 cents each; 3 for 50c; 6 for \$1.00; 2-year plants, 40c each; 3 for \$1.15; 6 for \$2.25.

Orleans

"Flowers Deep Cerise."

An Improved Baby Rambler—The showiest and prettiest of all the Baby Ramblers. The color is irresistible, being deep cerise or geranium pink with distinct showy center of pure white. This pretty Rose has taken Europe by storm and will make a sensation as soon as known in this country. Nice strong 1-year plants, 20c each; 3 for 50c, postpaid; strong 2 year plants, 40c each; 3 for \$1.15.

Baby Rambler

It forms compact bushes about two feet high, covered with clusters of its rich crimson-red flowers throughout the season. It is practically never out of bloom for the whole season. Perfectly hardy, it requires no winter care. Size of clusters and number of flowers in each are a marvel to all beholders. As a bedding variety, or growing in pots in the house, it stands alone. Remember it is hardy, perpetual flowering. Price, 20c each; 2 for 35c; \$1.25 per dozen, postpaid; 2-year-old plants, 40c each; 3 for \$1.15; \$2.50 per dozen.

Catherine Zeimet

Pure White Flowers.

This variety is certainly a beauty and a great addition to the Baby Ramblers. Grows to a height of 20 inches and produces double pure white flowers in abundance. Very free and compact grower. 20c each; 3 for 50c; \$1.49 per dozen, prepaid; strong 2-year plants, 40c each; 3 for \$1.15.

CHARMING POLYANTHA OR FAIRY ROSE

Especially Attractive for Children.

Baby Doll

Flowers borne in clusters. Highly Fragrant.

(Summer blooming, hardy with protection). This delightful little "sweetheart" Rose is an everblooming Polyantha, and will fall into the Cecil Brunner class for choice corsages and for fine dainty floral work. The color is absolutely new, and quite startling in its brilliancy—golden-yellow, tipped with clear, bright cerise. The little buds and blooms are perfect in form, elegantly finished, and borne in small panicles or singly. Nice 1-year plants, 20c; 3 for 50c; 6 for 90c; \$1.65 per dozen; strong 2-year plants, 40c; 3 for \$1.10; 6 for \$2.00.

Phyllis

Carmine-Pink.

The much-heralded variety from Holland. Color brilliant carmine-pink, and is darker than Red Baby Rambler. Very free flowering. 20c each; 3 for 50c; \$1.75 per dozen, prepaid; strong 2-year plants, 40c each; 3 for \$1.15.

One of the most remarkable Rose introductions of years. Blooms allsummer. Perfectly hardy.

A NOVELTY IN RAMBLER ROSES

Rosary

Flowers cerise, distinctly different.

Sport Tausendschoen — A new Rose originating from the many-colored climber Tausendschoen, or Thousand Beauties; cerise pink in color, decidedly sweet in fragrance, and unusually attractive in its coloring. It is a Rose that will fill many purposes and will give entire satisfaction. The variety has beautiful foliage, retaining its color throughout the season. The plant is resistant to insect attacks, and requires little attention. It is one of the most vigorous of climbers, and its good foliage will cause it to be much sought for "planting out" unsightly objects. As a porch Rose it is without equal, and fine for use on arches or as a wall covering.

Price, nice young plants, 25c; 3 for 60c; 6 for \$1.10; strong two-year plants, 50c; 3 for \$1.25; 6 for \$2.00.

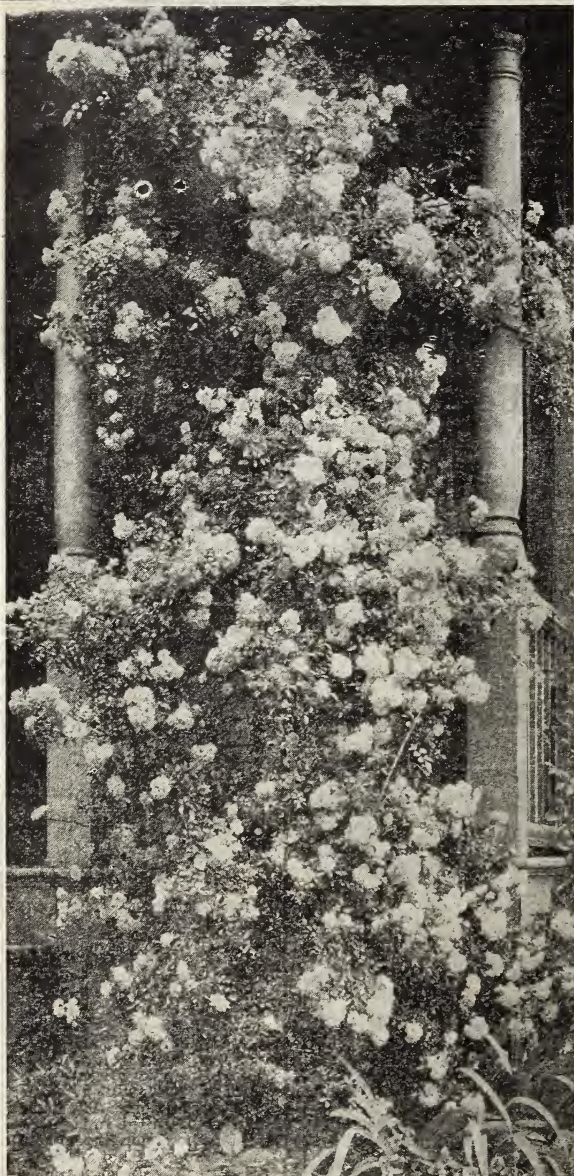

Baby Tausendschoen

This is a bush form of the Climbing Tausendschoen or Thousand Beauties, having all the charm in the variable coloring in its flowers that its parent has, being firm white, delicately flushed pink, changing to deep rosy-carmine. 20c each; 3 for 50c; \$1.75 per dozen; strong 2-year plants, 40c each; 3 for \$1.15, postpaid.

REMARKABLE CLIMBING ROSE

Silver Moon

"Silver White Flowers, Five Inches in Diameter."

(Hardy June blooming). This Rose is one of the first among Climbing Roses. The flowers run four and one-half inches and over in diameter, clear silvery white in color, petals of great substance and beautifully cupped. The center is filled with bright yellow stamens, a very attractive feature. It is very floriferous, the plants literally covering themselves with great clematis-like flowers. They are borne on long stems, twelve to eighteen inches long, and are delicately fragrant. The foliage is large and abundant, a pleasing shade of bronze-green, glossy and immune from mildew. 20c each; 3 for 50c, postpaid; strong two-year plants, 45c each; 3 for \$1.20.

Mr. P. M. K., Ohio: "The Rose, Silver Moon, which I have planted in my yard has grown beyond all expression. It has wonderful foliage and growth, and immense flower—wonderfully attractive because of its size and color. I find it insect proof, which is not a small point in its favor."

Shower of Gold

Flowers Deep Golden-yellow and Orange.

(Hardy June blooming). (Improved Yellow Rambler). Color deep golden-yellow and orange. Vigorous grower. Foliage beautiful in color, with high metallic luster. Produces a mass of bloom, and leaves little to be desired in a yellow rambler. 15c each; 3 for 40c; \$1.45 per dozen, postpaid; 2-year-old plants, 30c each; \$2.50 per dozen; large 3-year-old plants, 50c each, by express only; 6 for \$2.50; \$4.50 per dozen.

THE WONDERFULLY STRIKING ROSE

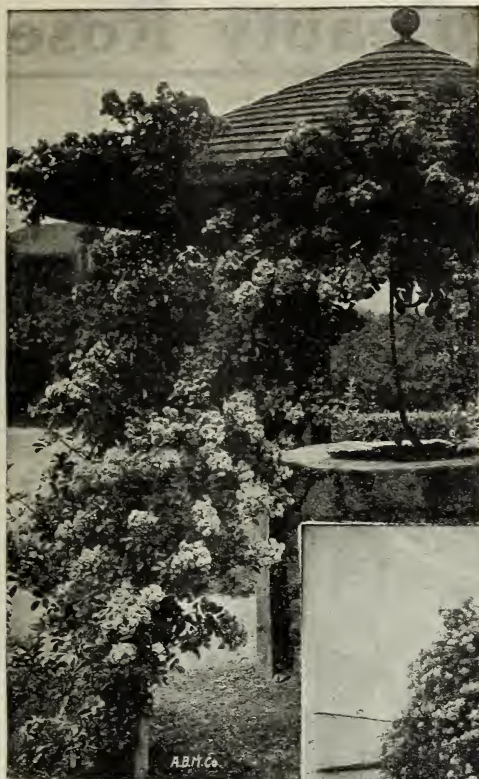

American Pillar

"Hardy as an Oak, Flowers Flaming Pink."

(Hardy June blooming). A rose constituted to stand the trying conditions of our American climate. Its great mass of bloom fairly covers the bush. Flowers measuring three to five inches across. Color is a flaming pink, while in the center of each flower is a cluster of bright yellow stamens. Of extremely vigorous habit of growth, the bushes being clothed in lively green from earliest spring until late in the fall. Never troubled with insects. One-year, 20c each; 3 for 50c, postpaid; 2-year, 50c each; 3 for \$1.25.

Rose White Dorothy Perkins. Flowers in mammoth clusters and makes a pretty effect when planted with other Climbers. 15c, 30c, 50c.

The Popular Hardy Pink Climbing Rose. A Wonderful Rose of Wonderful Color

Dorothy Perkins

The Most Graceful, Free-Flowering and Vigorous Climbing Rose
Flowers produced in clusters—thousands of them on a single plant

(Hardy June Blooming). A beautiful shell-pink Rose, of sweetest fragrance, useful for many purposes, and giving wonderful satisfaction. Even when the flowers commence to fade the color is still pleasing, being then a lovely deep rose. The flowers are large size for this class of rose, usually about one and one-half inches across; are borne in clusters of from ten to thirty and are very double; the petals are very prettily rolled back and crinkled; the buds are remarkably pretty, being pointed in shape and of just the right size for the buttonhole. In vigor the Dorothy Perkins is all that can be desired, making in a single season strong, lusty shoots, often of ten to twelve feet in height. In habit of growth it is rather upright, having much the habit of the Crimson Rambler. It is therefore especially adapted as a companion rose to Crimson Rambler. The flowers are very sweetly scented, a characteristic not possessed by most other roses of this class. The foliage is of deep green, of thick, leathery texture, and remains on the plant in perfect condition till well on into winter, making it almost an evergreen variety.

15c each; 3 for 40c; \$1.45 per dozen, postpaid; 2-year-old plants, 30c each; \$2.50 per dozen; large 3-year-old plants, 50c each, by express only; 6 for \$2.50; \$4.50 per dozen.

HARDY RAMBLER ROSE

White

Dorothy Perkins

(Hardy June blooming). A pure white sport of Dorothy Perkins, of same habit of growth; a splendid companion, as it flowers at the same time. A most valuable addition to this class. 15c each; 3 for 40c; \$1.45 per dozen, postpaid; 2-year-old plants, 30c each; \$2.50 per doz.; large 3-year-old plants, 50c each, by express only; 6 for \$2.50; \$4.50 per dozen.

Dorothy Perkins—A beautiful pink Rose of the sweetest fragrance. Useful for a hundred purposes; vigorous and hardy; wonderful in growth and color. Growing in value every year, it is a Rose for all. 15c, 30c, 50c.

HARDY EVERBLOOMING ROSE

Climbing Baby Rambler

Wonderful Triumph in Rose Growing. Perfectly Hardy, will grow anywhere. Perpetual blooming.

The ambition of Rose specialists has long been to produce an everblooming type of the famous Crimson Rambler. This has been accomplished in this variety. It surpasses any other Rose for brilliancy of display. Blooms from early spring until well along in the autumn, bearing freely large, brilliant crimson clusters of flowers. It has the additional advantage of blooming profusely on the young wood in one-year-old plants. Strong young plants, 20c each; 3 for 50c; \$1.90 per dozen; strong two-year-old plants, 40c each; 3 for \$1.00; per dozen, \$3.75.

THE WONDERFUL HARDY CLIMBING ROSE

Dr. W. Van Fleet

Dr. W. Van Fleet stands at the very head of the Climbing Roses. Its parents are the lovely sea-shell pink Rose, Souvenir de Pres. Carnot, and the fast-growing climbing or trailing pure white Memorial Rose, Rosa Wichuraiana. The flowers, when open, run four inches and over in diameter—borne in profusion. A very delicate shade of flesh-pink on the outer surface, deepening to rosy-flesh in the center. The flowers are full and double, delicately perfumed. Strong one-year plants on own roots, 20c each, postpaid; 3 for 50c; 6 for 95c; 12 for \$1.90, postpaid. Stronger two-year plants, 50c each; 3 for \$1.25; 6 for \$2.00; 12 for \$3.75.

The Wonderful Hardy Climbing Rose Climbing American Beauty

Climbing American Beauty, the new porch Rose, gives us a new Rose of wonderful beauty and merit. It is a cross between the world famous cut-flower Rose, American Beauty, and an unnamed seedling. It is an American introduction, the product of American rose growers. The object in producing this new Rose, the introducers say, was to produce a Rose of strong constitution, freedom of growth and bloom, hardiness, and foliage resistant to mildew and other diseases. In the Climbing American Beauty are combined all the qualifications sought. It is perfectly hardy, strong growing, making canes from ten to fifteen feet in a season, a perfect mass of bloom in June and produces flowers occasionally all through the growing season. The foliage is large, bright, glossy green, and never shows signs of any of the diseases that affect Roses. The color is a soft, glowing red, identical with its pollen parent, the American Beauty, and with the same exquisite fragrance; a quality not found in all climbing Roses. The flowers are of a size three to four inches in diameter, finely formed on long stems, and are produced in great profusion. This new Rose will bloom in almost any situation where a climbing or pillar or porch Rose is desired. It is one of the early Roses to bloom in the spring, coming into flower the latter part of May and the early part of June and continuing in full flower for a long time. In testing grounds plants have had buds and flowers nipped by frost in November. Success beyond expectations has been found in producing a climbing Rose of the same color, size of flower and fragrance of its pollen parent, the American Beauty, with the addition of better foliage and blooming qualities; one plant producing twenty times as many flowers in June as the American Beauty bush rose. No one should fail to plant some of these beautiful Roses; the greatest pleasure will be found in their beauty and fragrance. Price, nice strong one-year-old plants, 20c; 3 for 50c; 6 for 90c; 12 for \$1.75; 100 for \$13.00. Two-year-old plants, 40c each; 3 for \$1.10; \$3.75 per dozen; 3-year plants, 60c each; 3 for \$1.60; \$5.00 per dozen.

White Rambler

Absolutely Hardy.

White Dorothy Perkins—Hardy June blooming. This is the best white hardy climbing Rose we have. Absolutely hardy; flowers in clusters; double, white, sweetly scented. 15c each; 4 for 50c; \$1.35 per dozen; 2-yr. plants, 35c each; 3 for 90c; 3-year plants, 50c; 3 for \$1.35.

National Trio

Red, White and Blue Climbers.

The introduction of the Blue Rambler makes it possible produce an effect which has never before been possible, combined with the American Beauty and the White Rambler, which we offer in 1-year plants at 15c each. The Red, White and Blue trio, 1-year plants for 40c, postpaid; in 2-year plants, the 3 for 90c. The trio in 3-year plants, \$1.35.

Blue Rambler

Veilchenblau—A seedling from the famous Crimson Rambler. Color violet-blue; standing out in graceful form in large clusters; flowers from 1½ to 2 inches across; hardy, vigorous, beautiful foliage. Price, well-established plants, 20c; 3 for 50c, postpaid. Strong 2-year plants, 35c; 3-year plants, 50c.

McGregor Bros. Co.: The Climbing American Beauty is growing at my own home, and just where you see it in the picture. This Rose was some sight last June. J. H. McFarland.

American Beauty is by far the Greatest Rose in the World, beautiful in bud, grand in form, and magnificent in flower.
(28) Mrs. E. L., Austin, Texas: "Received the box of Roses today; every one was in perfect order, not even a bruised leaf."

Hardy Memorial or Evergreen Roses

"Roses That Will Really Cover the Ground."

Called the Wichuraiana Roses, but appropriately classed as "Memorials," because most suitable and satisfactory for cemetery planting. They will climb when trained or they creep along the ground as closely as an Ivy.

HIAWATHA—(Hardy June blooming). Brilliant scarlet, bears large clusters of single flowers, very effective. 20c each; 3 for 50 cents; two-year, 40 cents each.

ROSA WICHURAIANA—(Hardy June blooming). Pure white, single, yellow center, and have a strong Wild Rose fragrance. 10 cents each; 3 for 25 cents; 2-year, 25 cents; 3 for 60 cents.

PINK RAMBLER Lady Gay

(Hardy June blooming). Closely resembling Crimson Rambler in habit of growth and general effect. Flowers are of a delicate cherry-pink, which gradually changes to a soft-tinted white. Vigorous grower. 15c each; 3 for 40c; \$1.45 per doz., postpaid; large 2-year-old plants, 25c each; \$2.50 per dozen.

Yellow Rambler

(Hardy June blooming). Many Roses which are described as yellow have only a creamy-tinge, but Yellow Rambler is a decided yellow. 15c each; 3 for 40c; \$1.45 per dozen, postpaid; strong 2-year plants, 25c each; \$2.00 per dozen.

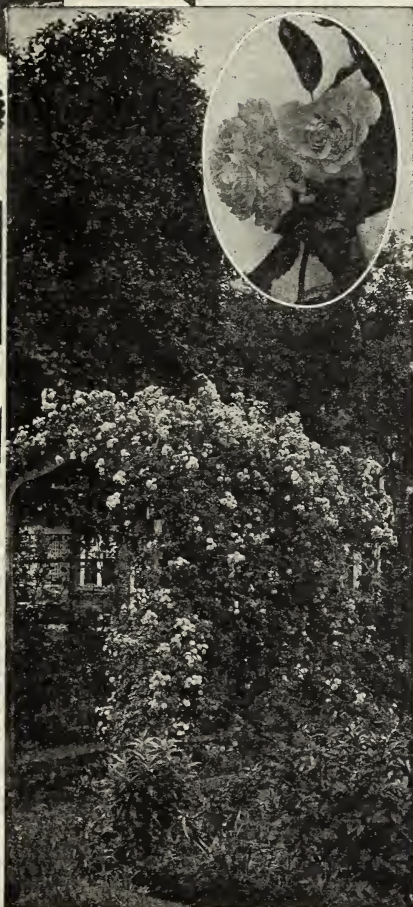

NEW HARDY CLIMBING MOSS ROSE

Wichmoss

(Hardy June blooming). This new Rose will prove one of the most interesting and valuable yet obtained from that source of hardy climbing Roses, viz: Rosa Wichuraiana. The name "Wichmoss" is a compound one originating because of the result of the Rose being a cross between the Moss Rose and the Wichuraiana. The variety is extremely vigorous in habit of growth, growing seven to ten feet in a single season. The foliage is glossy green and the branches similar to that of Moss Rose. Flowers are semi-double and are rosy-red, tinted carmine-rose color. They are produced freely in large clusters and are very fragrant. Practically a climbing Moss Rose. It is entirely hardy, and it is a novelty that will appeal to all Rose lovers. Price, 1-year, 20c; 3 for 50c; 2-year, 35c; 3 for \$1.00.

The Beautiful New Hardy Climbing Moss Rose, Wichmoss. 1-year, 20c; 2-year, 35c; Rosy-red tinted carmine. Semi-double, produced with great freedom.

The many-colored Rose Tausendschoen, or Thousand Beauties. All in all, one of the best Climbers. 1-year, 20c; 2-year, 40c.

The Memorial Rose, Rosa Wichuraiana, 1-year, 10c; 2-year, 25c. The clear white and fragrant flowers are produced in great profusion.

Creamy-White Climbing Rose

Alberic Barbier

(Hardy June blooming). Creamy-white, canary yellow center; buds orange-yellow. 15c each; 3 for 40c, postpaid; two-year, 40c each; 3 for \$1.

Blue Rambler

(VEILCHENBLAU)

(Hardy June blooming). Flowers are violet-blue, individual flowers measuring from one and one-half to two inches across. 15c each; 3 for 40c, postpaid; two-year plants, 35c; 3 for \$1.00.

The Many-Colored Hardy Climbing Rose

Thousand Beauties

(Tausendschoen). Thousand Beauties will become the most sensational climbing Rose yet introduced, not barring the great Crimson Rambler. Imagine a Rose producing on the same bush so many different colored flowers that it is impossible to describe or even picture the variations. A single cluster of flowers is a whole bouquet in itself, hence the very fitting name, "Thousand Beauties." Blooming profusely from the beginning of June until the last of July, the flowers appear in large clusters, ten to fifteen in a cluster, are of splendid size and quite double. The colors run from delicate balsam or tender rose through the intermediate shades of bright rose and carmine, with white, yellow and various other delicate tints showing. There is no other rose in cultivation like it. It is a strong grower, with but few thorns, magnificent foliage, a valuable feature in itself, impervious against mildew and absolutely hardy in the open ground anywhere. For climbing over porches, pergolas or trellises, or for single specimens or pyramids, it will please you from the day you plant it. Price, 20c each; 3 for 50c; \$1.90 per dozen, postpaid; large two-year-old plants, on own roots, 40c each; 3 for \$1.00; \$3.50 per dozen.

HYBRID PERPETUAL OR JUNE ROSES

There is little question that June Roses are the most valuable of all hardy plants. They are of vigorous upright growth, have large, bold flowers, frequently measuring five to six inches in diameter, and are deliciously fragrant. These Roses will succeed in any locality and are so hardy that they will live through the severest winters with but a light protection of leaves or coarse manure. In shapeliness, color, fragrance, form, grace and beauty the Hybrid Perpetual Roses have no rivals among Roses. They are the Roses for the amateur and for the professional growers; growing anywhere with little care and any soil, and giving the most wonderful blooms.

SNOW-WHITE HARDY ROSE

White American Beauty

(Frau Karl Druschki).

(Hardy June blooming). This magnificent variety has taken first prize at all the great flower shows of Europe. Makes splendid buds and immense flowers, 4 to 5 inches across; perfectly doubly and delightfully fragrant; large, thick petals, very durable and handsome. Bright, shining green leaves, elegantly veined; a healthy, vigorous grower, entirely hardy, and a constant and abundant bloomer. Recommended as the most beautiful and satisfactory snow-white hardy perpetual Rose. 1-year plants, 25c each; 3 for 50c, postpaid; 2-year size, 40c; 4 for \$1.50.

American Beauty

As famous as the Marechal Niel. Rich color and delicious fragrance. It is the sweetest of all Roses. In color, deep, brilliant red, shading to a rich carmine-crimson. Guaranteed genuine. Price—strong plants, 1-year, 25c each; 3 for 60c, postpaid; 2-year, 50c each; 3 for \$1.25, postpaid; 3-year, 75c each; 3 for \$1.85 (by express). See illustration, page 6.

Magna Charta

‘A Genuine Treat for Everyone Who Plants It.’

(Hardy June blooming). A wonderfully strong and upright grower, exceedingly vigorous, with splendid and heavy dark bronze-green foliage. The glory of the plant is in its flowers; however, as they are extraordinary in size, full and double, wonderfully fragrant, of great depth, and borne freely from the first year, on long, stiff stems. Color, clear rosy-red, beautifully flushed with velvet-crimson. This Rose has proven hardy even in Canada, and a genuine treat is in store for everyone who plants it. A sure and profuse bloomer. Strong 1-year plants, 15c each; 3 for 40c; 2-year, 40c each; 3 for \$1.00.

Anna de Diesbach

‘Flowers Very Full and Sweet.’

(Glory of Paris)—(Hardy June blooming). Brilliant pink, sometimes shaded with bright maroon; long, pointed buds and large, finely formed compact flowers; very full and sweet. One of the best. 20c each; 3 for 40c; large 2-year-old plants, 40c each; 3 for \$1.00.

Ulrich Brunner

(Hardy June Blooming). This is by a great many considered the finest red Rose in existence. Color brilliant cherry-red. This variety it a seedling of Paul Neyron, from which it derives its immense size. It has fine form, is intensely fragrant, and the flowers have great lasting qualities, which make it valuable for cutting. The branches are almost thornless and the foliage is very strong and healthy. One-year size, 20c; 3 for 50c; 2-year-old, 40c; 3 for \$1.00.

Coquette des Alps

(Hardy June blooming). A fine formed, pure white Rose; occasionally shows light flesh when first opening; beautiful shell-shaped petals. Flowers large, perfect, and of fine form. One of the finest, freest and most beautiful of the white Hybrids. 15c each; 3 for 40c; large 2-year-old plants, 35c each; 3 for \$1.00.

NATIONAL ROSE TRIO

SPECIAL OFFER—3 Roses, Red, White and Pink American Beauty. See page 6.

White American Beauty

Immense Flowers, 4 to 5 inches across, clear white, perfectly double, fragrant. A constant bloomer.

The Hardy Rose, White American Beauty (Frau Karl Druschki). A magnificent variety that has taken prizes at all the shows of Europe; flowers snow-white in color, mammoth in size and delightfully fragrant. 1-year, 25c; 2-year, 40c.

Mrs. W. S., Arcadia, Fla.: ‘I want to thank you for the care you took in packing my Roses, they reached me in fine shape and are doing splendidly.’

The Peony Rose **CLIO**

See Illustration of Flower and Garden.

(Hardy June blooming). Raised by Wm. Paul & Sons, celebrated English Rose growers, and was awarded two first-class certificates by the Royal Horticultural Society. Flowers very large, color flesh, shaded in center to rosy-pink. Its perfect hardiness, vigorous growth and freedom of bloom make it most valuable for planting in the Rose gardens, while the large size, exquisite color and delicious fragrance of its flowers—which at perfection are as large as Peonies—make it in great demand as a cut-flower. Strong, 1-year-old plants, own roots, 20c each; 3 for 50c; 6 for \$1.00; \$1.75 per dozen; 2-year-old heavy plants, 40c each; 6 for \$2.00; \$3.75 per dozen.

Captain Christy

(Hardy June blooming). Flowers of magnificent form, very double, and stand erect in their martial bearing. Fresh, delicate pink, shading deeper in the center of the flower, the whole flower possessing a bright, satiny appearance. It is a free bloomer. Nice one-year plants, 20c; 3 for 50c; two-year-old plants, 40c each; 3 for \$1.10.

Prince Camille de Rohan

(Hardy June blooming). One of the darkest of the Roses—blood-red and maroon. The buds and half-opened flowers are darker than the full-blown blossoms, the latter assuming a smoky crimson hue as the petals droop. The fragrance is strong but decidedly pleasant. The plant grows vigorously with spreading formation and good foliage. Because of its deep color and the plush-like fabric of the blossoms, the Prince Camille de Rohan is a favorite with many Rose-lovers. Price, 20c each; 3 for 40c; 2-year plants, 40c each; 3 for \$1.00.

Harrison's Yellow

Clear Yellow Rose.

(Hardy June Blooming). A Rose that has been known since we were children is the Yellow Harrison. Color can only be described as being of the purest and clearest yellow. The flowers are semi-double, of medium size, and of pleasing fragrance. The flowers come full in early June and there is no other Rose which bears bloom in greater abundance. The variety grows to a height of four to five feet, is of the briar type and is supposed to be a hybrid between the Austrian and Scotch Roses. It is a variety as hardy as shrubbery, will grow anywhere and will always take care of itself. It should not be pruned in the fall as the flowers are borne on young shoots from old wood. Prune immediately after blooming season. Extra strong 2-year plants, 50c; 3 for \$1.40.

Vick's Caprice

Distinctly Striped, Novel and Showy.

(Hardy June blooming). This grand novelty is a true Hybrid Perpetual Rose. We esteem this one of its greatest advantages, as it may be grown to perfection by the amateur as well as by the professional florist. The flowers are large, ground color soft, satiny-pink, distinctly striped and dashed with carmine. It is beautiful in the bud form, being quite long and pointed, also showing the stripes and markings to great advantage, making a valuable and desirable article for cutting. Price, 20c each; 3 for 50c; large 2-year plants, 40c each; 3 for \$1.00.

Madam Chas. Wood

"Flowers Large and Double, Dazzling Scarlet-Crimson."

Has all the desirable qualities of a bedding Rose—good color, fine form, a profuse bloomer and will withstand the rigor of our Northern winters without protection. It is a vigorous, healthy Rose, of dwarf, branching habit, and is simply loaded with flowers all summer long, being even more profuse than most of the tender ever-blooming Roses. The flowers are large, perfectly double, and of a dazzling scarlet-crimson color, and have the rich, spicy fragrance peculiar to the best Hybrid Roses. Price, 20 cents each; 3 for 50c; large 2-year-old plants, 40c each; 3 for \$1.00.

RUGOSA RUBRA—Flowers of a beautiful, bright, rosy crimson and single, succeeded by large berries of rich, rosy red. Exceedingly ornamental.

PRICE: Either variety, good, strong 2-year plants, 40c, by express; 3 for \$1.00; \$3.00 per dozen; \$20.00 per hundred.

Other Good Hedge Roses

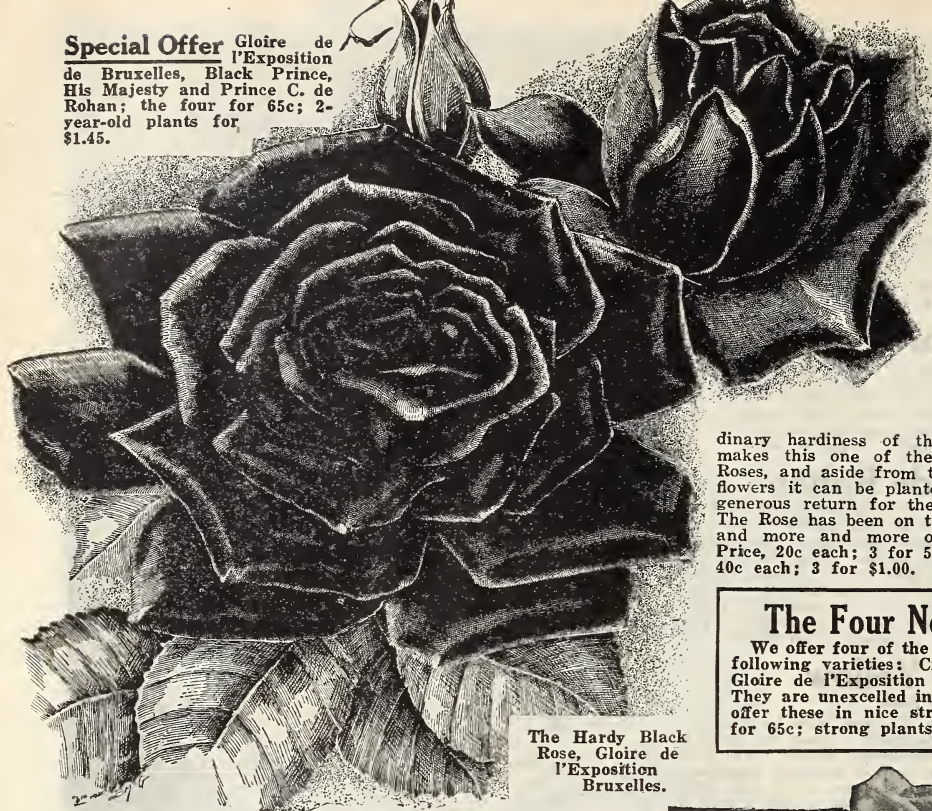

SUMMER BLOOMING HEDGE ROSES: Other good blooming Hedge Roses can be found in such bush varieties as Etoile de France, the Coquets, the Hermosa, Burbank (see index), and any of the Bedding Roses listed on page 25.

JUNE BLOOMING HEDGE ROSES: Any of the hardy June Roses will make good Hedge Roses excepting they have a shorter season of bloom. (See varieties pages 30-34 inclusive).

Illustration of Planting and Flower of the Large Peony Rose Clio. Growth heavy and rugged, foliage rich and handsome; flowers satiny pink in color and sweetly fragrant. A variety of much merit. 20c each.

Special Offer Gloire de l'Exposition de Bruxelles, Black Prince, His Majesty and Prince C. de Rohan; the four for 65c; 2-year-old plants for \$1.45.

The Hardy Black Rose, Gloire de l'Exposition Bruxelles.

The Black Rose Gloire de L' Exposition de Bruxelles

Hardy June Rose. A velvety crimson-rose, with fiery center, conspicuous in any garden, and is considered the largest, sweetest, and best of all hardy Roses. The blooms come freely and are very large and full. The bush grows lustily, erect and big, and the foliage is handsome. Sizing up this Rose from every point it stands without an equal. The extraordinary hardiness of the bush and its splendid foliage makes this one of the best Hybrid Perpetual or June Roses, and aside from the loveliness and fragrance of its flowers it can be planted with full assurance of a most generous return for the minimum of care and attention. The Rose has been on the market for a number of years, and more and more of them are grown each season. Price, 20c each; 3 for 50c, postpaid. Two-year-old plants, 40c each; 3 for \$1.00.

The Four Nearest Black Roses

We offer four of the nearest hardy Black Roses in the following varieties: Crince C. de Rohan, His Majesty, Gloire de l'Exposition de Bruxelles and Black Prince. They are unexcelled in color, form and fragrance. We offer these in nice strong plants in the one-year size for 65c; strong plants in the two-year size for \$1.45.

Black Prince

"Intensely Black Grained Crimson Blooms."

(Hardy June Rose). The National Rose Society has set the stamp of approval upon His Majesty by awarding it the Gold Medal. The color is a fine dark crimson, shaded deep vermilion-crimson on the edges, frequently overlaid with a rich velvety shading, the whole flower resembling that beautiful color seen in Duchess of Bedford. It is a strong, vigorous grower, carrying its flowers upright; the blooms are full, of great size, having wonderful substance and depth of petal, with high pointed center of the Ideal Exposition type. This is a noble flower; one of the sweetest perfumed Roses in cultivation. 20c each; 3 for 50c; two-year, 40c each; 3 for \$1.10.

Mrs. John Laing

(Hardy June blooming). Color a clear bright shell-pink, exquisitely shaded; the buds are long and pointed, the flowers extra large and full; borne on long stems and exceedingly sweet; first-class. Price, 20c each; 3 for 50c; large 2-year-old plants, 40c each; 3 for \$1.00.

Conrad Ferdinand Meyer

"A Grand Rose for Hedge Planting."

(Hardy Summer blooming). A grand Hybrid Rugosa Rose. Has the characteristics of the Hybrid Perpetual, a vigorous grower, free bloomer, flowers large, perfectly double, cup-shaped, deep rose in color, with the penetrating deep fragrance of the old June Roses. Grows and blooms freely in the summer; of exquisite color and delicious fragrance. Price, 20c each; 3 for 50c; 6 for 95c; \$1.90 per dozen; \$13.50 per 100. Strong 2-year plants, 40c each; 3 for \$1.00; 6 for \$1.90; \$3.80 per dozen; \$27.00 per 100.

J. B. Clarke

(Hardy June blooming). Growth is strong and upright, very vigorous; foliage bronzy-green, changing to dark green. Blooms are very large and beautifully formed, very full and long, with high pointed center; color unique, being intense scarlet shaded crimson-maroon, very dark and rich; strongly fragrant. Price, strong one-year plants, 20c each, postpaid; two-year-old plants, 40 cents each.

Gloire de Lyonnaise

"Nearest Yellow Hybrid Perpetual."

(Hardy June Blooming). This grand Rose is the nearest yellow Hybrid Perpetual we have. It cannot be called deep yellow, but rather a pale shade of chamois or salmon-yellow, deepest at center, sometimes passing to a rich, creamy-white, finely tinted orange and fawn. The flowers have all the beauty of Tea Roses, are large, full and delightfully sweet. 20c each; 3 for 50c; large 2-year plants, 40c each; 3 for \$1.00.

Gloire de Lyonnaise, Rich, Creamy White Rose; Blooms from June until Frost. Strikingly Pleasing in Form and Fragrance.

Mrs. E. F. C., Wynne, Ark.: "The 14 Rose plants bought from you last Spring are all nice large plants now. Most of them bloomed all Summer, although they were only one-year plants."

Paul Neyron

"Among the Foremost Roses of the World."

(Hardy June blooming). Paul Neyron enjoys the distinction of producing the largest of Roses. The plant blooms two or three times a year. The color is clear pink, shading to rose—most beautiful in the massiveness of the blossoms. Very fragrant with mild touch of apple blossoms. The Rose is very strong and vigorous and is considered by Rose growers as being among the six Roses of the world best suited for outdoor planting. 20c each; 3 for 50c; large 2-year plants, 40c each; 3 for \$1.00.

The Famous Hardy Rose General Jacqueminot

"The Most Famous Rose in the Country."

(Hardy June blooming). Famous the world over as one of the most magnificent hardy, crimson Roses ever introduced. It is a strong, vigorous grower, entirely hardy, and an early and abundant bloomer, and both buds and flowers are considered models of perfection, and its brilliant, shining crimson color is the standard color by which other Roses are judged. In fact, it is almost unequalled in beauty of form and brilliant intensity of color. Strong, 1-year plants, own roots, 20c each; 3 for 50c; 6 for 90c; \$1.75 per dozen; 2-year-old, heavy plants, 40c each; 3 for \$1.00; 6 for \$1.75; \$3.50 per dozen.

Madame Masson

"A Rival of American Beauty."

(Hardy June blooming). Blooms all the time; the flowers are large, full and delightfully perfumed; color bright, rich crimson; it is a robust, sturdy grower. 20c each; 3 for 40c, postpaid; 2-year size, 40c each; 3 for \$1.00.

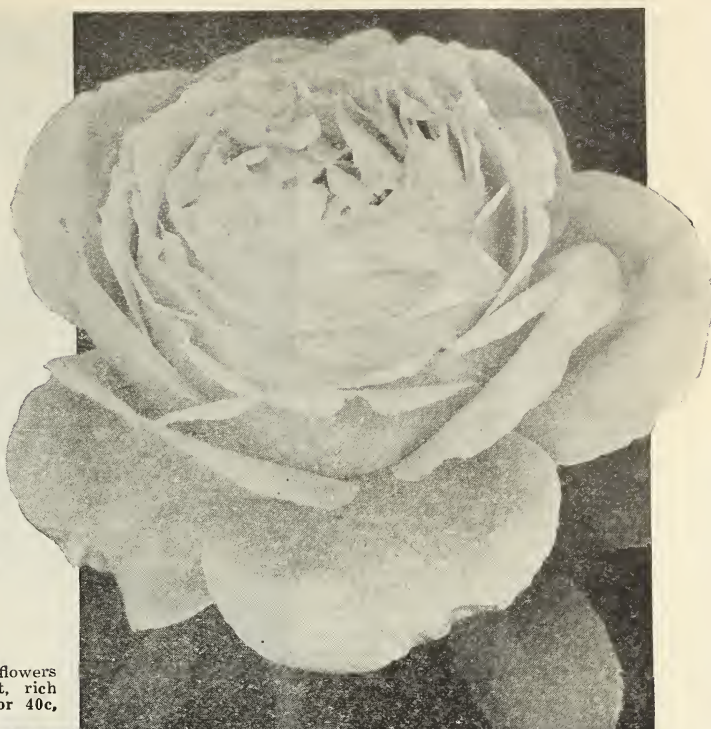

Illustration of planting and flower of the massive Rose Paul Neyron. A variety among the foremost Roses of the World. Fragrant as apple blossoms.

His Majesty

"Intensely Black Grained Crimson Blooms."

(Hardy June Rose). The National Rose Society has set the stamp of approval upon His Majesty by awarding it the Gold Medal. The color is a fine dark crimson, shaded deep vermillion-crimson, on the edges, frequently overlaid with a rich velvety shading, the whole flower resembling that beautiful color seen in Duchess of Bedford. It is a strong, vigorous grower, carrying its flowers upright; the blooms are full, of great size, having wonderful substance and depth of petal, with high pointed center of the ideal exhibition type. When seen at its best this is a noble flower, and is also one of the sweetest perfumed Roses in cultivation. There should be a few of these Roses in every garden. Highly recommended by all who know it. 20c each; 3 for 50c; 2-year 40c each; 3 for \$1.10.

Soleil d'Or

(Hardy June Blooming). —The flowers of Soleil D'Or make up a wonderful combination of reddish-gold, orange-yellow, nasturtium-red, and opaline-pink. In a general way the color would be described as rich chrome-yellow, shaded coppery-rose. The expanded flower is perfectly double, the petals slightly incurved, and fully expanded blooms measure 3 inches or more across; of vigorous growth, 3 to 4 feet high, branching well, and bears quantities of exceptionally highly colored flowers as its name implies, and when in full bloom is of striking brilliance. Extra strong two-year-old plants, 50c; 3 for \$1.25.

The June Rose General Jacqueminot. Flowers pure crimson in color. Perfect in form and strongly fragrant. A popular Rose. 1-year, 20c; 2-year, 40c.

Old Fashioned Roses—Favorites of Years

Hardy Moss Roses

The beauty of the flower consists in the delicate mossy covering which surrounds the buds, and which gives the opening flower a unique appearance. Perfectly hardy and grow in any soil as freely as ordinary Roses.

HENRY MARTIN—(Hardy June blooming). Medium sized flowers, bright rosy-red, free bloomer. 20c each; 2-year-old plants, 35c.

CRIMSON GLOBE—(Hardy June blooming). The flowers of this are very double and globular, beautifully mossed. The blossoms are crimson, sweetly fragrant. 20c; 2-year plants, 40c.

BLANCHE MOREAU—(Hardy June blooming). Flowers are produced in clusters and are large, full and sweet. Pure white flowers, and buds have an abundance of deep green moss. 20c; 3 for 50c; 2-year-old plants, 40c; 3 for \$1.00.

WICHMOSS—New hardy Climbing Moss Rose. (Hardy June blooming). Extremely vigorous in habit of growth. Flowers are semi-double and are rosy-red, tinted carmine-rose color. Produced in clusters and very fragrant. 1-year, 20c; 3 for 50c; 2-year, 35c; 3 for \$1.10.

ELIZABETH ROWE—An old favorite with its large, deep pink buds well mossed. The blooms are sweetly fragrant. 1-year, 20c; 3 for 50c; 2-year, 40c; 3 for \$1.10.

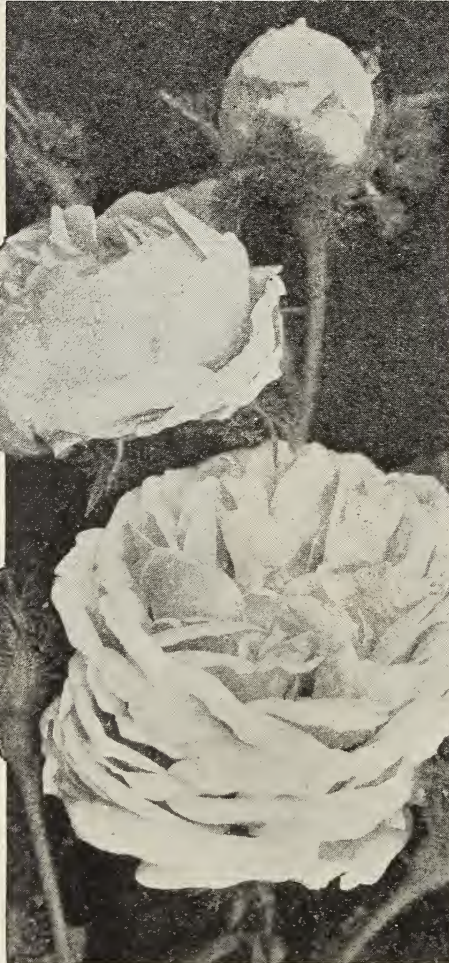

Three Sizes of Roses

We offer in this catalogue three sizes of Roses:

One-Year Size—This size Rose is indicated as "One-year plants," "nice established plants," "strong young plants" or in similar descriptive terms. These one-year Roses are greenhouse grown.

Two-Year Size—Large pot-grown Roses from 4- or 5-inch pots. Plants with strong, vigorous roots and well-branched tops. Much larger than one-year plants, naturally higher priced.

Three-Year Size—Are of a selected size, three-year-old, sold from 5- and 6-inch pots. Heavy plants, well branched, and best Roses obtainable.

IT IS BEST TO PROTECT ALL ROSES

Although we try to carefully explain in the introduction to each family or class whether the Roses in that class are hardy or not, the safest way is to protect all your Roses, for it will do no harm to the hardiest, and where manure is used as a covering it also serves the purpose as a fertilizer. After the leaves have fallen give the beds a covering of manure, straw, cedar boughs, corn fodder, leaves or street sweepings, enough to keep the roots from freezing but still not to smother the plants. In very cold localities it sometimes pays to wrap the entire bushes in straw or bend them down to the ground and fasten them to stakes driven for the purpose; or cover with boards, as the principal object is to keep the plants dry and from the freezing and thawing at times of storms and sleet and rain.

OSTRICH PLUME CHRYSANTHEMUMS

A grand collection of these unique Chrysanthemums. The term "Ostrich Plume" is applied to this type on account of the feathery growth with which the petals are thickly covered.

Wm. Falconer The color is an exquisite shade of rosy-blush, changing to a delicate flesh-pink as the flowers advance in age. The delicacy of tinting is without a parallel in any class of flowers within our knowledge. The soft feathery growth peculiar to the "Ostrich Plume" class is even more pronounced than in any of its predecessors. 15c each; 3 for 40c; \$1.45 per dozen.

L'Enfant (Des Mondes)—Pure white. This grand white sport from L. Boehmer was well received, having many admirers at the shows. Like the parent, is a strong grower of good habit, and is considered the best white of the hairy type. 20c each; 3 for 50c; \$1.90 per dozen.

Mrs. Higinbotham Enormous bright pink Japanese variety; the largest and best hairy variety ever exhibited. 15c each; 3 for 40c; \$1.45 per doz.

Perle of Lyonnaise Bright, clear golden-yellow, somewhat plumed; quite full; one of the very finest; medium size; beautiful globular form; new. 15c each; 3 for 40c; \$1.45 per dozen.

M. Fromont This variety gives us the only red Ostrich Plume Chrysanthemum in cultivation. It is a wonderful variety, strikingly beautiful in color and character of flower. 20c each; 3 for 50c; \$1.90 per dozen.

Louis Boehmer Most beautiful shade of lavender-pink, shaded with silver-pink on the ends of petals. Good size, splendidly incurred. 15c each; 3 for 40c; \$1.45 per dozen.

SPECIAL OFFER—Any 4 of the above Ostrich Plume Chrysanthemums for 50c; two sets for 90c, postpaid.

Mr. L. C. N., Chicago:
"The plants were 'tip-top.' Thanks for courteous treatment."

Red Ostrich Plume Chrysanthemum, M. Fromont. A Wonderful Flower, strikingly beautiful in color and character. Flowers rich red, heavily plumed.

The Sextet of Extra Fine Exhibition Chrysanthemums

Unaka (Early.) Strong growing variety with perfect stem and foliage. A fine incurved bloom of a pleasing shade of pink. Blossoms early in October and takes the place among the early pinks. Highly recommended. 15c each; 3 for 40c; \$1.45 per dozen.

Nagoya (Late.) This is one of the finest brilliant yellows; height, 4½ feet. Grows with good stiff stems and foliage right up to the flower. A reliable variety. Blooms late. 15c each; 3 for 40c; \$1.45 per dozen.

Merry Jane (Midseason.) A large incurved yellow of perfect form. Splendid stem and foliage. Individual petals extra fine, and as a whole the flower is unsurpassed for beauty. A sure winner as an exhibition variety. 20c each; 3 for 50c; \$1.90 per dozen.

Chieftain (Midseason.) This is probably the most popular pink Chrysanthemum grown. It has large petals, good sized flower, blooming freely. Its popular color gives it a place among the first ten of the cut-flower varieties. 15c each; 3 for 40c; \$1.45 per dozen.

Wm. Turner (Midseason.) A perfect incurved variety, quite globular, snow-white, of enormous size; stands at the very head of the whole white section. Won first place over every other variety for size and color entered against it at the shows of 1914. 20c; 3 for 50c.

Tints of Gold (Early.) Color, a magnificent yellowish bronze. Stems stiff and variety that will soon prove popular. Considered one of the most valuable commercial varieties at the present time. 15c each; 3 for 40c; \$1.45 per doz.

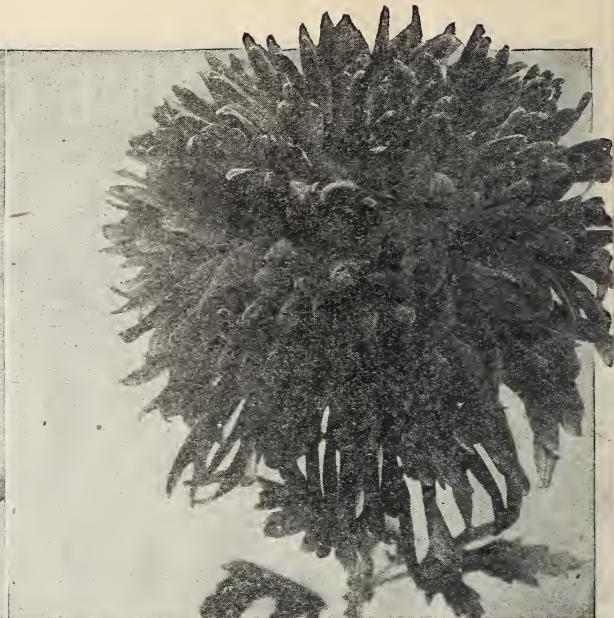

SPECIAL OFFER—The Sextet of Exhibition Chrysanthemums, six varieties, Unaka, Nagoya, Merry Jane, Chieftain, Wm. Turner, Tints of Gold. Six varieties that will produce long stems and wonderful flowers. The six for 90c, postpaid; any four for 60c, postpaid.

GIANT ORCHID FLOWERING CANNAS

THE KING OF ALL CANNAS King Humbert

(4 to 5 feet. New Italian Orchid-Flowering).

Bronze Foliage—In this grand Canna we have a combination of the highest type of flower with the finest bronze foliage. Cross between the Crozy and Orchid flowering families. The flowers are as large as those of any of the Orchid-flowering kinds, yet they have the firmness and substance of the Crozy type. Its flowers are of brilliant orange-scarlet with bright red marking, while the foliage is broad and massive and of a rich copper-bronze. It is without doubt unsurpassed in the Canna family. Good strong plants, 20c each; 3 for 55c; 6 for \$1.10; 12 for \$2.00; \$12.00 per 100, by express.

Alphonse Bouvier

Green Foliage—(Three and one-half feet.) Blooms early, one continuous mass of crimson the entire season. 15c each; 3 for 40c; \$1.50 per dozen.

Charles Henderson

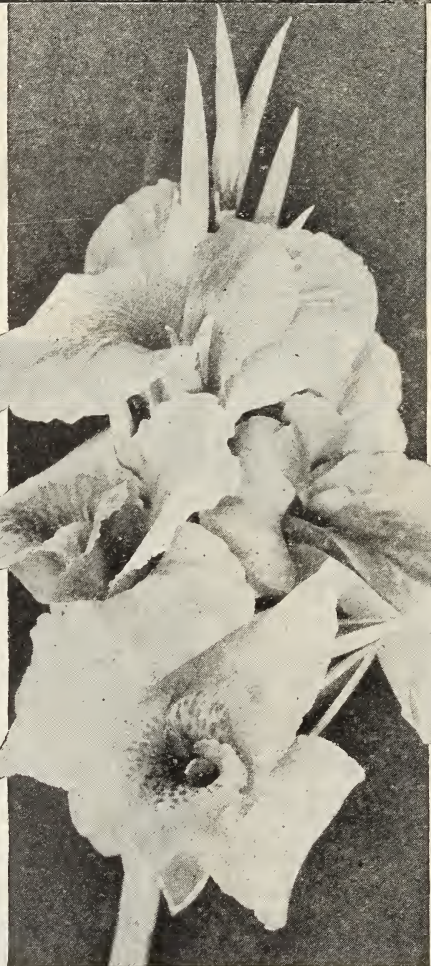

Green Foliage—(Two and one-half feet.) Bright crimson, with pencillings of golden-yellow at center. 15c each; 3 for 40c; \$1.50 per dozen.

Buttercup

(Green Foliage)—Four feet. This variety has been exploited for a couple of years, but the demand for it is so great that it must still rank with those of first consideration. The flowering trusses are of good size, unusually showy. The foliage is a good, soft, rich green, while the color of the flowers is extremely desirable. Price, 25 cents each.

Mrs. Woodrow Wilson

(Green Foliage)—Four feet. A new variety with flowers of a rich, soft crimson pink, which are particularly clear and pleasing. Flowers of large size with broad overlapping, rounded petals of great substance. The foliage is heavy and of good color, and the variety will take a conspicuous place among the bedding varieties of particular merit. Price, 50 cents each.

Canna Flag of Truce. Green Leaved, white flowered; first-class in every way. 30c.

Gorgeous Bedding Cannas

Wintzer's Colossal

(Green Foliage)—Five feet. In this variety we undoubtedly have the largest flowered Canna that has yet been produced. The blooms are over eight inches across and are of a vivid, striking scarlet, which retains its brilliancy. This variety is of exceptionally robust growth. The foliage is heavy and of good color, and all in all the variety stands in a way alone. Price, 35 cents each.

Rosea Gigantea

(Green Foliage)—Four feet. A very beautiful variety, and as vigorous and long-seasoned as any Canna grown. Long, erect stems bear trusses of large size and perfect form. Flowers are of giant size and of color soft rose to carmine-pink. Price, 35 cents each.

Flag of Truce

(Green Foliage)—Four feet. This variety produces another step in the march toward a perfectly white bedding Canna. The flowers are large, five to six inches across, with rounded petals of good size, broad and of firm texture. They are borne well above the luxuriant green foliage on erect branching heads in large clusters. The flowers are soft white in color. Price, 30 cents each.

Black Prince

Green Foliage—(3 ft.) Large flowers of a vivid crimson color; compact, bushy growth; exceptionally fine. 15c each; \$1.50 per dozen.

Robusta

Bronze Foliage—Largest and tallest of all Cannas. Flowers red; excellent for centers of beds and backgrounds for other plantings. 15c; 3, 40c; doz., \$1.50.

Cactus Dahlias

Cactus Dahlias make up a family of Dahlias the flowers of which are loosely arranged, with petals irregular in outline and long and twisted. They are strong growers and profuse bloomers.

FLORODORA—The most popular crimson Cactus Dahlia, as it comprises all of the good qualities required in a Dahlia. The flowers are perfectly shaped, large size, and always full to the center. 25c each; 3 for 60c; \$2.25 per doz., postpaid (by express, 20c each; 3 for 55c; \$2.00 per dozen).

KREIMHILDE—The queen of the Cactus Dahlias; deep rosy pink with lighter center. A distinct and valuable variety, as the flowers keep a long time after cutting. Very late flowering. 20c each; 3 for 55c; \$2.00 per doz., postpaid; (by express, 15c each; 3 for 40c; \$1.50 per doz.)

RHEINKOENIG—A handsome Cactus Dahlia. A splendid early, profuse blooming white cactus that will please everyone who has failed with the other whites. 20c each; 3 for 55c; \$2.00 per doz., postpaid; by express, 15c each; 3 for 40c; \$1.50 per dozen.

COUNTESS OF LONSDALE

—One of the best free-flowing Cactus Dahlias. Color a deep salmon-red tinged violet. Fine form with long stems. 20c each; 3 for 55c; \$2.00 per doz., postpaid; (by express, 15c each; 3 for 40c; \$1.50 per dozen).

SPRINGFIELD—A new Dahlia of recent introduction. It is identical with Countess of Lonsdale except in two essentials. It has a darker stem and the flowers instead of being a salmon-pink as in Lonsdale, are a rich amaranthine-red. Price. 25c; 3 for 60c; \$2.25 per doz., postpaid. By express, 20c each; 3 for 55c; \$2.00 per dozen.

PRINCE OF YELLOWS—One of the best Cactus Dahlias. A beautiful soft golden-yellow. 25c each; 3 for 60c; \$2.25 per doz., postpaid; (by express, 20c each; 3 for 55c; \$2.00 per doz.)

Peony Dahlias

The flowers of this type of Dahlias are semi-double, flat petals, loosely arranged, slightly twisted and curled, giving the appearance of Japanese Peony, hence the name. Blooms effective and graceful, large and fluffy.

Sunrise SUPERB ENGLISH PEONY-FLOWERED DAHLIA

One of the most fascinating varieties in existence, the color being an exquisite clear lively pink. The contrast between the bright pink flowers and heavy green foliage is perfectly marvelous. The golden-yellow center adds an exquisite charm to the whole plant. It is a strong, vigorous grower, an early and free bloomer. The flowers are very double, being always with a full high center. It is of strong branching habit, and produces flowers on stiff, rigid stems. 25c each; 3 for 60c; \$2.25 per dozen, postpaid; by express, 20c each; 3 for 55c; \$2.00 per doz.

Decorative Dahlia, Sunrise, one of the most fascinating varieties in existence; color, exquisite clear, lively pink.

QUEEN EMMA—Fragrant Peony-flowered Dahlia. A charming shade of Hollyhock pink, inner petals banded with gold. 20c each; 3 for 55c; \$2.00 per doz., postpaid; (by express, 15c each; 3 for 40c; \$1.50 per dozen).

MRS. JACQUES FUTELLE—Up-to-date Peony-flowered seedling. Flowers of medium size, lemon-yellow heavily splashed scarlet. 20c each; 3 for 55c; \$2.00 per doz., postpaid; (by express, 15c each; 3 for 40c; \$1.50 per doz.)

GERMANIA—Holland Peony-flowered Dahlia. A magnificent variety of extra fine form, with color of an exceptionally beautiful, bright, glowing crimson. 20c each; 3 for 55c; \$2.00 per doz., postpaid; (by express, 15c each; 3 for 40c; \$1.50 per doz.)

KING LEOPOLD. Exquisite Holland Peony-flowered Dahlia—A very dainty lemon-yellow, shading lighter at edges. The well-formed flowers are produced on long, wiry stems, well above the foliage. Very free flowering. 20c each; 3 for 55c; \$2.00 per doz., postpaid; (by express, 15c each; 3 for 40c; \$1.50 per dozen).

QUEEN WILHELMINA. Giant Holland Peony-flowered Dahlia—The largest and finest of the pure white sorts, being excellent for decorative work, and unsurpassed as a cut-flower variety. Blossoms produced upon long, graceful stems, well above the foliage. 20c each; 3 for 55c; \$2.00 per doz., postpaid; (by express, 15c each; 3 for 40c; \$1.50 per dozen).

MRS. CHAS. SEYBOLD—One of the handsomest Peony-flowered Dahlias. The coloring of this variety is white suffused pink, heavily tipped carmine-pink and crimson. The flowers are very large. 20c each; 3 for 55c; \$2.00 per doz., postpaid; (by express, 15c each; 3 for 40c; \$1.50 per dozen).

"KING OF ALL GARDEN FLOWERS"

White Show Dahlia, Robt. Bloomfield.

Red Show Dahlia, Red Hussar.

White Decorative Dahlia, Perle d'Or.

Show Dahlias

The Show Dahlias are the Dahlias of our grandmothers' time; somewhat stiff compared with the Cactus and Decorative, but their large size and brilliant colors make them extremely popular.

RED HUSSAR (Show Dahlia)—Blooms are of the richest dazzling cardinal-red. The variety is a strong grower and produces flowers freely on long stems. It is the best red Dahlia for cutting. 25c each; 3 for 60c; \$2.25 per doz., postpaid; (by express, 20c each; 3 for 55c; \$2.00 per dozen).

Pansy Geranium Easter Greeting

Rival the Azalea in beauty. Gorgeous in Coloring.

Easter Greeting is the most wonderful flowering variety of all the Pelargoniums. Its blooming season extends from late winter to early fall, and through the summer the plants are gorgeous. The plants in five-inch pots have produced over a hundred trusses of blooms. The variety is of strong, compact, bushy habit, holding its foliage well. The color is hard to describe—a fiery amaranth-red. Some describe it as a brilliant rose. Each of the five petals being marked with a large dark brown or black spot in the center, the spot being bordered with scarlet daintily penciled with crimson. The florets are very large, from $2\frac{1}{4}$ to $3\frac{1}{4}$ inches in diameter, and are very durable either on the plant or when cut. 35 cents each; 3 for \$1.00.

Bronze Bedder, GOLDEN-BRONZE GERANIUM

Foliage golden-yellow chestnut-brown, flowers rich scarlet.

For a brilliant display of foliage and color we know of nothing to equal this Geranium. It has been tested for two or three seasons and has been found to be the best of its class. It is a strong and vigorous grower, throwing its trusses well above the foliage. It is also a grand bloomer and will produce more blooms than any other Bronze Geranium. Its foliage is bright golden-yellow with a broad zone of deep chestnut-brown, and scarlet blossoms, the flowers and foliage holding well under the sun. For a brilliant display of bright scarlet with foliage of the richest coloring, the variety is unequalled. Abounding in vigor, beautiful foliage, striking and perfect habit, the plant is of unusual merit. Price, 20c; 3 for 50c; \$1.75 per dozen.

FREE Do not overlook our free offers of Roses, on pages 4 and 5, for orders from new customers.

BEAUTIFUL DECORATIVE FERNS

The Original Boston Fern, *Nephrolepis Bostoniensis*. Its freedom of growth without essential care has made it popular with admirers of beautiful house plants. 15c, 25c, 50c.

The Grand New Dwarf Fern "Teddy Jr."

This magnificent Fern is a sport from the now famous Roosevelt Fern, and while its habit of growth is to produce a shorter frond it retains all the valuable characteristics of the parent plant. The fronds are broad and beautifully tapered from base to tip; they droop just enough to make a shapely, graceful plant, permitting it to finish with fine full center and perfect symmetrical spread. The pinnae are distinctly undulated, giving the fronds an attractive wavy appearance, which adds to their charming decorative effect. It is such a compact, vigorous grower that it will thrive under most adverse conditions. Young plants, 15c; strong plants, 25c; extra strong plants, 50c.

THE PLUMED FERN

Scholzeli

With the recent introductions of Ferns which have come from the original Boston type, there is no variety with heavier and more plummy fronds than in the improved variety Scholzeli. It is unique in foliage, quite different from all other varieties of the family, and stands in a class by itself. The plant makes a comparatively dwarf, compact growth, the fronds, while dense, firm and rigid, are still graceful as the illustration shows. The foliage is also of a darker green than the original Boston Fern. All in all, it forms an ideal plumed Fern, possessing all the merits of former introductions while having a distinctive character that makes it of especial value. Price, nice shapely plants, 15c; larger size, 30c and 50c.

The grand new Dwarf Nephrolepis Fern Teddy Junior. Price 15c, 25c, 50c.

The Ideal Plumed Fern Scholzeli. Price, 15c, 30c, 50c.

These beautiful plants now occupy first place in the esteem of flower lovers. They are unsurpassed for decorative purposes; the fronds are finely cut and oddly shaped. Fronds have a graceful effect produced by few other plants and they do exceedingly well in the parlor and conservatory. The *Nephrolepis* family, of which the well-known Boston is a member, has furnished us many beautiful species of late years.

The Boston Fern

"No Single Decorative Plant has ever proven more popular."

The Fern is one of the best known varieties grown, and in the long years of its cultivation has proven worthy of a place in every home. It has been given the name of Fountain Fern, a name derived from its exceptionally graceful habit of growth, and until the introduction of other types was considered the most valuable house plant to be had.

It is of easy culture and a very rapid grower, producing fronds of unusual length, frequently measuring six to eight feet in length. Its unusual freedom of growth without especial care has made it popular with all admirers of house plants, and although there have been many new introductions from this the parent plant, it is still the most popular variety in cultivation. Price, nice young plants, 15 cents each; larger plants, 25c and 50c each.

GUIDE TO Floriculture

Successful growing of Ferns and other plants is dependent on "knowing how," and we therefore offer this little book of practical information, told in a clear, simple way, on the care and management, in house and garden, of the popular flowers. 25c postpaid; free on request with order amounting to \$2.

The Best All-Round Plant Grown

The Ideal Fern ROOSEVELT

A Notable and Valuable Novelty. Wins Prizes Everywhere.

The popular Boston Fern has had the most phenomenal sale of any decorative plant that has ever grown. Fronds grow very broad and heavy, often measuring six inches or more across, and five or six feet long. Owing to the weight of the foliage, the plant assumes an exceedingly massive yet graceful appearance, and owing to the illness of the fronds even small plants make much more symmetrical and beautiful plants than the popular Boston Fern. The divided pinnae or miniature fronds which are so gracefully arranged, keep growing constantly, overlapping each other and showing two shades of green, while the center and main part of the frond is rich dark green, the contrast producing a beautiful effect.

We offer well established plants at 15c each; 3 for 40c, postpaid; strong plants, 30c each; 3 for 80c, postpaid; large plants, 50c each; 3 for \$1.25.

The New and Popular Roosevelt Fern. 15c, 30c and 50c.

The Gold Medal Fern

Elegantissima Compacta. Valuable on Account of its Easy Culture.

A variety of comparatively recent introduction which is different and distinct in compactness of growth, and the subdivision of its fronds. While the fronds are broad and heavy, the plants assume a graceful appearance. It is a variety wonderfully valuable on account of its easy culture and hardiness. Its distinguishing characteristics are its dark green foliage, dense and compact growth and its irregular shaped fronds, which are heavily bricated, the pinnae overlapping and so formed as to resemble miniature ferns. We offer well established plants, 20c each; for 50c, postpaid; strong plants, 30c each; 3 for 80c, postpaid; extra strong plants, 50c each; 3 for \$1.25.

THE OSTRICH PLUME FERN Whitmanii

Fronds as Feathery as Ostrich Plumes.

Whitmanii is one of the few feathery foliage Ferns with which everyone can succeed in growing to finished specimen plants. It is a healthy, vigorous grower, constantly unfolding fresh fronds, which often attain a width of twelve inches. Each frond is delicately and finely cut, possessing such elegance of form and willowy grace as to be compared to a beautiful ostrich plume. Its feathery drooping form and compact, luxuriant growth will make the most sordid surroundings assume cheerfulness and verdant beauty. In decorative effect it far outdistances many of the other varieties of the family. It has taken gold medals wherever shown. Price, young plants, 15c; 3 for 40c; strong plants, 35c; extra strong plants, 50c.

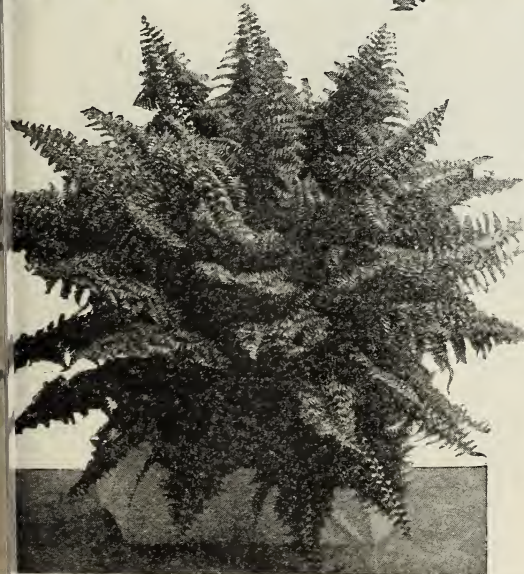

Hardy Ferns for Shady Places

These graceful and universally popular plants are of easy culture and afford a wide range of possibilities. A shady nook, where the soil is moist and the drainage good will prove an ideal location, especially if a liberal amount of leaf mold or woods earth is available; and better still, if rocks and stumps may unite in breaking the monotony of the ground's surface. Under such conditions Ferns require very little attention and amply repay in satisfaction and genuine pleasure. 25c each; 3 for 70c; 6 for \$1.35; \$2.50 per dozen, by express only. (See page 87).

SPECIAL OFFER—We will send postpaid one each of the Ferns on this page (not including the Hardy Fern), in the small size, three in all, for 40c. One each of the three Ferns on this page, in the medium size for 80c. One each of the four Ferns in the largest size for \$1.25.

Hardy Fern. A graceful growing and universally popular plant. 25 cents each.

Gold Medal Fern, Elegantissima Compacta, 20c, 30c and 50c.

Popular Porch and Basket Ferns

Lace Fern

One of the Most Beautiful and Popular Foliage Plants of the Century.

A Decorative Plant of Unusual Value.

(*Asparagus Plumosus*)—The family of *Asparagus* plants comprises a number of varieties. Some are climbers, some drooping or trailing, some erect and bushy. Many of them are highly prized for their beautiful and graceful foliage, and the two varieties which we list on this page are practically the most popular and valuable of all. The variety *Plumosus* (*Asparagus Plumosus Nanus*) is a tall climbing decorative plant and one of the rarest and of delicate beauty. Its bright green foliage is extremely fine and plume-like. The fronds grow from six to eight inches in width and when cut retain their color and shape for weeks. The plant may be grown as a pot plant, a bushy form or climbing. Florists grow the *Asparagus Plumosus* to give them rich green strings of foliage to be used similar to the popular *Smilax*. *Asparagus* possesses the advantage of being more graceful and its foliage finer than those of the most delicate Fern. As a house plant it will thrive under practically all conditions. The *Asparagus* likes a good rich soil and fairly warm temperature. The plant does best and carries the richest color of foliage when it is kept in a growing condition through a plentiful supply of nourishment. *Asparagus* is comparatively free from diseases, and with all its good qualities and practically no bad ones, it ranks as one of the first decorative plants to be had. Nice young strong growing plants, 15c each; 3 for 40c; \$1.50 per doz. Larger plants 25c; 3 for 60c; \$2.25 per dozen.

LACE FERN
(*ASPARAGUS PLUMOSUS*)

Asparagus Plumosus (Lace Fern)
Foliage of richest green. 15c, 25c.

Feather Fern

Unsurpassed for Window Boxes or Hanging Baskets.

Foliage Graceful and Drooping
Dense Glossy Green.

(*Asparagus Sprengerii*)—The *Asparagus Sprengerii* gives us a plant of the bushy and drooping form of the *Asparagus* family. The foliage is composed of dense glossy green, graceful and drooping branches. The Feather Fern or *Asparagus Sprengerii* is probably of a hardier nature than the *Plumosus*, and subjects itself to wider usage. It is especially valuable for window box and hanging basket planting, for vases and as specimens when grown in pots or as tub plants. The Feather Fern or *Asparagus Sprengerii* gives us a more valuable house plant, being one of easy culture, the sprays growing four to five feet long, and when the foliage is used for cut flower work it retains its freshness for an unusual length of time. The Feather Fern is particularly free from troublesome insects or diseases, and in this has one advantage over the large family of decorative Ferns of the Boston Fern type. The plants are of rapid growth, succeeding well in ordinary rich soil, and there is every reason to believe that all plant growers can have the greatest success with them. Price, nice strong growing young plants, 15c each; 3 for 40c; \$1.50 per dozen. Strong plants, 25c each; 3 for 60c; \$2.25 per dozen. Larger plants, 50c each; 3 for \$1.25.

Choice Decorative Palms

Kentia

The Kentia Belmoreana Palm represents the best of the Palm family. It is a native of the Lord Howe Islands, situated a few hundred miles east of Sidney, New South Wales. Here it grows in luxuriance on the mountain slopes. It has the grace and lightness of the Cocos, but robust in growth and heavy in foliage. As a foliage plant it cannot be excelled, withstanding wonderfully dust, changes in atmosphere and neglect. It is not susceptible to insects and is a rapid and graceful grower. Price, nice young plants, 40 cents; larger plants, 60 cents and \$1.25, by express only.

Something for Every Garden,
Everything for some Gardens.

Springfield, Ohio, is the Plant Growing Center of the World.

The Beautiful Palm of the Howe Islands, where it grows in luxuriance on the mountain slopes.

Areca Lutescens

One of the most beautiful Palms. Its dark, glossy green leaves are gracefully curved on slender stems, and the entire foliage is gracefully disposed; the trunk and stems are golden-yellow. Price, nice plants, 35 cents, postpaid; larger plants, 75 cents and \$1.25, by express.

Fan Leaf Palm

(Latania Borbonica)—This is the typical Palm and is more largely grown than all other varieties combined (possibly excepting Kentia). Its vigorous, healthy habit and large, glossy green, fan-like leaves commend it to all. Nothing is more satisfactory as a decorative plant than a well-grown specimen of Latania. This is the Palm from which the Chinese Palm Fans are made. Adapted to all decorative purposes within or without doors. Price, nice young plants, 20 cents each; larger plants, 35 cents each; large specimen plants, 60c, by express.

The Popular Fan Leaf Palm (Latania Borbonica). Price, 20c; 35c and 60c.

COCOS

WEDDELLIANA

Price, 40c and 60c.

Cocos Palm

(Cocos Weddelliana).—The most elegant and graceful of all the smaller Palms. Its slender stem is freely furnished with graceful and arching leaves of a glossy green color. The smaller sizes are admirable for Fern dishes. Larger sizes make up some of the best specimens of the Palm family. Price, 40 cents; larger plants 60c, by express.

Special Offer

SMALL DECORATIVE PALMS
3 for 95c.

Areca Lutescens, Kentia and Latania Borbonica, illustrated on this page, one each of these varieties in nice young plants, amounting to at single prices \$1.20, for 95c, postpaid. Anyone will be able to succeed with these varieties. All of easy culture.

Kentia Fosteriana

One of the finest plants of any of the Palm family for general cultivation, being almost impregnable against disease. Leaves deep, glossy green, fan-shaped, split deeply into segments. Very similar to Kentia Belmoreana, but with broader foliage. Price, nice plants, 40 cents, postpaid; larger plants, 60 cents and \$1.25 each, by express only.

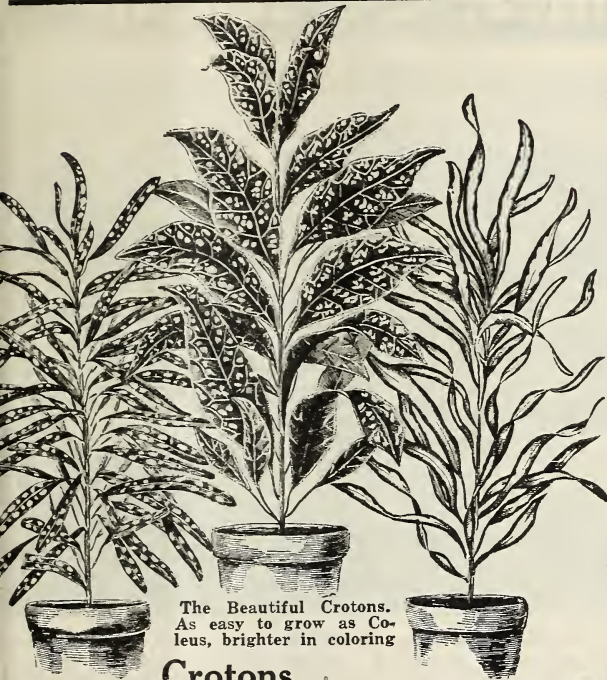

Phoenix Roebelinii

(The Ostrich Plume Palm).—This beautiful Palm has the grace and lightness of Cocos Weddelliana, but is more robust in growth, foliage gracefully curved, spreading in habit. It will be the most popular for house decoration. Has graceful curving leaves with very narrow dark green pinnae, giving it a lightness and airiness not surpassed. At the same time it is as hardy as the Kentia Palm, succeeding admirably as a house plant. Strong plants, \$1.50 each, by express. Specimen plants, \$2.50, by express only.

Ostrich Plume Palm, \$1.50 and \$2.50.

Ornamental Foliage Plants

The Beautiful Crotons.
As easy to grow as Coleus,
brighter in coloring

Crotons

Crotons are among the finest decorative foliage plants known. As easy to grow as Coleus, and much brighter in their coloring. The leaves of all are more or less veined and margined, sometimes entirely variegated with shades of yellow, orange and crimson. Some have long, narrow leaves arching gracefully, fountain fashion; others are broad and short, oak-leaved. Crotons love heat, sunshine and moisture. Used extensively as bedding plants. Should be planted in full sun in a position where they can be liberally supplied with water, which develops most wonderful coloring in the foliage. Price, 50c each; 3 for \$1.25.

Screw Pine

(*Pandanus Utilis*).—For majesty of form and gracefully arranged foliage this is without a peer, while its vigorous constitution enables it to stand more neglect without serious injury, than almost any other plant we know of. As an adornment for the window its glossy, dark green serrated foliage renders it unusually attractive. It shows grandly on the lawn when grown to a sufficient size. Price, nice plants, 50c each; large plants, \$1.00 each.

Screw Pine.
(*Pandanus*) 50c.

Dracena Terminalis, 35c, 60c.

Dracena Terminalis

A superb species, with rich crimson foliage, so marked with carmine-pink and creamy-white that words cannot describe the exquisite coloring. This is one of the most admired of the decorative species, its elegant habit and extremely beautiful, lively coloring giving it marked value. It is a rapid grower. Price, well established plants, 35c each; larger plants, 60c.

Sago Palm

(*Cycas Revoluta* — Japanese Fern Palm).—For years the price of the Sago Palm has placed it beyond the reach of ordinary plant buyers. We have imported a fine lot of *Cycas* from Japan and offer them so as to be within the reach of all. It is probably the most valuable decorative Palm grown, both for lawn and house. The heavy glossy, deep green fronds resist gas, dust and changing of temperature. Sent by express only. Price, nice, small, shapely plants, 75 cents; 6 to 8 leaves, \$1.00 each; 8 to 10 leaves, \$1.50.

Ficus Elastica—Rubber Plant, 50c.

India Rubber Plant

(*Ficus Elastica*) — Familiarly known as the Rubber Plant, is one of the most popular and satisfactory house plants. Of a tropical nature, being at its best under moist conditions and high temperature, but if well cared for, the foliage kept clean, good drainage provided and the soil kept sufficiently moist, it will continue growing throughout the year. Branched plants are produced by cutting out the top in early spring. Its thick, leathery leaves enable it to withstand excessive heat and dryness, while its deep, glossy green foliage always presents a showy appearance. For house culture and porch decoration. Large plants, by express, 50 cents.

Cycas Revoluta

Bulbs increase in size each year and leaves double in size and number.

Sago Palm

The *Cycas* or Sago Palms must be sent by express.

It is with a great deal of pleasure that we offer the following magnificent and beautiful English large flowering types, from the best known introducers. Among these newer varieties that are becoming very popular there are some that promise to revolutionize Geranium growing. In the different types will be found the most beautiful that can be imagined; magnificent in size, perfect in form and extremely gorgeous in coloring; some in splendid solid colors that fairly dazzle the eye, others in exquisite combinations of foliage and flower that baffle successful description, and must be seen to be appreciated. They are recommended for bedding and pot plants, and wherever the very finest in Geraniums is desired. We feel confident they are all beyond the ordinary class of Geraniums in all points that go towards the making of the ideal plant and flower.

Alphonse Ricard A strong grower, dwarf and branching, and producing flowers in great masses. Both floret and truss are of enormous size, single or slightly doubled, and color a brilliant shade of orange-red. **16c**

Beaute Poitevine It is a perfect marvel among Geraniums. The flowers are produced in the greatest profusion; trusses being a deep magenta color. **12c**

Jean Viaud Color bright rosy-pink with distinct white blotch in the center. Habit dwarf, compact, very vigorous and exceptionally free blooming. Best pink Geranium for bedding yet introduced. **16c**

Mad. Jaulin Without question the finest new semi-double Geranium offered in many years. This is an entirely distinct color in the Bruant or bedding type; very large florets compose a truss of grand size; center of flower very delicate pink, bordered with pure white. **18c**

S. A. Nutt This is the darkest and richest Geranium grown. It is a very bright, dark, deep, rich velvety maroon, an excellent bedder and a perfect pot plant, one that must find its way into every collection. Stands the sun perfectly and is always a mass of bloom. Each. **12c**

Mme. Barney A splendid deep pure pink of a lively shade. Grand habit of growth, compact and yet well branching; very free in bloom, semi-double and of large size. A wonderful bedder and an excellent pot variety. **18c**

Duke de Montmort Trusses of enormous size; color brilliant purple, nearest we have to the blue Geranium. Highly recommended. **16c**

Buchner A new Geranium of the large flowering type and one that has proved to be a fine bedder. Flowers purest white; not a trace of coloring at the center. Very free flowering, always a perfect mass of white. Plant dwarf and bushy. Each. **12c**

Marquis de Castelaïne A giant among Geraniums. Produces a wealth of bloom the whole season. Color deep rosy-scarlet, shading into pure scarlet at the edge of the upper petals. One of the best Red Geraniums. Each. **16c**

Mrs. Lawrence Finest Geranium of this color; wonderfully free flowering. Unsurpassed as a bedder. The color is an artistic shade of bright, satiny-salmon-pink, slightly tinged white. **16c**

Bertha de Pressily A most beautiful shade of silver-rose of exquisite brightness; the blooms are extra large, very double; the habit is dwarf, robust and branching, continually in bloom. **16c**

Double Dryden Magnificent combination of colors; center of flowers coral-white, gradually shading to the most exquisite glowing, soft crimson; beautiful variety; strong and robust. **18c**

You may select from the Geraniums priced at 12c any 3 for 31c; 6 for 57c; 12 for 90c; 25 of any one variety for \$1.75; 50 for \$3.25; 100 for \$5.25.

Carnations

When the people throughout the country were vainly seeking for an appropriate flower, acceptable to all, as our National Emblem, nature opportunely came to their assistance by presenting the improved Carnation—the product of American soil—which seems especially created for that purpose, uniting the red and white flower with foliage of metallic hue. While it is generally conceded that the Rose ranks first for producing flowers for cutting, the Carnation is gaining in popularity for its profusion of bloom, easy culture, and for the exquisite fragrance of its flowers. The last few

DOUBLE SWEET SCENTED VIOLET

Lady Hume Campbell

The best double purple flowering Violet yet produced. Flowers are of good size, produced on good long stems, with beautiful foliage of richest green. The variety is a good one for cut flower planting, is of easy culture, growing well in a good, rich soil. Price, 15c each; 3 for 40c; \$1.25 per dozen.

towards the center. Stem is strong and stiff. 15c each; 3 for 40c; \$1.45 per dozen.

WHITE ENCHANTRESS—The purest white sport from the variety Enchantress. It is absolutely pure white in color. 15c each; 3 for 40c; \$1.45 per dozen.

C. W. WARD—Very large, full and well formed flowers. Color bright salmon-rose. Very highly scented. 15c each; 3 for 40c; \$1.45 per dozen.

VICTORY—A large flowering variety with a striking scarlet bloom. 15c each; 3 for 40c; \$1.45 per dozen.

BOBOLINK—One of the finest variegated Carnations in cultivation, particularly in its prolific blooming. Flowers are not as large as some, but so many more; color pink, with a white stripe; a good grower and popular variety. 15c each; 3 for 40c; \$1.45 per dozen.

ELDORADO—Light, clear yellow, petals edged with a narrow band of light pink. A strong, vigorous grower with fine healthy foliage, stems of good length, supporting large, finely formed flowers. The color shows up well under artificial light and does not look white, as so many yellows do. 15c each; 3 for 40c; \$1.45 per dozen.

BEACON—A rich crimson. Flowers averaging three and one-half inches in diameter, of strong growth and free blooming qualities. An excellent variety for the house or garden. 15c each; 3 for 40c; \$1.45 per dozen.

BENORA—Clear white, penciled with bright red. Narrow foliage; long stems. Flowers large, freely produced. Very clear cut and beautiful. 15c each; 3 for 40c; \$1.45 per dozen.

YELLOW PRINCE—Of healthy constitution with a pleasing clove fragrance. The variety produces long, stiff stems. Color, pure yellow. 15 cents each; 3 for 40 cents; \$1.45 per dozen.

POCAHONTAS—Color, deepest crimson. Flowers are largest size—ideal for cut flowers. 15 cents each; 3 for 40 cents; \$1.45 per dozen.

BONFIRE—An early, free, strong and robust grower. Produces strong stems. Color, brilliant deep scarlet. Very fragrant. 15 cents each; 3 for 40 cents; \$1.45 per dozen.

ROSETTE—Darker than Rose-Pink. Brighter than Lawson. Growth of the very best. Very good size. 20 cents each; 3 for 40 cents; \$1.45 per dozen.

ENCHANTRESS SUPREME—A splendid variety that is making good everywhere. Color is a light salmon-pink, several shades deeper than the original parent. We cannot too strongly recommend this variety. 20c each; 3 for 50c; \$1.90 per dozen.

MATCHLESS—Blooms early and continuously, and should line up as a great commercial variety. It seems to be easy to handle and very free. Flowers extra large and wonderfully fragrant. 15c each; 3 for 40c; \$1.45 per dozen.

DOUBLE AND SINGLE Sweet Scented VIOLETS

The Violet gives us the most popular and important flower in culture, for it ranks third in commercial importance; the Rose first, Carnation second and Violet third. This comparison is reckoned commercially by the length of the blooming season, which is rated as ten, eight and seven months. A crop worth millions of dollars is raised annually from the Violet through private and commercial work, and Violet culture is now receiving unusual attention. It is a beautiful flower, popular with all, and of easy culture, doing well in any good rich soil.

SINGLE VIOLET PRINCESS OF WALES—This variety is far ahead of any other Single Violet known. The grand single flowers of a true violet-blue that does not fade, and of the richest, most delicious fragrance. 15c each; 3 for 40c; \$1.25 per dozen.

HARDY DOUBLE ENGLISH VIOLET—This Violet is entirely hardy, perfectly double, a deep violet-purple in color and most deliciously fragrant. Will grow and bloom in any garden, and in any situation. Nothing is more appropriate for cemetery plots than the hardy Double English Violet. 15 cents each; 3 for 40 cents; \$1.45 per dozen, postpaid.

DOUBLE VIOLET SWANLEY WHITE—A sport of Marie Louise, the same growth, the same freedom of flowering, the same perfume, and the individual flower equally as large and of the purest white. 15c each; three for 40 cents; \$1.25 per dozen, postpaid.

DOUBLE VIOLET LADY CAMPBELL — Double purple, similar in growth and shape of flower to Marie Louise, but color a little lighter; very good for cut-flower planting. 15 cents each; 3 for 40 cents; \$1.25 per dozen.

Grow Violets for Profit. Circular free. The Cut-Flower Violet, Princess of Wales, 15 cents.

Giant Flowering Pansies

Our GIANT FLOWERING PANSIES of genuine American strain comprising a marvelous number of new shades and varieties as well as improved types from other lands. All are of wonderful form, richest coloring, marvelous in size. There is no flower more admired than the Pansy; no flower border, be it ever so gay and gorgeous, is so interesting. The combination of colors embraces striped, spotted, bordered and fringed; in rainbow colors, with rich, velvety textures.

Pansy plants, planted in the spring as soon as the frost is out of the ground, will begin to bloom at once, and afford daily pleasure. To get best results and extra large flowers, the soil must be exceedingly rich—we use equal parts well-rotted manure and soil. 35 cents per dozen; 25 for 70 cents; 50 for \$1.35; \$2.50 per hundred.

Children's Ideal Flower Bed

The Pansy forms the ideal flowering plant for children. It is their choice flower, easy to grow and always in bloom. There is a growing interest in the garden by children. The work is unequalled for physical development and forms its part in character building. The matter is receiving the attention of schools through teachers as well as from parents, and it should receive the hearty co-operation of all. All children should be helped and everything possible be done to promote and develop their gardening interest, and in no way can a better start be made than through a Pansy bed, which can be had for 35 cents.

McGregor's Fancy Bedding Coleus

The Coleus, a plant very familiar to all, is one which, for bedding purposes, cannot be excelled. The foliage is very beautiful in many of the newer sorts, and shows a great variety of markings and fine combinations. Being easily propagated from seed or from cuttings, it is used in great quantities in private places, in small gardens and in the public gardens and parks.

The Coleus thrives best in a rich, sandy soil, composed of two-thirds good field soil and balance equal parts of sand and manure. In selecting a location for Coleus beds, avoid shady places, for when planted in the shade, the colors will not be brought out so beautifully as when out in the full sun. Plant four to eight inches apart.

Price for any of the following named varieties (except where noted), 7 cents each; 3 for 18 cents; 6 for 31 cents; 25 for \$1.15 100 for \$4.25. (Purchaser may select one or more varieties).

SENSATION—Color crimson-maroon, center light red.

VERSCHAFFELTII—Maroon center, spotted yellow.

YELLOW BIRD—Color golden-yellow.

EMPRESS OF INDIA—Light maroon, edged yellow.

DUNEIRA—Various shades of crimson.

TRAILING QUEEN—The leaves are a bright cherry-red in the center, bordered by a narrow band of deep maroon, with a deep band of green on the edges.

QUEEN OF THE WEST—Green, streaked with maroon.

HERO—Darkest Coleus grown, nearly black.

BECKWITH GEM—Dark maroon, edged golden-yellow.

GRACE ADAMS—Green leaf, red crested edge.

MARIE LEVERING—Highly colored foliage, splashed crimson.

FIRE CREST—Edge of leaves very irregular, center deep maroon, bordered with a broad band of fiery-scarlet.

RETTA KIRKPATRICK—Solid green with white center.

FIRE BRAND—Brilliant scarlet, very showy.

DATONIA—Velvety-maroon, yellow band.

Brilliant Bedding Salvias SCARLET SAGE

Price, 15c each; 2 for 25c; \$1.00 per dozen; 25 for \$1.50, by express; \$5.00 per 100 by express. (Purchaser may select one or more varieties).

DWARF EVERBLOOMING SALVIA ZURICH—A fine scarlet, very dwarf, and an everbloomer.

THE HYACINTH-FLOWERED SALVIA, ST. LOUIS

—This is a great improvement over the popular *Salvia Splendens*. Flower spikes are longer and more double, resembling immense *Hyacinth* flowers.

WHITE SALVIA—Identical with *Splendens*.

SPOTTED SALVIA (Audobon)—A very striking variety; yellow blotched leaves; flowers bright scarlet.

SALVIA SPLENDENS BONFIRE (Flowering Sage)—Too well known to need description.

SALVIA, MRS. PAGE—This variety we consider the best of dwarf varieties of late introduction.

AMERICA—A perpetual bloomer; can be brought into flower at any desired time. Brilliant scarlet, bright green foliage, making a gorgeous contrast. Price, 25 cents each; 3 for 60 cents; \$2.28 per dozen.

DOUBLE FRINGED PETUNIAS

Excellent bedding plants, producing immense blooms throughout the summer.

PINK BEAUTY—Large, clear pink. Double fringed.

MAJESTIC—Deep purple.

SNOW STORM—Pure white; double; extra fringed.

GEM—Variegated; white mottled crimson.

VESUVIUS—Very dark. Magenta.

ACHILLEA—Purple, mottled white.

DEICATA—Beautiful lavender.

Price, 15c each; 2 for 25c; \$1.00 per dozen, postpaid.

Salvia Splendens (Brilliant Scarlet). 15c

Acalypha Tricolor. 15 cents.

ACALYPHAS

Two Beautiful Foliage Plants for Summer Bedding.

ACALYPHA TRICOLOR—Beautiful red foliage, with blotches of crimson bronze. When planted in beds is equal to Coleus for an attractive bed. Price, 15 cents each; 3 for 45 cents; \$1.45 per dozen; 50 for \$5.50.

ACALYPHA MARGINATA—Dark bronze, with rose margined foliage. This variety equals the showiest varieties of Coleus in effect, and has besides a decided advantage over any Coleus; harder and not liable to wilt in hot and dry weather. Price, 15 cents each; 3 for 40 cents; \$1.45 per dozen.

Giant Flowering Hibiscus

Hibiscus Rosea Sinensis or Greenhouse Hibiscus is a summer flowering plant which always attracts attention, grows easily in ordinary soil and produces constantly single and double flowers of immense size. In the winter the plants can be kept by withholding water and keeping them in a temperature of about 50 degrees. Price, any variety, 15c each; 3 for 40c; \$1.45 per doz., postpaid; \$11.00 per hundred by express. Larger plants, 30c each; 2 for 50c; \$2.75 per dozen (by express only).

AURANTIACA—Beautiful double orange colored flowers.
COLLERII—Flowers buff-yellow, with crimson-scarlet base.
GRANDIFLORA—Rich scarlet-crimson; wonderful in size.
MINIATUS SEMI-PLENA—Bright vermilion-scarlet flowers.
PEACHBLOW—See illustration and description below.

Mr. R. B. S., Pittsburg, Penna.: "Shipment of flowers received O. K., and was very much pleased with same and specially with the manner in which they were packed."

Hardy Hibiscus - Mallows

The Hardy Hibiscus or Mallows are tall, free-flowering, perfectly hardy plants, with remarkably large and showy flowers. They make most valuable border plants, producing throughout long period enormous mammoth flowers from six to eight inches across. They are always very attractive when planted on banks of pools, or in combination with shrubs or other herbaceous plants. In round or oval beds they are as decorative as fountains. In most shrubbery they will, when in bloom, dominate everything on the grounds. We offer three different varieties, the well known variety with flowers white with crimson eye, and the newer variety with pink flowers, and the latest introduction with crimson flowers. The strong roots we offer will form very showy plants and flower abundantly the first season. Price, 15 cents each; 1.45 per dozen, postpaid; large two-year-old field plants, 25 cents each; \$2.75 per dozen, by express.

McGregor's Mammoth Bedding Verbenas. The best bedding plant we have to give us the National colors, red, white and blue.

Giant Flowering Hibiscus Peachblow. Grows easily and bears immense flowers of a charming rich pink.

Hibiscus, "Peachblow"

One of the finest plant novelties offered in recent years; flowers are double and from four to five inches in diameter; of a charming rich clear pink color, with a small, deep crimson center; an entirely new and most beautiful shade. Will give entire satisfaction to all who grow it, either in pots, or in the garden. 15c each; two for 25c; \$1.25 per dozen, postpaid; \$8.75 per hundred by express. Larger size, 30c; 2 for 50c; \$2.75 per dozen, by express.

Mammoth Verbenas

With the many varieties of improved Verbenas this plant is again taking the popular place which it held strongly some years ago. It easily keeps among our garden annuals. The clusters of showy flowers afford constant bloom from June until frost. The plants grow easily and surely and tops which fall over the ground will take root readily. 10c each; 3 for 25c; 25 for \$1.25. Separate colors of pink, white, variegated, blue, red and crimson, twenty plants for \$1.00, or \$5.00 per hundred.

Parlor Ivy

(Senecio Scandens).—A strong growing climbing vine, with bright green foliage. Especially suitable for indoor hanging baskets, boxes, trellis work or covering walls in conservatories. Price, 10c each; 3 for 25c, postpaid.

Cigar Plant

(Cuphea Platycentra).—Fine basket plant with scarlet, pendulous flowers; neat, compact habit. The plants are always in bloom when given proper care. It grows into a bushy plant about 15 inches high and makes an elegant appearance for baskets or bedding. Price, 10 cents each; 3 for 25 cents.

Cigar Plant.

Giant Flowered Alyssum

Double White.—Has large double flowers. Indispensable for borders because of its short, low growth, and covered with small, double, very sweet scented white flowers. 15c each; 3 for 40c.

Mr. C. N. W., Macon, Ga.: "I will take occasion to say that in an experience covering more or less business for over 34 years, I have found you thoroughly reliable, especially in the true-to-name item, your stock good and healthy, and your treatment of your customers just and courteous."

Superb Fancy-Leaved Caladiums

Among ornamental foliage plants there are none more beautiful in design or gorgeous in coloring than the Fancy-Leaved Caladiums. Of special value for pot culture, window and piazza boxes. Most of the varieties planted about June first in partially shaded borders succeed as bedders.

20c

Blanche Wise—Glossy white center, with large red spots, gray-white zone, green border.

Fred Bause—Rosy-carmine center, with green border, brilliant.

Hermione—Intensely vivid, rosy-red with metallic reflections. One among the most gorgeous of all red Caladiums.

Perle de Brazil—Pale pink with green ribs and veins.

Reine Victoria—Deep metallic, glossy green with blue reflections, densely spotted white, finally almost pure white; now and then a red spot.

Rossini—Center and ribs rich crimson; rich deep green ground, bright blood-red blotches.

Improved Fancy-Leaved Caladium

Special Offer

One each of the six varieties listed at 20c for 95c; two each of the six varieties listed at 20c each for \$1.70, postpaid.

Sansevieria

Snake Plant—A new decorative plant of great value. There is scarcely a decorative plant listed that is more striking in foliage and habit than this, and certainly none other stands as much downright neglect and hardship as this. Nothing but frost or continued drenching with water has terrors for it. It will stand gas and dust, and will go for months without a drop of water, yet remain as thrifty as ever. Singularly beautiful, as well as easily grown. Price, 15c each; three for 40c; 6 for 70c; \$1.35 per dozen, postpaid; larger size, 35c each; three for 75c; \$2.50 per dozen.

Oleander Rosea, 20c. Free flowering and quick growing; handsome when in bloom.

Popular Oleanders

Price, 20c each; or the set of four for 55c; 6 for \$1.05. Per dozen, purchaser's selection of varieties, \$1.85.

Oleanders need no introduction, as they are well known and decidedly popular. No plant makes more handsome specimens for veranda or yard. Free flowering and quick growers.

OLEANDER ROSEA—Has double pink flowers. The old favorite. Very sweet.

OLEANDER LILIAN HENDERSON—Double white flowers; fragrant like the old double pink.

OLEANDER RUBRA—Semi-double flowers; watermelon-red.

OLEANDER MME. PEYRE—Very double flowers; triple corolla; color pale flesh.

Lemon Verbena

Its pale green, delightfully scented foliage goes well with any flower. 15c each; 3 for 40c; \$1.25 per dozen.

Royal Purple Plant, 15c. Foliage of exquisite and brilliant coloring.

Royal Purple Plant

Strobilanthes Dyerianus—This plant undoubtedly become universally popular account of its brilliant and exquisite coloring, its extraordinary easy growth and usefulness as a decorative plant. It surpasses the finest Coleus, Begonia or Beronias, in the exquisite coloring of the leaves besides which the long racemes of lovely blossoms with which the plant is covered in winter, greatly enhance its value, beauty and usefulness. Price, 15c each; three for 40c; for 70c; \$1.35 per dozen, postpaid.

Hardy Creeping Myrtle

A comparatively common yet valuable plant for covering the ground in deepest shade, especially under trees. Hardy everywhere. Thrives best in moist, shaded locations. 15c each; 3 for 40c; \$1.50 per dozen.

Elephant's Ear

(*Caladium Esculentum*)—Very effective. The growth is very rapid, and the ground must be made rich. Watering in dry season will help develop large leaves. Bulbs can be stored in sand in winter and kept from year to year. Must be sent by express at purchaser's expense. Price, nice size bulbs, 15c each; 3 for 40c; larger size, 25c each; 3 for 60c. Extra large bulbs, 40c each; 3 for \$1.00.

COPYRIGHTED BY E. J. MCGEE

The Striking Decorative Plant, Sansevieria Zeylanica (Snake Plant) 15c each; larger plants 35c.

Caladium (Elephant's Ear), 15c, 25c, 40c

McGregor's Single Petunias

Single Petunias are unsurpassed for massing in beds and border planting. They also fine for basket, vase and window boxes. Their richness of color, duration of bloom and easy culture will always make them very popular. The plants bloom early and continue until nipped by the frost. Some of the modern improved varieties are very choice plants and one would scarcely believe that they represent the same species as the flowers of 25 years ago. Plants in mixed colors, from an exceptionally fine strain, at 10c each; 3 for 25c; 90c per dozen; \$5.00 per hundred.

Order Plant, Dusty Miller, 10c.

Achyranthes

Indispensable for bedding purposes either massing or ribboning. They are considered preferable for massing or ribbon lines.

McNALLY—Round, broad leaf; green streaked with yellow.

HERBSTH—Broad leaves, of rosy-carmine color. Price, 15c each, 3 for 40c.

Dusty Miller

(*Centaurea Gymnocarpa*)—Almost too well known for description. This is the Dusty Miller used for edging beds of Coleus, Geraniums, Cannas, etc. Leaves silvery-white. Price, 10c each; \$5.00 per 100; 25 at hundred rate.

Gregor's New Bedding Petunias The Unexcelled Bedding Plan

We have few bedding plants that can more continually or afford a wider variety of colors than the Lantanas. Grown in pots or tubs they are splendid specimen plants for the porch or lawn, and can be kept in a cellar during the winter. Price, 15c each; 3 for 40c; \$1.25 per doz.

BA PERFECTA—Pure white, compact habit.

CHAE SCHMIDT—Flowers fresh and sparkling; of a brilliant yellow, passing into a purple vermillion.

AND SULTAN—The best of the deep red varieties. A good grower.

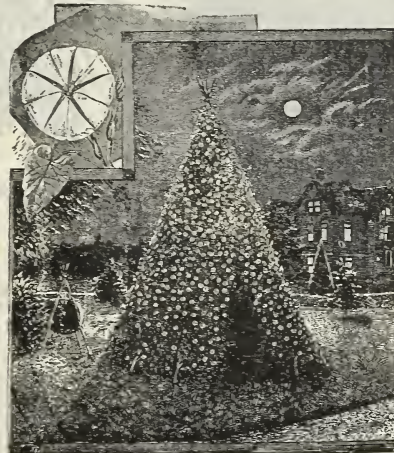

RORA—Flowers clear pink.

DIATION—Flowers crimson, changing to yellow at the center.

EPING LANTANA—The plant has the most graceful drooping habit, grows very rapidly and blooms continually, summer and winter. Price, 15 cents each; 3 for 40 cents.

Bedding Lantana, Grand Sultan, 15c.

Giant White Moonflower, Ipomea Maxima, 15c

Moon Vines

The White Moonflower

(*Ipomea Grandiflora*)—Wonderful annual climber. Grows rapidly, blooms profusely. Flowers immense, pure white, sweet-scented, five inches in diameter. 15c each; 2 for 25c.

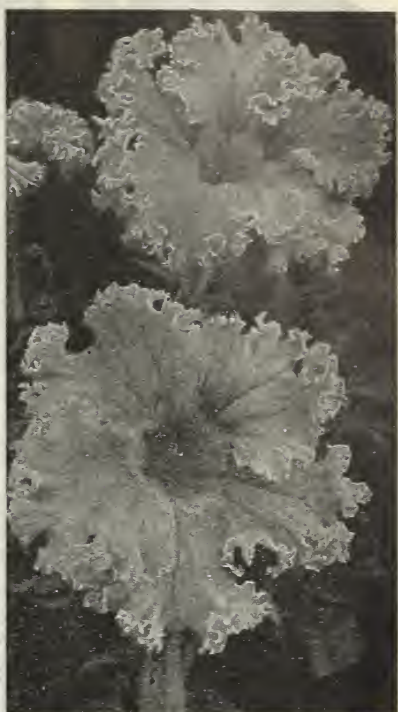

Blue Moonflower

(*Ipomea Learii*)—From Ceylon. A handsome, quick growing, spreading climber. Often flowers in bunches of a half dozen; the flowers are trumpet-shaped, about four inches across, of a rich violet-blue, with five purple rays. Grows about twenty-five feet in one season, and is a most attractive climber. 15c each; 2 for 25c.

Giant White Moonflower

"A Giant in Growth and Flowers, and Wonderfully Fragrant."

(*Ipomea Maxima*)—This grand new Moonflower is a decided improvement over the old standard variety *Ipomea Grandiflora*. The flowers are more than twice the size of the old variety, often measuring from six to seven and one-half inches across, and are produced in such wonderful profusion that they completely cover the vine with a veil of glistening white. Its growth is very rapid when planted in good, rich, light soil, there is nothing to equal it for porch and lattice shading. 15c each; 3 for 40c; \$1.25 per dozen.

Giant Single Petunias. Unsurpassed for bedding, porch boxes, and vases. Richly colored with long season of bloom.

Sweet Olive

(*Olea Fragrans*)—A fragrant house plant, similar to Camellia, and bears small clusters of delicate white flowers in great profusion during the fall and winter. Almost a continuous bloomer. Highly odoriferous both in foliage and flowers. The perfume of a single plant is sufficient to fill a conservatory or room. Nice plants at 35 cents and 50 cents.

Sultan's Balsam

IMPATIENS SULTANI—One of the most beautiful and free blooming bedding or house plants in cultivation. 15c each; 3 for 40 cents; \$1.25 per dozen.

IMPATIENS HOLSTII—Strong, robust grower; flowers brilliant vermillion color. 15c each; 3 for 40c; \$1.25 per dozen.

PINK BEAUTY—Grows strong and bushy, wonderfully free flowering; color clear rose-pink. 15c each; 3 for 40c; \$1.25 per dozen.

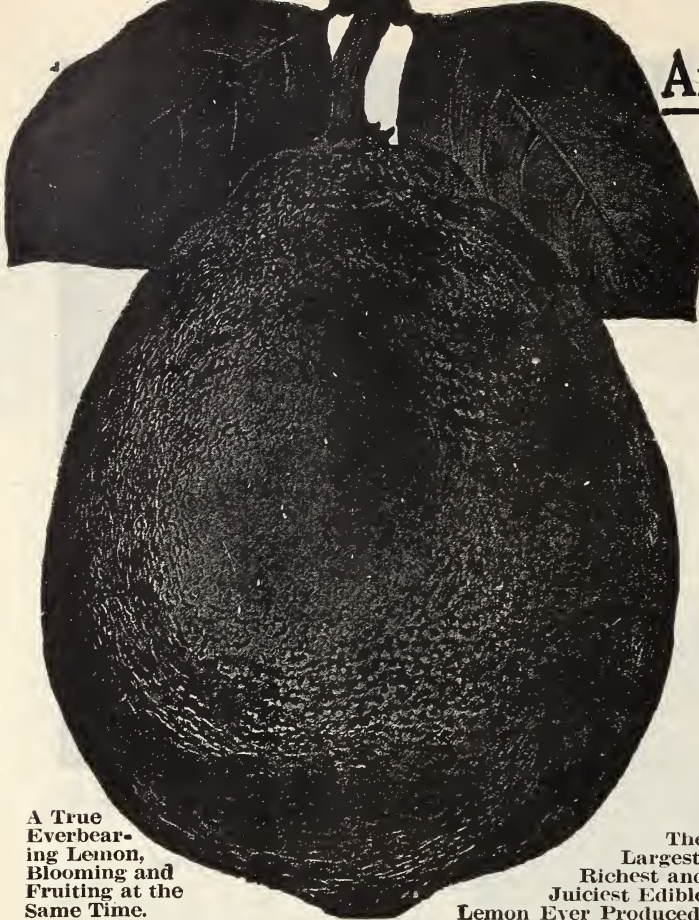

IMPATIENS SULTANI

American Wonder Lemon

Actual Weight of Fruit Two to Three Pounds

A true everbearing Lemon. The tree has fruit in all stages of development, from the size of a pea up to the ripe fruit, showing it to be a true everbearer. Fruit weighing over four pounds has been taken from a tree. The American Wonder Lemon far excels the ordinary Lemons for making pies. The plant is of very easy culture flowering and fruiting in ordinary good soil. Flowers are fragrant as orange blossoms, which they greatly resemble. The plant does best under heat and moisture. The growth can be pruned to any size or shape. In winter when the plant makes comparatively little growth the soil or potted plants should be kept rather on the dry side and the leaves and stems sponged weekly with a strong solution of ivory soap. Price, 15c each; 3 for 40c; larger plants, 25c each; 3 for 60c; extra large 2-year-old plants, 40c each; 3-year-old plants, 75c, by express only.

Fire Cracker Plant

RUSSELLIA ELEGANTIS-SIMA (Scarlet Fountain Plant)—A very striking and valuable new semi-trailing plant, especially adapted for hanging baskets, vases window boxes, etc., where a delicate and graceful effect is sought. The plant is of slender, arching, drooping habit, throwing out long, slender, branching spikes 2 to 3 feet long which droop gracefully and are literally covered with brilliant coral-red buds and flowers, the full size being three-fourths to seven-eighths inches long. It is a vast improvement over the old *Russelia*, being of much more vigorous habit and a more rapid grower. Price, 15 cents each; 3 for 40 cents; \$1.25 per dozen.

Fountain of Gold

(*Genista Canariensis*)—A beautiful Easter flowering plant. The drooping branches are covered with delicate sage-green foliage, and every twig tipped with a long raceme of exquisite pea-shaped blossoms of a pure canary color. 15c each; 2 for 25c.

Fountain of Gold (*Genista*), 15c.

Weeping Lantana

A New Weeping Plant of Great Beauty.

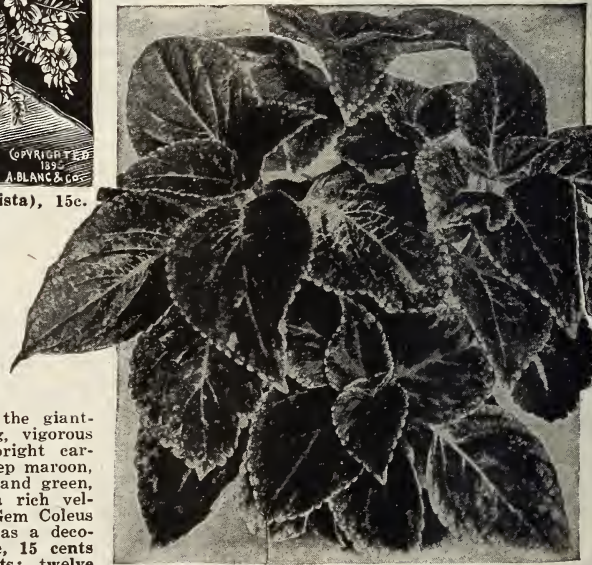

The plant has a most graceful, drooping habit, grows very rapidly and blooms continually summer and winter, producing large clusters of flowers of delicate lilac or rosy-pink. Foliage a beautiful dark green. We know of nothing of recent introduction that is so easily grown and gives so much satisfaction. Strong plants, 15c each; 3 for 40c; \$1.25 per dozen, postpaid.

Everblooming Weeping Lantana, 15c. for \$1.25, postpaid.

LARGE LEAVED FANCY COLEUS Christmas Gem

(Brilliance, or Doctor Ross)—Leaves immense, 8 to 12 inches long. The name aptly describes the appearance of this variety, which belongs to the giant-leaved section; of strong, vigorous habit. Leaves are of bright carmine shading off to a deep maroon, the margin being yellow and green, the whole leaf having a rich velvety luster. Christmas Gem Coleus is exceptionally striking as a decorative pot plant. Price, 15 cents each; three for 40 cents; twelve for \$1.25, postpaid.

Large-leaved Fancy Coleus, Christmas Gem, 15c.

Mr. C. L. Rosenberg, Texas: "The roots of the plants which I have received show careful attention during the growing period, and I find them all vigorous and strong."

New Fruiting Orange

Ornamental and Fruit-bearing. A dwarf growing edible Orange Blossoms and Fruits at the same time.

A grand pot plant, and one of great beauty and novelty. It is a dwarf Orange, which grows, blooms and fruits freely in pots, even when only a foot or two high. The fruit is about one-half the size of ordinary Oranges, and very sweet and delicious. The blossoms are produced in great abundance, delicate and beautiful in color and rich in delicious perfume. Price, 15 cents each; three for 40 cents; large size, 25 cents; three for 60 cents; fine specimen plants, 50 cents each; large plants, by express only, 75 cents.

The Comet Plant

ACALYPHA SANDERII—Leaves a dark green, from the axil of each which springs a long, drooping sprig of glowing crimson-scarlet, nearly 1 inch in diameter and from 18 to 24 inches long, very velvety in texture, reminding one of a long piece of brilliant chenille. Exceedingly curious and interesting novelty; unlike any decorative plant. The accompanying illustration gives a better idea of the formation of this plant than any description that we can give. This plant is never out of bloom. It is bound to have a large sale on account of its oddity and rarity. 15 cents; 3 for 50 cents; \$1.45 per dozen.

Comet Plant, Acalypha Sanderii, 15c.

Mrs. A. J. K., Sanger, N. D.: "The Fuchsias I received from you were just lovely, you could not even tell that they had been taken from the ground."

Mc Gregor's Giant
Flowered
Primula Obconica,
15 cents.

Giant Flowering Primroses

The greatly improved forms of Primrose of the present day bear little resemblance to the dull colored flowers of a few years ago. The flowers have become greatly enlarged, and the species offer a great range of colors—from white through all shades of rose and pink to a beautiful rich crimson, together with flowers of most striking yellow. All classes of Primroses are literally perpetual flowering, and the sprays are invaluable for cutting.

Improved Chinese Primroses

Price, any variety, nice plants, 10 cents each; 4 for 40 cents.

Mrs. W. H. T., Azusa, Calif.: "I have dealt with every reputable florist in the U. S., but have never received such splendid, large, thrifty plants, packed in such excellent shape."

HARDY AND ORNAMENTAL CLIMBING VINES

For house, porch, trellis, fence or screen. Climbing vines are as necessary to the comfort and beauty of a home as the trees and shrubs we plant about it. We offer a collection of the hardiest and best vines, those that have real merit and sterling worth.

LARGE FLOWERING CLEMATIS

Clematis require rich, deep soil, good drainage, abundance of water, and should be planted so that the crown of the root is three or four inches beneath the surface of the soil. The vines are of slender, wiry growth and require some support that they can twine around, like a rod, pole or wire, and if the location is somewhat moist and partially shaded, so much the better.

CLEMATIS JACKMANII—The best known variety, with large violet purple flowers, remarkable for their velvety richness. Extra strong plants, 50c; 3 for \$1.25.

CLEMATIS HENRYII—Fine large creamy white flowers, strong growing, and one of the best. Extra strong plants, 50c; 3 for \$1.25.

CLEMATIS MAD. EDOUARD ANDRE—A standard red Clematis, being the nearest approach to a scarlet yet produced. Extra strong plants, 50c; 3 for \$1.25.

DUCHESSE OF EDINBURG—A free flowering double white variety of medium sized flowers. Price, 50 cents; 3 for \$1.25.

The Tricolor Collection

One each of the beautiful Large-flowering Clematis, Ed. Andre, red; Henryii, white, and Jackmanii, blue; all good strong plants, mail, postpaid, the trio for \$1.25.

Beautiful, Hardy, Blue Wistaria

Produces Gracefully Drooping Clusters of Rich Violet Blue Flowers.

A vigorous, strong-growing vine, producing in early summer a great profusion of large clusters of lovely, rich, violet-blue flowers, deliciously sweet and exceedingly handsome. The foliage is exceedingly rich and attractive and not too dense—half concealing and half revealing the object which it covers, which feature admits of a fine artistic effect of detail. One of the very best climbing vines for verandas, balconies, second-floor fronts, etc. 20c; 3 for 50c; \$2.75 per doz. Larger plants, 40c; 3 for \$1.15.

Hardy White Wistaria

"Pure white Flowers, richly perfumed."

This differs from the Chinese only in color of flowers, which in this are pure white, forming a striking contrast. 20c; 3 for 50c. Larger plants, 40c each; 3 for \$1.15; \$4.25 per dozen.

SPECIAL OFFER: One each of the Hardy Wistaria, blue, and white, nice 1-year plants for 35c; heavier plants, the two for 75c.

Price, nice young plants, 15c each, 2 for 25c; 2-year plants, 25c each, 3 for 70c; 3-year plants, 35c each, 3 for \$1.00.

Hardy, Sweet-Scented Clematis Paniculata

The Most Beautiful and Satisfactory Vine Ever Offered.

This handsome hardy climber is one of the choicest and most satisfactory climbing flowering plants we grow. The plant is of strong, rapid growth, with small, dense, cheerful green foliage, giving it an elegance possessed by no other hardy climber, and even did it not flower at all, it would be one of our most desirable vines. The flowers appear in greatest profusion during August and continue late in the fall, are a creamy-white color, and most deliciously fragrant; will grow anywhere. The accompanying illustration is from a photograph and gives a very good idea of its great beauty when in bloom.

Price of Clematis Paniculata, good, strong plants, 15 cents each; 2 for 25 cents; \$1.50 per dozen; two-year-old plants, 25 cents each; 3 for 70 cents; \$2.50 per dozen, postpaid; extra size, three-year-old vines, 35 cents each; 3 for \$1.00; \$3.50 per dozen.

Magic Lily

Lycoris Squamigera or *Amaryllis Hallii*.

Lycoris Squamigera produces in early spring attractive green foliage which grows until July when it ripens off and disappears, and one not familiar with its habits would think the bulb had died, but about a month later, as if by magic, the flower stalks spring from the ground to a height of two or three feet, developing an umbel of large and beautiful lily-shaped flowers three to four inches across and from eight to twelve in number, of a delicate lilac-pink shaded with clear blue. As the bulb is perfectly hardy without any protection it can be planted either in the fall or spring. Cover the crown about four inches. Very useful for the border or among shrubbery. For twenty years this wonderful *Amaryllis* has been grown in one of the largest flower gardens of our country. But only until lately was the source of supply found in Japan from which large importations have been made, and with a large distribution over the country. The plant will become wonderfully popular. The illustration is a true photo of the flowers. Price, strong blooming bulbs, 40c; 3 for \$1.00; 12 for \$3.50.

The Wonderful Flower from the Cape of Good Hope.

Amaryllis Johnsonii, 35c, 50c.

Amaryllis Johnsonii

There is nothing more showy for a window garden plant than the *Amaryllis*; the plants produce under the simplest conditions one, two and even three spikes, which are crowned with from three to six blooms of intense crimson with a delicate white feather in each petal. The flowers last a long time. Keep plant well supplied with water when growing, taking care that ample drainage is provided. In the summer the plants should be plunged out of doors where they will be exposed to the full sunlight. Price, 35c; large bulbs, 50c each; 3 for \$1.25.

Excelsior Pearl Tuberoses

Grows about 18 inches high, blooms very early, matures perfectly, flowers pure white, large size, very double and intensely sweet. Fine, extra large, well-ripened bulbs, all sure to bloom, 10c each; 3 for 25c; 85c per dozen; 25 for \$1.50. Extra large bulbs, 15c each; 3 for 40c; \$1.00 per dozen; 25 for \$1.75.

Hyacinthus Candicans

This is unlike our spring-blooming *Hyacinths*. Its leaves are deep green, fleshy, resembling some of the *Yuccas*. The flowers are white, in handsome, pendulous bells arranged on pyramidal spikes. A strong bulb will give from two to three flower spikes and these produce from thirty to fifty flowers constantly from July till October. Price, 20c each; 3 for 50c.

Montbretias

Half-hardy Mexican plants which bloom abundantly from mid-summer till frost, and are most popular for cutting. Flower spikes are two feet in height and flowers are very showy with their bright shades of glowing colors. Should be grown in masses or in groups. In full flower from July until October. Price, 50c per dozen.

10 cents; per dozen 85 cents.

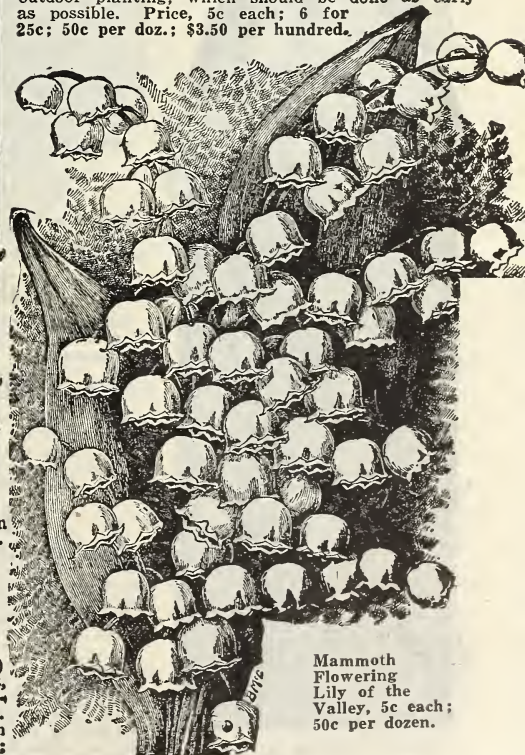

Scarlet Mexican Lily

Gorgeous Flowers of Dark Scarlet.

Amaryllis Formosissima (Jacobean Lily) —Gorgeous flowers of dark velvety scarlet, shading to maroon, and having a satiny white stripe in the center of each petal. Plant in sand and pebbles covered with water, or in soil. 15c each; 2 for 25c;

The Well-known Easter Lily, *Lilium Harrisii*—25c each.

Summer Flowering Callas

PLANTING INSTRUCTIONS—The varieties offered below succeed best when treated in the same manner as Gladiolus, Tuberose and other summer-flowering bulbs. They should be planted in the open border in a dormant condition when danger of frost is over in spring, and will then flower during the summer months. When the tops are killed by frost in the autumn dig and store through the winter as you would potatoes. Callas do equally well in pots. Supply drainage, fill base of pot with well-rotted manure and fairly light soil. When bulbs have been well started into growth give them a good mulch.

White Calla

(New Godfrey)—A wonderful improvement over the old White Calla. The plant is very bushy, having double as many leaves as the old variety, and producing three times as many flowers. Flowers are unusually large, held-high, and on stiff stems. After the summer growing season, the bulbs can be taken up in September, given a slight rest, and will flower through the winter. The same plant will grow and bloom for years and the quantity of flowers this variety will produce is astonishing. It is estimated that several plants of the old variety will not produce as many blooms in a single season as this more recent introduction. The blooms are of large size and of snowy whiteness. 20c each; 3 for 50c; 6 for \$1.15. Large bulbs, 40c each; 3 for \$1.00.

Yellow Calla

(Calla Hastata)—The flowers are clear lemon-yellow, produced freely on long stems. The foliage is deep rich green, and the plant is quite showy. It does well planted out-side, strong growing and blooming freely. This new variety is a genuine Calla and is cultivated the same as the Common White Calla. It has the habit of the more dwarf sorts by blooming when quite small. Treated as a summer flowering bulb it will bloom as well outdoors as within. 30c each; 3 for 80c; 6 for \$1.40; \$2.50 per dozen.

The Yellow Calla Hastata, 30c. Blooms both in and out of doors, beautiful lemon-yellow flowers. Strong growing, bloom freely; long stemmed.

The White Godfrey Calla, 20 cts. Wonderful improvement over the old White Calla; blooms of snowy whiteness.

Special Offer

One each of all the summer flowering Callas on this page for \$1.35 by mail, postpaid; \$1.15 by express.

Pink Calla

"Truly a Marvel of Beauty."

(Calla Rhemanni.) This Magnificent new Calla gives quite an attraction to the Calla family. While a number of the varieties are truly marvelous of beauty there is none more attractive than this Pink-Calla Rhemanni. The flowers are rich deep pink that are perfectly exquisite. The plant is of a strong and easy growth, blooming most freely. We offer it at a most moderate price. Fine flowering bulbs, 50c each; 3 for \$1.35.

Grand Improved Yellow Calla Elliottiana, 35 cents.

Spotted Calla

The Richardia Alba, or Spotted Calla, is a plant of magnificent appearance. The leaves are of the richest green, spotted with pure white. The flowers are white with delicate chocolate throat. 20c each; 3 for 50c; \$1.75 per dozen.

Orange-Yellow Calla

(Calla Elliottiana)—This is the great new yellow Calla of marvelous beauty. Flowers are very large, rich, deep orange-yellow, often four to five inches across the mouth, leaves are spotted with white. Handsome foliage, together with remarkable flowers. Large flowering bulbs, 35c each; 3 for 98c, postpaid; \$3.50 per dozen, by express.

Lemon Colored Calla

(Arata.) The flower being beautiful light yellow with a jet black center, very conspicuous and showy. Foliage large and handsome deep green freely spotted white. The variety makes a superb pot plant. Price, 35c; 3 for 90c.

The Calla thrives best in a temperature of about sixty, and after well started should have plenty of water with good drainage. Pot it in a rough soil and give the plant plenty of sun.

Pink Flowering Calla Rhemanni.

Flowers Deep Rich Pink.

The Beautiful Spotted Calla, 20c.

Choice Hardy Flowering Shrubs

Hydrangea Arborescens (Hills of Snow). One of the Most Valuable Shrubs Grown. 15c each.

Hydrangea Arborescens

Grandiflora Alba (Hills of Snow)—(Four to eight feet). This beautiful hardy American shrub is the finest addition to this class of plants found in many years. The blooms are very large, of pure snow-white color, resembling a little the hardy shrub so well known, the Snowball, in color and make-up, only they are much larger in size and much more striking. One of its most valuable features is its coming into bloom just after the passing of all the early spring shrubs, while its long season of bloom, from early in June through August, renders it a valuable plant not only to the florist, but to the owner of every garden. It is perfectly hardy, standing twenty degrees below zero. 15c each; 3 for 40c; \$1.45 per dozen. Strong plants, 25c each; 3 for 60c; \$2.40 per dozen. Strong field-grown plants, two and three years old, 50c and \$1.00 each, by express only. Plants priced at 50c each, \$5.00 per dozen. Plants priced at \$1.00 each, \$10.00 per dozen.

Sweet Scented Shrub

(Calycanthus Floridus)—(Grows 5 to 8 feet). Flowers in spring. An old favorite and well known for its strawberry-scented flowers. The flowers when fully open are about the size of a silver dollar, of a mahogany-brown color. Perfectly hardy. By express, 20c; 3 for 50c; \$1.90 per dozen; large field-grown plants, 40c each; 3 for \$1.00.

Spirea Van Houttei (Bridal Wreath). Not excelled by any shrub grown; exceptionally graceful in growth, wonderfully striking in flower. 20c and 40c.

Mrs. E. J. Gulfport, Miss.: "Ordered 55 plants and have not lost one, and broke the record by picking blooms from all of these one-year-old Roses just one month from the day they were set out."

Hardy Hydrangea

(Paniculata)—It attains a height of four to eight feet and is perfectly hardy in all parts of the country. The flowers are white, borne in immense pyramidal panicles nearly a foot in length. It commences flowering in July and continues until November. The plant should be cut back every spring at least one-half of the last season's growth, as the flowers are borne on new wood and are much finer when the plants are treated this way. This is the finest flowering shrub for cemetery planting we know of. See illustration. 15c each; 2 for 25c; \$1.40 per dozen, by express; large plants, 25c; 3 for 60c; \$2.40 per dozen; large field-grown plants, 50c each; 3 for \$1.15; \$3.75 per dozen.

The Ever-Blooming Butterfly Bush

THE SENSATIONAL DECIDUOUS SHRUB, *BUDDLEYA VARIABILIS MAGNIFICA*.

(Summer Lilac)—Free flowering. Blooms all summer. The Buddleya or Everblooming Butterfly Bush was one of the show plants of the San Francisco and San Diego Expositions.

It attracted unusual attention and was greatly admired by thousands. The Buddleya is a deciduous bush, dying down in the winter. In the spring the top should be cut off quite close to the ground. The blooms come from the new wood produced through the summer.

Buddleya is one of the most valuable plants either for the border or specimen planting, blooming as it does late in the season, and continuing in bloom from the latter part of June until nipped by frost. It is very rapid growing. It produces long, graceful stems which terminate in tapering panicles of beautiful lilac-colored flowers that are of miniature size and borne by the hundreds on a flower head which is frequently ten inches long. We recommend covering the roots with manure, leaves or other suitable material as winter approaches. One-year plants, 20c each; 3 for 50c; \$1.75 per dozen; strong 3-yr. heavy plants, by express, 40c each; 3 for \$1.00.

Bush Honeysuckle

(Upright)—(Grows 5 to 10 feet, flowers in spring). One of the most shapely ornamental hedge plants to be found. Blossoms followed by bright, shiny berries. The Bush Honeysuckles are among the very finest of shrubs. They are all hardy growers, thriving well in any good soil. Most of them do best in sunny situations and are in every respect handsome ornaments. Plant 15 to 18 inches apart. 20c each; 3 for 50c; \$1.90 per dozen. Large size, by express only, 40c each; 3 for \$1.00.

Always order Shrubs by express if possible, much larger plants can be sent.

POPULAR HARDY HEDGE PLANTS

Ibota Privet

"The Most Valuable of the Privet Family."

Of more spreading habit than the California, and the hardiest of all the varieties. Dense in growth, almost evergreen. Grows well in all soil. Trim as desired. Becoming more popular every year. Nice plants, 15 to 18 inches, 12c each; 6 for 40c; 5c per dozen; 25 for \$1.25; \$5.00 per 100; 18 to 24 inches, 15c each; 6 for 60c; \$1.00 per dozen; 25 for \$1.75; \$7.00 per 100; 24 to 30 inches, 20c each; 6 for \$1.10; \$1.80 per dozen; 25 for \$2.50; \$10.00 per 100; by express only. Plant six inches apart in single row; for heavier effect plant alternately six inches apart in double row. Instructions free.

California Privet Hedge

"Cheaper than Fences, by far more beautiful."

The most popular ornamental hedge plants. Its foliage is a rich, dark green, nearly evergreen, remaining on the plant until midwinter. Trim as desired. Price, nice plants, 15 to 18 in., about two branches, 10 cents each; 6 for 35 cents; 60 cents per dozen; 25 for \$1.00; \$4.00 per 100; 18 to 24 in., 12 cents each; 6 for 40 cents; 75 cents per dozen; 25 for \$1.25; \$5.00 per 100; 24 to 36 in., 25 for \$1.50; \$6.00 per 100. (Plant 6 inches apart in single row; for heavier effect, plant alternately six inches apart in double row. Instructions for planting free).

Japan Barberry

"Grows anywhere, branching gracefully; striking color."

Berberis Thunbergii.—Valuable for making a low, dwarf hedge. Can be trimmed as desired. Leaves change color in autumn to a fiery crimson. The hedge is made still more beautiful by great numbers of pretty drooping yellow flowers, which are followed by bright red berries. Our plants are grown from cuttings and are much more uniform in growth than seedlings. By express, 1-year field-grown, 20c each; \$2.00 per dozen; \$15.00 per 100. Larger plants, 2-year field-grown, 40c; \$3.50 per doz.; \$25.00 per 100. Plant 8 inches to 2 feet apart for hedges, and to 3 feet apart for screen and windbreaks.

Purple Barberry

"Foliage Striking Reddish-purple in Color."

The Purple Barberry is similar to California Privet in its upright growth, although more branching and more dense. It is unique in color and forms a striking contrast with greenery of other shrubs. Branches are thorny. Of gorgeous color in its autumn foliage. Can be clipped and trimmed as desired. Produces hedge of great density and durability. Price, 1-year plants, by express, 20c each; \$2.00 per doz.; \$15.00 per 100; larger plants, 2-year field-grown, 40c each; \$3.50 per doz.; \$25.00 per 100. Plant in single row 8 feet apart. For heavier effective planting, plant alternately 8 inches apart in double row.

NOTE.—The size and weight of Hedge Shrubs offered on this page will not allow them to be sent by mail. They must be forwarded by express.

Spirea Van Houttei

"Nothing More Showy or Beautiful."

One of our most beautiful free flowering shrubs and of inestimable value. Produces a profusion of flowers in earliest spring. Graceful in growth, forming compact bushes and of great hardiness. Thrives in practically any soil, though it may prefer a sunny exposure. Grows 4 to 7 feet high, and makes a beautiful ornamental flowering hedge or screen. The Spireas should be trimmed immediately after the blooming season. Plant in single row from 1 to 3 feet apart. One-year plants, by express, 20c each; \$2.00 per dozen; \$15.00 per 100. Larger plants, 2-year field-grown, 40c each; \$4.00 per doz.; 100, \$35.00.

Hydrangea Paniculata

"Immense White Flowers from July to November."

It attains a height of four to eight feet and is perfectly hardy in all parts of the country. The flowers are white, borne in immense pyramidal panicles nearly a foot in length. It commences flowering in July and continues until November. The plant should be cut back every spring at least one-half of the last season's growth, as the flowers are borne on new wood and are much finer when the plants are treated this way. Plant 10 to 15 inches apart in a single row. Nice plants, 15c each; 2 for 25c; 3 for 40c; \$1.40 per doz.; large plants, 25c; 3 for 60c; \$2.40 per doz; large field-grown plants, 50c each; 3 for \$1.15; \$3.75 per dozen.

Hardy Lilac

"Tall Growing and Valuable for Screens."

One of our best known and most beautiful flowering shrubs. Blooms early in May when spring flowers are welcome. Grows freely and makes an excellent hedge trimmed or if allowed to grow naturally. Unexcelled for a screen against fences or buildings or for defining property lines. We offer the most popular varieties, white and purple. Grows from four to eight feet high and should be planted in a single row, 2 to 3 feet apart. Price, strong 2-year plants, 40c each; 3 for \$1.00; \$3.50 per dozen.

Althea

"Beautiful Flowering Hedge Shrub."

A strong, erect growing shrub of the easiest culture. Unsurpassed by anything in the hardy shrub line. Grows freely and offers a wider range of color. Flowers from mid-summer until frost. Colors white, red, pink and blue, all double; also single pure white. Plant 10 to 15 inches apart in single row. By express, one-year field-grown plants, 20c each; \$2.00 per doz.; \$15.00 per 100. Larger plants, 2-year field-grown, 40c each; \$3.50 per dozen; \$25.00 per 100.

The above photograph is an illustration of Japanese Barberry (shows also the habit of growth of Ibota Privet). The plants should be set 8 to 12 inches apart in a single row, or planted in two rows (8 inches space between rows) setting plants alternately, and in such a double row plant about 16 inches apart. Barberry and Privet can be trimmed to any form desired.

Gorgeous PEONIES

(Grow 24 to 40 inches. Bloom May and June. Plant in full sun or partial shade.) There is quite a revival in the planting and demand for these old-time favorites. Their requirements are few. Give them a good, rich, deep soil and plenty of water and there will be bloom in abundance.

Hardy Ferns

(**For Shady Places**)—These graceful and universally popular plants are of easy culture and afford a wide range of possibilities. A shady nook, where the soil is moist and the drainage good, will prove an ideal location, especially if a liberal amount of leaf mold or woods earth is available; and better still if rocks and stumps may unite in breaking the monotony of the ground's surface. There are many places more or less shut out from the sunlight that may be converted into veritable beauty spots by clumps of Ferns of various kinds. 25c each; 3 for 60c; 6 for \$1.16; dozen, \$2.28 by express only.

McGregor's Improved Hardy Phlox

Price, nice 1-year field-grown plants, 20 cents each; 3 for cents; \$1.75 per dozen.

This notable family of hardy perennials is perhaps the most widely known and popular of all the various plants which we have in our gardens, and each year finds the newer and showier varieties increasing through the hybridizer's skill. Certain no perennial is more worthy of culture, more satisfactory every situation, or more effective, planted individually or groups. All colors in shades delicate and rich, with flower ringed, eyed and shaded. They succeed in good garden soil, but are greatly improved by being liberally manured. The strong plants we offer will flower freely next season.

ATHIS—A splendid deep salmon variety, producing wonderful heads of bloom.

ELIZABETH CAMPBELL—A variety being medium in height. Color bright salmon-pink with lighter shadings and a crimson eye.

RHEINLANDER—A dwarf variety. A beautiful salmon-pink with flowers and trusses of immense size. The color is magnified by a very decided eye of deep claret-red.

THOR—Dwarf in habit of growth. A most beautiful and live shade of deep salmon-pink, suffused and overlaid with a sealet glow and a light, almost white halo around its analine red eye.

B. COMTE—Of beautiful French purple with crimson-carmine shadings. Of medium height. A most popular Phlox.

BRIDESMAID—Massive white heads having a large crimson carmine center. One of the most attractive of the varieties.

ECLAIREUR—Brilliant rosy-magenta with a large lighter halo. An excellent tall variety.

OBERGARTNER WITTIG—The color of this attractive Phlox is bright magenta, with crimson-carmine eye. The mammoth flowers and trusses are of gorgeous color.

ROSENBERG—Bright reddish-violet with blood-red eye, large truss and individual flowers as large as a silver dollar.

R. P. STRUTHERS—One of the finest tall varieties. Rosy-carmine with a claret-red eye.

RYNSTROM—An improved form of the popular variety Paetheon. An excellent bedding or massing flower. Color beautiful rose.

VON LASSBURG—The purest white in cultivation; the individual flowers are larger than those of any other white.

MISS LINGARD—The favorite white flowering variety, coming into bloom early in May, flowering throughout the season.

Gold Medal Delphiniums or Large Flowering Larkspur.

The most attractive, bold and meritorious flower we have. The immense spikes of brilliant shades of blue produce the most striking effects in the flower garden.

Mrs. G. H. K., Elk Point, S. D.: "Let me express my thanks for the healthy plants you sent me. I never dreamed they would be so large."

McGREGOR'S SELECTED LAWN GRASS AND CLOVER SEED

McGregor's Special Mixture for the Lawn

A special mixture prepared and especially adapted for making new and renovating old lawns. A quart will sow 100 feet of new lawn or 400 feet of old lawn. After the seed is sown, the ground should be raked lightly then rolled with a roller. Price, 35c per quart, postpaid; by express, 25c per quart.

"Shady Nook" Lawn Grass

As this mixture is composed entirely of choice, clean seed of the finest and most costly grasses, it cannot be sold at so moderate a price as our regular lawn mixture. The best mixture obtainable for shady places. Price, 55 cents per quart, by mail, postpaid; 40 cents per quart, by express. One quart will plant a space 20 by 20 feet.

White Clover

White Clover is an excellent addition to lawn grass seed, and should be sown with it wherever a quick, short growth is needed; holds green and does not burn out so rapidly as grass. Should be sown with grass seed in the proportion of about one-third clover to two-thirds grass seed. Price, 60 cents per pint, postpaid; 90 cents per quart, by express.

McGregor's Catalogue is to the gardener what Spaulding's Catalogue is to the athlete, what Bullinger's Guide is to the traveler, and what Vogue is to the woman of fashion.

Flower Seed Novelties and Specialties

New Collarette Dahlias

A novel type of single Dahlia both interesting and beautiful. These daisy-like flowers come in many shades of soft rich colors, with an additional row of small petals around the disc, forming a frill or collar, which is of some light contrasting color. Very much admired. Price, 15 cents per packet.

New Dahlia, Giant Double

This is a new class of exceptional merit. The plants are of robust growth, and remarkable for the extraordinary large double flowers seven or eight inches in diameter, borne on rigid stems and varying in all colors known in Dahlias. Over two-thirds of the seedlings will produce double flowers. Price, 20 cents per packet.

New Double Peony Flowered Dahlia

A beautiful and very artistic style of flower with twisted and unopened petals, semi-double and of a variety of lovely colors. Very new and splendid. Price, 20c per packet.

New Colossal Flowered Dahlia

Flowers often measure six inches across. They are large and single with the broad petals twisted and curled in a most pleasing and regular manner. They are extremely free flowering; of sturdy growth, from four to five feet in height. The colors range from pure white, yellow, light pink, plum, scarlet and crimson, with all the intermediate shades, some flowers being flaked and splashed in tiny and exquisite combinations of colors. Price, 15c per packet.

Cardinal Climber

A most beautiful annual climber of rapid growth giving fern-like foliage and covered with a blaze of circular fiery scarlet flowers. Soak seeds and plant out when ground is warm to stay warm. Price, 15 cents per packet.

Agrostemma

An attractive free-flowering perennial of easy culture, producing glowing crimson flowers; silvery white foliage. Blooms the first season, fine for cutting. An excellent filler for fancy bouquets. 8 cents.

The New Wonderful Cardinal Climber.

Chinese Woolflower

(Celosia Childsi.) Is the most magnificent garden annual ever introduced. Its ease of culture and long continued season of bloom (early July until frost), together with its massive bunches of wool-like flowers and glowing color make it the showiest as well as the most odd and novel garden flower.

None of the blooms fade in any way until hit by frost, but all continue to expand and glow with a deepening richness of color, a deep crimson-scarlet. Flowers when cut in a fresh state and carefully dried retain their shape and brilliant color and are useful for winter decorating, like everlasting. Per packet, 12c.

New Begonia "Magnifica"

A splendid new variety with rich red bronze leaves and an abundance of lovely bright crimson flowers. Very striking as a pot plant or in beds. 20c per packet.

Pentstemon Grandiflorum "Excelsior"

As a bedding plant this is as easy to grow as Antirrhinums, Petunias, Phlox, etc. They form bushy plants about 3 feet high of pointed waxy-green leaves, each branch tipped with a long spike of many Gloxinia-like flowers. The flowers are two inches across, of gorgeous colors, from faint pink to rich scarlet, crimson and purple; with white throats. They are exceptionally beautiful and bloom throughout the summer and fall. Price, 20c per packet.

New Double Peony Flowered Dahlia.

Aquilegia - Columbine

New long-spurred Hybrids. Very large flowers with long graceful spurs in exquisite shades of violet, blue, lemon, rose-pink, lavender, etc. Heavy bloomers with tall branches of many flowers. Quite hardy. Price, 15 cents per packet.

New White Oriental Poppy

A Valuable Novelty Offered for the first time. This long-desired hardy Poppy is an important addition to the list of hardy perennials. It is a pure satiny white with a bold crimson blotch at the base of each petal. This new color forms a striking contrast to the old favorite scarlet Oriental Poppy, and will repay one for planting the seed if only part of them come true and are pure white, as is often the case with new hybrids. Price, 25 cents per packet.

New Early Blooming Moonflower, "Sky-Blue"

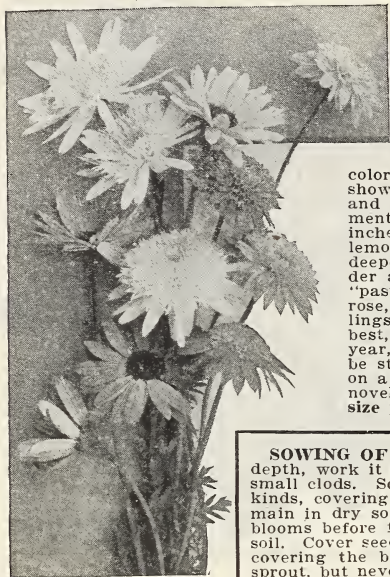

This variety blooms much earlier than the old varieties and consequently is desirable for the North as well as the South. The color is an exquisite sky-blue, with a start of rose color. Plant in the house in February, and set out in the open when all danger of frost is over. Price, 15c per packet.

Chinese Woolflower (Celosia Childsi).

Agrostemma—Rose Champion.

Flower Seed Novelties and Specialties

New Pyrethrum
(Oriental Daisy).

Pyrethrum

(ORIENTAL PINK DAISY.)

COMET FLOWERED ROSEUM—

These are handsome, hardy plants of easy culture, which are extremely free blooming. The flowers are large, from 2 to 3 inches across, in color ranging from purest white through flesh and rose to brilliant carmine and blood red. The petals are twisted or sometimes tangled together, forming flowers of an artistic fluffiness. Price, 20 cents per packet.

FINEST DOUBLE — Flowers a thick mass of narrow pointed petals and of great size. All shades of pink and red, also purest white. Easy to grow and blooms abundantly the second year. Fine for a hardy garden and to cut. Price, 20 cents per packet.

GOLDEN FEATHER PERFECT — A splendid edging plant having golden yellow finely cut leaves. Very dwarf, densely compact plants of feathery foliage. Splendid for edging canna beds, geranium beds, etc. Price, 10 cents per packet.

Double Flowering Baby's Breath

(*Gypsophila paniculata* fl. pl.) One of the most important hardy perennials of recent introduction. The plant grows from 3 to 3½ feet high, bearing its pretty little double white flowers in much-branched panicles, which, when cut, can be used to great advantage with other flowers or by themselves, as they retain their beauty for months. Price, 20 cents per packet. (See illustration, page 102.)

New "Marvelous" Double Petunias

It is well known that double Petunia seed produces only a part double flowers, the balance being singles of unusually fine quality. The weaker seedlings should be carefully saved, as these invariably produce the finest double flowers. Many of the flowers of Marvelous Petunias measure 5 inches across, none less than 3. The combinations of color are exceedingly strange and beautiful. Price, 25 cents per packet.

Giant California Petunias "Fluffy Ruffles"

Gigantic flowers, often 5 or more inches in diameter, embrace every conceivable shade of crimson, pink, lavender, purple, maroon, pure white, etc., with beautiful veining in the throat, while others have a velvety black one, so deep that it seems to show no veining; many are deeply lined and netted on a white, pink or lavender ground. Flowers are all beautifully ruffled and frilled. Price, 25 cents per packet.

New Hybrid Gladiolus

Flowers First Year From Seed

These new Gladiolus have created a sensation wherever shown. Amateur and professional growers alike agree that this distinct and new race is unique in habit. Many seedlings blooming freely the first year. The size of flowers remarkable, and of rare colors, shading and marking. At several horticultural shows these hybrids have been the center of attraction, and have been given medals as well as special honorable mentions. The flowers frequently measure four to five inches in diameter and range in colors from creamy-white, lemon, clear yellow, soft salmon-pink to bright red and deepest crimson, while there are also lovely light lavender and sky blue shades. There are also charming, rare "pastel" and art shades in wonderful combinations of rose, pink, salmon and amber. While most of the seedlings bloom the first year to see this glorious strain at its best, the corms should be held over and planted the second year, when the flower spikes and individual blossoms will be still larger in size. Frequently six to ten flowers open on a spike. All flower lovers should enjoy this wonderful novelty. Trial size, packet, 15c; 2 packets for 25c. Full size packet, 25c; 5 packets for \$1.00.

New Annual Gladiolus.

New Ageratums

CAPELLA—A splendid new Ageratum of vigorous bushy growth and abundant blooms which come in large round clusters of a lovely rosy salmon or pinkish buff. Price, 10 cents per packet.

LITTLE BLUE STAR—A variety of exceeding beauty, dwarf even growth; the tiny bushes, not over 5 inches high, are densely covered with bright blue flowers; a fine variety for edging. Price, 10 cents per packet.

Wonderful New Ageratum, Capella.

Transplanting of Seedlings

Do not allow the plants started in the boxes to grow too tall before transplanting. Care should be taken in watering seedlings well after planting and to protect from the sun for a few days.

Flowers from seed are usually known as annuals, biennials and perennials.

Annuals bloom and ripen seed the first year, and then perish. Biennials do not generally flower the first year, and are in perfection only one year.

Perennials continue to flower several years in succession. Many of them bloom the first year if sown early.

Giant California Petunia "Fluffy Ruffles."

McGregor's "Excelsior" ASTERS

FINE AMERICAN ASTERS

New "King" Asters

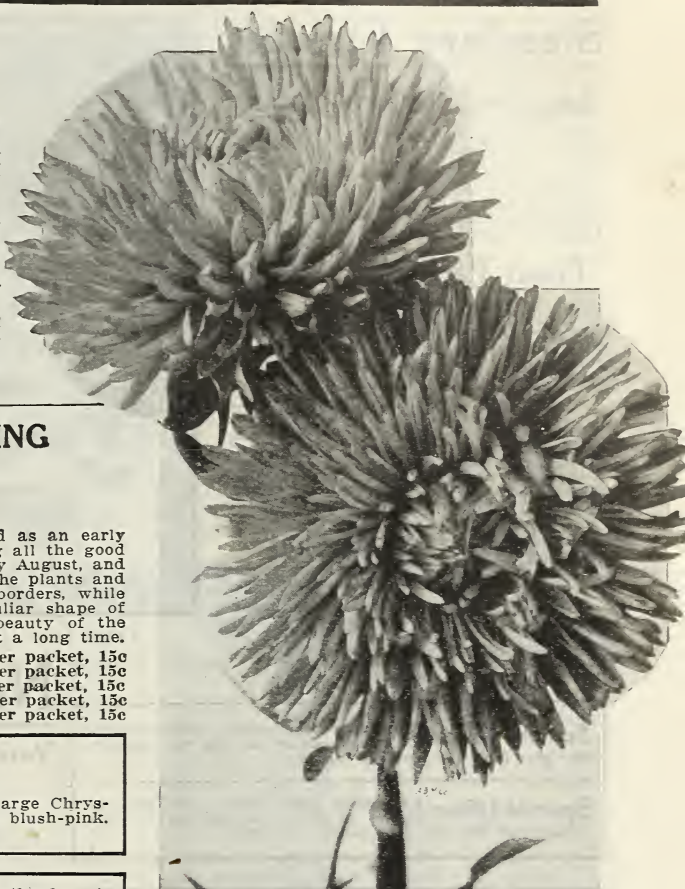

The "King" Asters form a distinct class or type and have many qualities to recommend them. They are of strong, sturdy habit, branching, growing fully 24 inches high, and bear through August and September very large double blossoms, the petals of which are more or less quilled. A very attractive flower. See illustration.

VIOLET KING—The immense flowers are a rich violet-purple. The flower is quite thick, with a full center which is usually twisted into a strong "whorl" in the freshly opened flowers. A vase of Violet King Asters is an object not only beautiful, but bold and striking. Per packet, 10c.

ROSE KING—Is a deep brilliant rose. It differs in color only from its famous parent, Violet King. Per pkt., 10c.

CRIMSON KING—The color is a full crimson, showing well under artificial light. Fine for cutting and bedding. 10c per packet.

KING ASTERS MIXED—A mixture of all shades of this splendid new type of Aster. Per pkt., 10c.

GRAND NEW EARLY BRANCHING

Royal Asters

A recently developed type that might briefly be described as an early flowering form of our Superb Late Branching variety, having all the good qualities of the latter, but coming into bloom in July or early August, and being in perfect condition for a long time. The habit of the plants and their free-flowering make them very desirable for beds or borders, while their long-stemmed flowers are ideal for cutting. The peculiar shape of the petals gives an effect of shading that enhances the beauty of the flower. The flower has a charming grace and remains perfect a long time.

LAVENDER—Soft lavender-violet Per packet, 15c

PURPLE—Rich, deep violet-purple Per packet, 15c

CH. ROSE—A bright color Per packet, 15c

WHITE—Purest white Per packet, 15c

MIXED—Containing all of the colors Per packet, 15c

PINK BEAUTY

A magnificent, strong, free flowering variety producing large Chrysanthemum-shaped blooms on long stems. Color delicate blush-pink. 5c per packet.

NOTICE: No Asters offered to the public are finer than the McGregor's Giant and Rochester offered on page 94.

Illustrating the type of the New King Asters. Branching habit; large double-quilled flowers.

NEW ASTERS FOR BORDERS AND BEDS

Imperial Asters

Mid-season varieties distinguished by their delicacy of coloring, their profusion of bloom and the extreme doubleness of their flowers. The vigorous plants are upright in growth and produce stems of good length. The large flowers are so double as to be veritable balls of bloom. They are especially adaptable for all kinds of bedding.

IMPERIAL BLUEBIRD—A bright, lively blue. The plants are covered with the rounded, full double flowers. 15c per packet.

IMPERIAL DAYBREAK—A grand variety, produces during August in profusion its perfect globe-shaped flowers, which are of a delicate pink tint, similar in shade to the Daybreak Carnation. 10c per packet.

IMPERIAL PURITY—In growth, height and free-flowering qualities like Daybreak, but the flowers are pure glistening white. Per packet, 10c.

IMPERIAL SALMON—A new color in Asters. A pale shade of pinkish-salmon. The freshly opened flowers are a most exquisite color. A color most desirable for florists. 15c per packet.

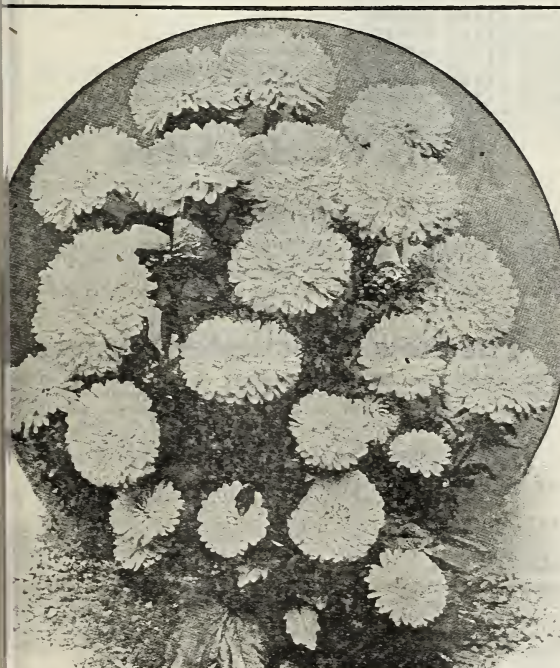

IMPERIAL YELLOW—A pale lemon-yellow, flushed with pink. The flowers of Imperial Yellow and Imperial Salmon are not so large as those of some of the Imperials; but they make up in rare and dainty coloring what they lack in size. 15c per packet.

IMPERIAL MIXTURE—A selected mixture of all varieties. Packet, 12c.

Astermum (a Glorified Aster)

This new and distinct Aster grows to a height of 18 to 24 inches, and yields ten or more flowers to each plant, on long, upright stems. The blooms are truly wonderful, being more like immense Chrysanthemums than the usual Asters—hence the name. The form of the flowers is like the long-petaled, fluffy Comet Aster, but is fuller in the center and very much larger, with a curl in the petals only in the newer Chrysanthemums.

MIXED ASTERMUM—Price, pkt., 20c; 3 for 50c.

Imperial Asters Especially Adapted for Bedding.

McGregor's "Excelsior" ASTERS

Standard Varieties

Improved Victoria Asters

A magnificent race of Asters, very popular for cut flowers. The flowers are very large and double, with beautiful reflexed petals and center erect, making a flower of great depth. These grow about 18 inches tall, bloom profusely in August, and have a wide range of color. Very fine mixed, 10c per packet.

Peony Perfection Asters

One of the finest strains, plants being 12 to 18 inches high, branching freely, and producing large, well shaped flowers with curved petals. A first-class mid-summer variety. Fine mixed, packet, 7c.

Giant Comet Asters

This is the most distinct type of Asters, of strong growth, attaining a height of 18 to 24 inches. The flowers are large with petals curving outward, resembling large Japanese Chrysanthemums, bloom in August. Fine mixed, 7c per packet.

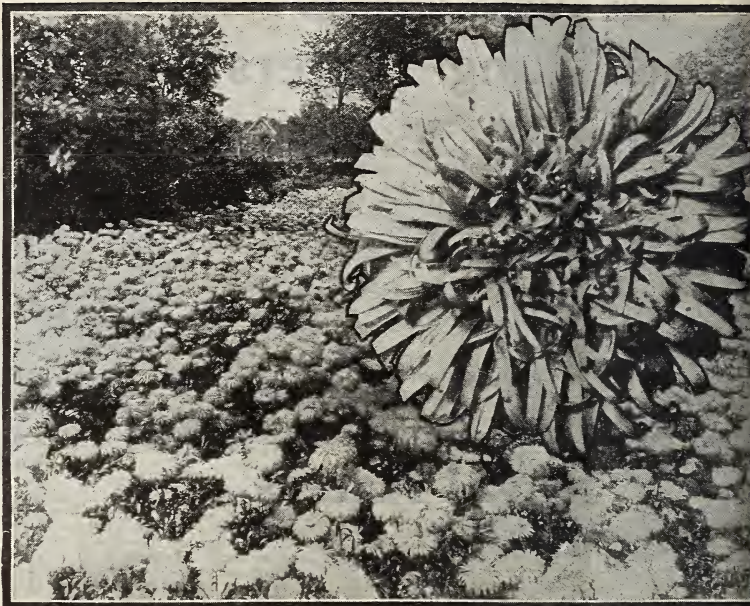

Queen of the Market

EARLY ASTER

The earliest flowering first-class Aster, coming into flower in July, or fully three weeks in advance of any others; of branching habit; flowers of good size, and borne on long stems, making them exceedingly valuable for cutting. Fine mixed, 7c per packet.

Special Offer Purchaser may select four varieties of Asters offered at 15c per packet, for 50c; four 15c packets for 50c.

Special Offer Purchaser may select any six varieties of Asters offered at 10c per packet for 50c; six 10c packets for 50c.

Early Wonder Asters

This is acknowledged the finest extra early Aster ever grown. Seed sown in open ground the first of April will bloom early in July, whereas, if sown earlier indoors and transplanted, bloom can be looked for in June. The flowers are of the Ostrich Plume type, very double and large. We offer the two colors.

EARLY WONDER WHITE—A most beautiful clear, glistening white; enormous size. 10c per packet.

EARLY WONDER PINK—An exquisite shade of light pink clear, soft and delicate. 10c per packet.

The New "Rochester" Asters

ROSE PINK ROCHESTER—Belongs to the Comet. Petals are narrow, very long, and gracefully reflexed. The outer petals show their full extent, while gradually toward the center they bend and curl across each other in such magnificent disorder as to make the fluffiest Aster we have ever seen. Color is an exquisite shade of rose-pink. Immense flowers 4 to 6 inches across. 15c per packet.

WHITE ROCHESTER—Of the same style as the Pink Rochester, but of purest white color, extremely large. Packet, 15c.

PURPLE ROCHESTER—The bloom of this new Aster is of surprising dimensions, often over five inches across, a wonderful fluffy mass of rich shade of deep purple. Very attractive. Packet, 15c.

LAVENDER ROCHESTER—These magnificent flowers are more double and more Chrysanthemum-like than the original Pink Rochester. The long narrow petals fall over each other in charming cascade of exquisite clear light lavender, forming wonderful shaggy mass which cannot be equaled for richness of effect. 15 cents per packet.

ROCHESTER ASTERS MIXED—A mixture of all shades of these splendid Asters. 20 cents per packet.

Magnificent Rochester Asters.

SPLENDID NEW ASTER

"Enchantress" (or America)

This is the same exquisite shade of light pink as the much-admired "America" Gladiolus and the "Enchantress" Carnation. It is a mid-season variety, and the form of flower, while loose, is compact. The inner petals are broad and fold in perfect circles, each petal overlapping the next. The outer petals gradually lose this trait until they stand out straight from the center. A splendid large flower on long stems, of glistening light pink. 15c per packet.

New American or Enchantress Aster.

NOTICE—See index for Vines page 105, index for Perennials page 97, and list of sweet or pot Herbs page 106.

NEW RED ASTER "Sensation"

This is the reddest of all red Asters, the color being a rich garnet or ox-blood red which glistens in the sunshine like a live coal. The plants are of free-branching habit, about 18 inches high, the very double, immense flowers are borne freely on stems a foot long from early in August until the close of September. The intense color shows up well when cut, and makes a very brilliant bit of color in a bed or border. 15c per packet.

Peerless Pink Aster.

Antirrhinum Giant Flowered.

Abutilon

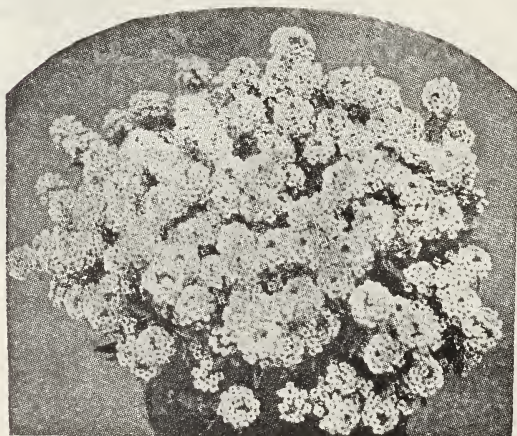

(FLOWERING MAPLE)

FINE MIXED—Elegant flowering perennial shrubs of strong growth and easy cultivation; free-flowering, with various colored, beautiful, drooping bell-shaped flowers, flowering indoors during the winter, and useful for bedding out in the summer. Sown indoors any time before April, they will produce plants that will flower outdoors the first season and indoors all winter. Mixed colors. Price, 15 cents per packet.

Sweet Alyssum

Indispensable plant for bordering beds, of short, low growth, and covered with small, double, very sweet-scented white flowers.

LITTLE GEM, or CARPET OF SNOW—The best of all the varieties. Price, 6 cents per packet.

Sweet Alyssum—Excellent Border Plant.

Giant American Malmaison Carnations

Flowers extra large, on long stems, colors brilliant and in great variety. As fine as the varieties grown in a greenhouse. Price, 15 cents per packet.

Chabaud's Fancy Everblooming

Raised by a famous French specialist. Blooms in 5 months after being sown, and continues to flower in the greatest profusion indefinitely. Immense double flowers on stiff upright stems, some fringed, some smooth edged, and all of wonderful sweetness and of rich, delicate and beautiful colors. Perfectly hardy. Per packet, 20 cents.

CASTOR OIL BEANS - Ricinus

This easily-grown plant is one of the most tropical looking and handsomest annuals known. From seeds planted in the spring when nights are warm and the trees out in leaf, plants will grow to at least 12 feet before frost. The leaves are very large, handsomely cut, and are often over 2 feet across; blossoms are born on tall spikes, and seed pods ornamental.

ZANZIBARENSIS—The handsomest, most tropical variety; leaves very large and of different colorings; make fine centers for Canna beds and are handsomely planted in rows to hide fences. Mixed sorts. Price, packet, 10 cents.

SANGUINEUS—Deep red stalks and leaves tinged on edges with bronze; scarlet seed pods; height about 6 feet; a fine variety to plant in front of the taller kinds. Price, pkt., 7c.

CASTOR OIL BEANS, MIXED—Price, 7 cents per packet.

CANNA

The Canna is one of our most ornamental plants, and is of very easy culture. Soak seed in warm water for a day or two. Plant one-half inch deep, in shallow boxes of rich soil early in spring; place in a warm, sunny window. When plants show two leaves transplant to pots; do not set out till nights are warm.

EXTRA FINE MIXED—This mixture consists of best seed of named sorts in all colors, scarlet, pink, yellow and variegated. Per packet, 10 cents.

Fragrant Carnations (1½ Size). Flowers double and of many colors.

CANDYTUFT

An excellent edging for beds or borders. The plants are covered with blossoms, and are of the easiest culture. Sow in the spring as soon as the soil can be properly worked.

ROSE PINK—A new Candytuft of very beautiful clear, bright pink; flower heads unusually large. Packet, 7c.

PURPLE—The richest dark shade; fine for borders or cutting and to edge Aster beds. Price, per packet, 7c.

- TWILIGHT**—The flowers are extra large and of full expanded form. Color faint salmon or buff tint, heavily suffused with a rosy-salmon. The three upper petals are beautifully veined with crimson. Price, 7 cents per packet, 18 cents per ounce.

Tall Ivy-Leaved Mixed

The plants are of running growth, with star-like pointed leaves of rich green, veined with white, resemble the foliage of hardy English Ivy. Flowers of medium size and distinct form. The petals are quite narrow and standing well apart present a striking star-like appearance. 10c per packet.

Tall Giant Flowered Mixed Extra for 1918

This mixture contains all the well known varieties of giant-flowered Nasturtiums, besides a number of charming new varieties. For extra crinkled petals, size of flowers and magnificence of color, nothing can surpass these. This mixture is absolutely unequalled. Price, 10 cents per packet; 20 cents per ounce; 60 cents per quarter pound.

Mixed Tall Variegated Queen

Leaves beautifully variegated with yellow, white and green and flowers of various colors, orange, yellow, scarlet crimson, mottled, etc. Both flowers and foliage attractive and charming; by some called the "Royal Nasturtiums." A great novelty. Price, 10 cents per packet; 20 cents per ounce.

McGregor's Mixed Tall Nasturtiums

Price, 7 cents per packet; 15 cents per ounce; 40 cents per quarter pound.

New Tall Nasturtiums

PRINCESS JULIANA—A splendid novelty from Holland. Foliage ivy leaf shape, of intense dark green. The magnificent, large notched, golden-orange flowers, with sharply-marked blotch of velvety red-brown, are extremely effective above the rich, dark foliage. Price, 15 cents per packet.

QUEEN WILHELMINA—Another novelty from Holland. Foliage beautiful variegated in green, yellow and white. Rich rosy-scarlet flowers with crimson veins in throat. The bright coloring contrasts well with the variegated foliage. A magnificent variety. Price, 15 cents per packet.

Dwarf Nasturtiums

These are dwarf, compact, rounded growth. Fine borders or mixed with foliage plants in ribbon beds. As with all Nasturtiums, they succeed best on light, well-drained soil or in slightly raised beds where any surplus moisture will rapidly drain away.

NEW DWARF "IVY LEAVED" NASTURTIUMS—The plant is a true dwarf in habit of growth, having deep green leaves of the distinct Ivy-shaped form; resembling English Ivy. This mixture contains all the varying shades of scarlets, yellows, rose, and all the different blotched varieties. Price, 10c per packet; 20c per ounce.

NEW DWARF VARIEGATED LEAVED QUEEN OF TOM THUMB—The light green leaves grow so closely together as to overlap each other, and each leaf is showily variegated or marbled with silvery-white. They produce rather small but rich purplish-crimson flowers. Price, 10 cents per packet; 30 cents per ounce.

NEW DWARF MIXED, BRILLIANT BEAUTIES—The plants are of strong, vigorous growth; the leaves on different plants range from pale green to a rich purplish tint. The flowers are wonderfully brilliant. In some flowers the texture is that of delicate silk or crepe, others have the gloss of satin, and still others are of a rich velvety appearance. Price, 10 cents per packet; 20 cents per ounce; 60 cents per quarter pound.

NEW DWARF GOLDEN-MIDNIGHT—One of the most beautiful novelties yet introduced. The contrast between the clear golden-yellow foliage and extremely dark flowers is most remarkable. The foliage is light yellow, while the flowers are such intensely deep maroon as to seem almost black—hence the name "Golden-Midnight." Price, 10 cents per packet; 25 cents per ounce.

New "Spencer" or "David Burpee" Dwarf Nasturtiums

The first of a new type of Nasturtiums, originating in Holland. Its very peculiar waved or fluted edged leaves of bright emerald-green are different and distinct from any other variety. The flowers are rich crimson-scarlet, golden yellow and variegated on long stems above the compact round bush. A splendid border plant. Price, 10 cents per packet; 30 cents per ounce.

McGREGOR'S MIXED DWARF NASTURTIUMS—Price 7 cents per packet, 15 cents per ounce, 40 cents per quarter pound.

McGregor's SUPERB PANSIES

New American Mastodon Pansies

Those who attended the Panama-Pacific Exposition in San Francisco in 1915 were amazed at the richness of coloring, wonderful size and abundance of bloom on the huge beds of Pansies. Nothing yet offered to the American flower lovers can equal these American grown Mastodon Pansies. Grown by an expert in the Northwest, they are unusually hardy, able to undergo the rigors of winter unprotected, where the ground does not freeze to a greater depth than eight or ten inches. We are fortunate in securing a quantity of the highest grade of Mastodon Mixed. Price, 25c per packet.

BLACK MASTODON—New, nearly all jet black; a few very dark purple and all velvety in substance and of immense size. Large Black Pansies are very rare. 20c per packet.

BRONZE MASTODON—New; very large. All the different shades from burnished brass to gold, wonderfully tinged with nearly every color known to Pansies. The most popular Pansy we have. Price, 20c per packet.

WHITE MASTODON—The finest and largest of pure white Pansies with rich, velvety, dark center or eye. 20c per pkt.

Fine Mixtures of Giant Pansies McGregor's Maxima Mixture

The finest mixture of Pansies yet produced. The flowers are all giant, exquisitely veined; shaded and blotched, embracing all the colors known in Pansies and many new shades. The variety is endless, so that in a large bed no two plants have flowers alike. Price, 25c per packet.

Giant French Pansies, Parisian Stained

Distinguished by their magnificent and varied colors and strong markings. There is usually a large "blotch" on each of the five petals, with a surrounding band of some strikingly contrasting color, over all of which is thrown a cobweb-like netting of yet another hue. Flowers mammoth. Price, 20c per packet.

New English Pansies, English Prize

The Pansy is continually being improved. This mixture is saved from the finest prize collection of Pansies in England. The size of flowers and brilliancy of coloring cannot be described. None are finer. Price, 20c per packet.

McGregor's New Mammoth Mixture

Our own mixture of the best varieties, and in it you will find every color, in flowers of good size and most prolific in bloom. Pkt., 10c.

Giant Germania Masterpiece, Ruffled

This strain comes nearer to "Double Pansies" than anything ever introduced under that name. Petals are crimped and curled in such a fashion that the flowers appear double. Flowers are often three inches across, and the colors are odd and striking. Price, 20c per packet.

Giant Trimardeau Pansies

Price, 12c per packet.

GIANT PANSY, Adonis—Beautiful lavender-blue with a white eye, surrounded by rays or blotches of rich, velvety purple.

GIANT PANSY, Prince Henry—A lovely large flower of rich royal blue, indispensable in a Pansy bed.

GIANT PINK PANSY, Bridesmaid—Exquisite rosy-white, blended with darker pink and having a darker spot in the center.

GIANT PANSY, Mme. Perret—Extra large flowers of great beauty and diversity of color, especially red, pink and wine shades.

GIANT PURE WHITE PANSY, Snow Queen—Petals large and full, of satiny texture and snowy whiteness; very desirable for cemetery planting.

Beautiful New Pansies

New Orchid-Flowered Pansies

This distinct beautiful new strain of Pansies will appeal to those who prefer delicate tints and soft shades of coloring. The flowers are of medium size as compared with those of the giant-flowered type, but of fine form, delicate texture and exquisite colorings in soft pastel shades. The plants flower freely and the soft beautiful colorings—including shades of chamails, terra cotta, pink, lilac, rose and orange—make a charming contrast. Price, 15c per packet.

New Bush Pansies, "Princess"

A class of Pansies which by its striking erect habit marks itself out as an entirely new departure. Remarkably hardy, standing erect under storm, heat or cold. Very free blooming and varied in color. Some blotched, some frilled and some self-colored. Remarkable for size and abundance of bloom, length of stem and bushy habit. Price, 20c per packet.

Hardy English Giant Polyanthus Primrose.

Primroses

The following varieties are of the easiest culture in greenhouse or light window of dwelling house, flowering abundantly and continuously with little care, and should be sown during the spring in good porous loam.

OBOCONICA GRANDIFLORA FRINGED—A profuse bloomer, bearing on long stems, heads containing ten to fifteen flowers. Pure white, shading to lilac, pink and lavender. Fine for winter house plants if seed is sown early in spring. Price, 15 cents per packet.

STELLATA—(The Star Primrose.) An unrivalled winter and spring flowering pot plant. Dark foliage, purple stems and large clusters of star-shaped blooms in blue, white, red or pink. Mixed. Price, 15 cents per packet.

LARGE-FLOWERING CHINESE PRIMROSES—The old favorite winter house plant. This seed will produce strong plants bearing abundantly plain or scalloped edged flowers in white, pink, crimson or lavender. Pkt., 15c.

FANCY FRINGED CHINESE—The newer varieties of giant-flowered Primroses embrace more varied tints of blue, pink, red and white, and have more deeply fluted and fringed edges. Price, 25 cents per packet.

GIANT POLYANTHUS PRIMROSES

(Hardy English Primroses.)

A magnificent strain of this perfectly hardy and easily-grown spring-flowering Primrose. Of strong, sturdy habit, and bearing immense trusses of large flowers on self-supporting stems 10 to 16 inches in length. Undoubtedly the finest strain in cultivation, containing all colors from purest white, yellow and orange to the richest crimson. Price, 25 cents per packet.

PETUNIAS

Petunias grow readily from seed, sown thinly, and lightly covered in boxes in the house in early spring and planted out when trees are out in full leaf. Save the smaller, weaker seedlings, as they produce the finest flowers. Sow common Petunias in open ground in early spring for bedding.

Single Bedding Petunias

BLOTCHED AND STRIPED—A fine strain, producing a great profusion of crimson and white flowers beautifully blotched, striped and marked. Flowers very large. Price, 7 cents per packet.

VENOSA, or VEINED VARIETIES—Flowers of delicate shade of pink and white veined from the throat to the edge of the petals and wavy lines of dark crimson. Price, 7 cents per packet.

PETUNIA, HOWARD'S NEW STAR—Most of the flowers show a large, distinct five-pointed white star on a bright crimson or purplish crimson ground. The plants begin to bloom early and flower profusely. Packet, 10c.

PETUNIA, ROSY MORN—Of compact growth, literally covered with flowers one and one-half inches in diameter. The throat is silvery white, while the edge is readily flushed with soft rose-pink. Price, 10c per pkt.

Giant Fringed Petunias

GIANT FRINGED SNOWSTORM—Flowers a glistening white, with deeply fringed and curled edges; the throat of the flower is a pale yellow, adding to its beauty. Immense flowers. Price, 15 cents per packet.

GIANT FRINGED MIRANDA—A very beautiful and rare Petunia. Immense flowers of brilliant scarlet, with a fringed edge of delicate rose; others brilliant carmine or rich pink with light edges. Very large and beautiful. Price, 20 cents per packet.

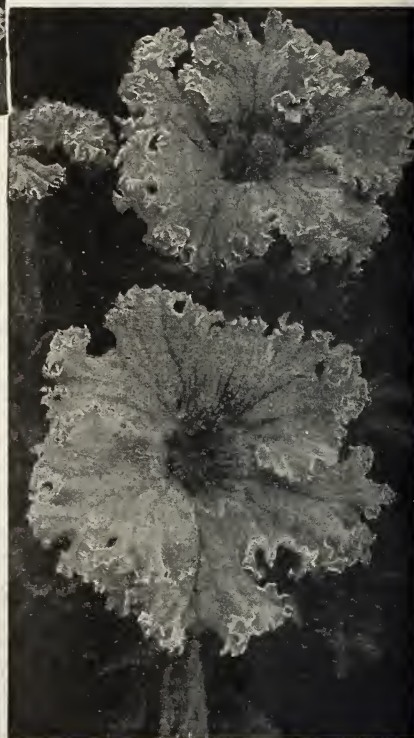

GIANT FRINGED TITANIA—Rich dark velvety purple with white edge. Wonderfully handsome and forming a beautiful contrast if planted with white, yellow or pale blue flowers. Price, 20 cents per packet.

CALIFORNIA GIANTS—Flowers often five or more inches in diameter, embrace every conceivable shade of crimson, pink, lavender, yellow, black, pure white, etc., with beautiful veining in the throat; wide colors. Price, 20 cents per packet.

GIANT ROSALIND—A lovely wide throat-ed, plain edged flower in light shades of rose or pink. Price, 20 cents per packet.

GIANT FRINGED MACULATA—A truly gigantic flower, beautifully blotched with rich purple, magenta or pink, with splendidly fluted and curled edges. Price, 15 cents per packet.

GIANT FRINGED MIXED—Flowers very large, in great variety of color, and with deeply fringed and ruffled edges. Price, 20 cents per packet.

Giant Fringed Single Bedding Petunias.

New Rudbeckia Purpurea—Purple Cone Flower.

Mammoth Flowering Oriental Poppy.

Splendid Spencer Sweet Pea

This new type of Sweet Pea is quite distinct from the old standard sorts. The flowers are enormous in size, usually over two inches across, with elaborately fluted wings and standard, and very delicately tinted. Bearing four of these immense blooms to a stem which is long and strong, they are truly all that could be desired Sweet Peas. Because of their great superiority many growers have dropped all the grandiflora varieties and grow only these greatly improved "Orchid-flowered" or true Spencer varieties.

Standard Varieties Spencer Sweet Peas

The following varieties have been tried and proven of unfailing excellence. Price, 10 cents per packet; 40 cents per ounce for any of the below eight varieties:

COUNTESS SPENCER—Soft rose-pink; outer edges deeper pink.

PRIMROSE SPENCER—Delicate soft yellow or primrose color.

OTHELLO SPENCER—The popular shade of deep maroon, very rich and unusual, immense flowers, much crinkled.

HELEN LEWIS—Rich orange with shadings of crimson.

WHITE SPENCER—Purest white. The largest and most beautiful.

BEATRICE SPENCER—Pink and white, tinted buff; exquisite.

KING EDWARD SPENCER—Superb rich carmine-scarlet; gigantic.

ASTA OHN—Soft lovely lavender; charming.

DOBBIE'S CREAM—Rich deep cream-yellow. Splendid sprays of four flowers each, extra large and fluted, waved. Exquisite when combined with lavender varieties.

MARIE CORELLI—The wings are pure rich rose-crimson, while the standard shows a tint of cherry-red clear, distinct and most beautiful.

DAINTY SPENCER—This exquisite novelty is a most beautiful pink-edged variety; the ground color is pure white with a distinct margin of rose-pink.

MARGARET MADISON—A most unique and distinct novelty this is absolutely new. It is the most delicate and definite light sky blue in existence and a color long sought for in Sweet Peas. Flowers are borne profusely.

AMERICA SPENCER—A noble flower. The ground color is ivory white, distinctly striped with bright crimson-red. Several flowers to a stem which are beautifully waved.

FLORENCE NIGHTINGALE—The color is of a most charming soft, clear rich lavender, which is enlivened by a very faint shade of rose-pink. The large well-spread wings are of the same coloring, frilled and well waved. It is practically self-colored a bunches beautifully, attracting universal admiration.

Special Offer One packet of each of the above six SPLENDID NEW SPENCER SWEET PEAS for 50c, 6 packets for 50 cents.

Novelty Spencer Sweet Peas

Price, 15c per packet, 50c per ounce for any of the below six Novelty Spencer Sweet Peas.

HERCULES—A magnificent soft rose-pink of truly giant proportions, undoubtedly the best pure pink. A flower of great substance, the broad spreading and beautifully waved standard frequently measures to a stem, of glistening, immaculate white. The flowers are truly gigantic, very broad and exquisitely waved.

KING WHITE—Undoubtedly the finest white in cultivation. A grand flower borne four to a stem, of glistening, immaculate white. The flowers are truly gigantic, very broad and exquisitely waved.

WEDGEWOOD—A beautiful novelty of a unique shade of lovely light blue. A color long sought for in Sweet Peas. The flowers are very large, splendidly waved and borne four to a stem on long stems.

ROYAL PURPLE—This undoubted novelty should be included in all first-class collections. It is distinct in every way and has created a sensation wherever exhibited. The color is a rich warm rosy-purple, the younger flowers having a slightly softer color tone. It is beautiful in all stages. The flowers are of immense size and usually produced in fours, while the stems are of great length.

ILLUMINATOR—Pronounced the most glorious Sweet Pea ever seen. A rich cerise-salmon with an indication of bright orange which scintillates and glistens under bright sun. Flowers four to a stem, beautifully waved and large.

VERMILION BRILLIANT—This is "the most brilliant, iridescent Spencer yet produced." The flowers are of perfect form. Bold, erect, well waved and fluted, of large size; intense pure scarlet, making a uniform self-color throughout and entirely sun-proof.

Nursery Department

CHOICE FRUITS AND FRUIT TREES

No Premiums

FRUITS NOT GIVEN AS PREMIUMS, AND NO PREMIUMS GIVEN ON FRUIT ORDERS.

Prices on Nursery Stock are placed low and we can not allow premiums on orders for Fruits or Fruit Trees.

The trees offered are young and thrifty and will make a very rapid growth and bear quickly. When fruit trees or shrubs are received, before they can be planted they may be safely kept a reasonable length of time by having the roots packed in boxes of moist soil and stored in a cool cellar or shed. It is important to order fruits early, that they may be planted out before the foliage starts.

When offered by mail, postage is paid by us; if by express or freight, charges are to be paid by purchaser; but larger stock will be sent.

SPECIAL NOTICE—As our Nursery is a separate and distinct department from our Greenhouses, it is necessary that all nursery stock be shipped direct from the Nursery.

Standard Strawberries

40 cents per dozen;
\$1.25 per 100; \$8.25 per 1,000.

HAVERLAND (P)—

Large, bright red, excellent flavor; vigorous

grower; ripens fruit evenly and early.

EXCELSIOR—Very early, making a mass of runners. Fruit is medium in size, bright red color, and rather too tart; otherwise is one of the best early strawberries which we grow. Very productive.

SENATOR DUNLAP—Large, bright red; firm, splendid keeper and shipper; excellent quality; one of the best.

WARFIELD—Fatty and productive; berries large and firm. Very dark color, best for canning.

GANDY—Large, firm berries, excellent long keeping and shipping variety.

New York Strawberry

Growth of plant is very large and stocky. Season, medium; color, dark scarlet, changing to crimson when fully ripe. Colors all over at once, no white or green tips. Usually perfect shape and very productive and firm; one of the best varieties for hill culture. Price, 55 cents per doz.; \$1.65 per 100; \$11.00 per 1,000.

Aroma

(Per.) One of the most popular late market varieties. A good plant and a good bearer of large, handsome fruit; bright red in color, uniform roundish heart shape; firm and of good quality. Somewhat resembles Gandy in appearance. A choice variety and reliable. Price, 55c per dozen; \$1.10 per 100; \$8.80 per 1,000.

Haverland Strawberry.

The Gibson strawberry is an ideal variety. Fruit large, rich red and juicy. The fruit stems are large and strong and the dark green foliage is an ample protection for the blossoms and fruit. Demands the highest price in any market.

The Gibson Strawberry

The Gibson (per.) commences to ripen with the Dunlap and continues well into the season of the later varieties, which is an indication of its strong vitality. The fruit stems are large and strong and the dark green foliage is an ample protection for the blossoms and fruit. It is a perfect blooming variety. The fruit is large and regular shape and continues large to the end of the season. In color it is a rich red all over, the meat also being red.

Taken altogether, the Gibson is an ideal variety of a size, shape and color capable of commanding the highest price in any market and of a sturdiness able to withstand the drawbacks peculiar to every section. Price, 55 cents per dozen, postpaid; \$1.10 per 100; \$8.25 per 1,000, by express.

Marie Strawberry

Equally as large as Bubach, Glen Mary or Brandywine. The berries are as round as a ball, dark crimson in color; flesh dark and quality first-class. Price, 55 cents per dozen, postpaid; \$1.10 per 100, by express; \$8.80 per 1,000.

Fall Bearing Strawberry Plants

Much has been written in the past few years about Fall Bearing Strawberries. To accommodate our customers we are growing the most productive varieties and can supply good strong plants. These varieties are very productive and will bear luscious fruit until killed by frost in October. For best results keep all bloom picked off in spring and do not allow them to bear regular crop in June. Our varieties are the best.

Mrs. L. H., New Athens, Ill.: "The Hydrangea received from you was a stronger and better plant than I have ever obtained from any other florist."

Luscious Blackberries

No garden is complete without a few rows of cultivated blackberries. They are sure croppers and bear abundantly of large, melting, juicy fruit that is hard to equal. No special attention required after once established except to keep down weeds and the canes cut back to four or five feet so the fruit can be easily gathered. Our list comprises the very best kinds.

The Loganberry

A hybrid between the Raspberry and the Blackberry. The fruit is as large as the

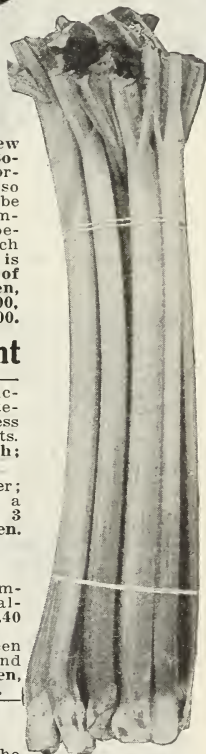

largest Blackberry, and is produced in immense clusters. The color is clear, dark red. It partakes of the flavor of both the Blackberry and the Raspberry—mild, pleasant, vinous flavor, delicious and peculiar to this berry alone. Seeds small, soft and few. Berries very firm, and carry well. Strong grower; enormous bearer. Fruit ripens early. Not hardy north of 40th parallel without protection. Price, 30c each; 3 for 75c; \$2.50 per dozen, by mail, postpaid.
